TURN/DAY

You are relatively inept at melee combat.	
<b>Shaky</b>	[ UA ]
You are relatively poor at ranged combat.	
<b>Human Racial Traits (Ex)</b>	[ PH ]
4 extra skill points at 1st level and 1 extra skill point at each additional level. 1 extra feat at 1st level.	
<b>Insectlike (Ex)</b>	[ My ]
Your wings resemble a Insect's	
<b>Iron Vulnerability (Ex)</b>	[ My ]
Iron and steel cause 1 point of damage to a mere touch. Iron or steel weapons deal +1d6 damage against you. If you have DR that would protect against this damage, it does apply (for instance, the damage from steel would be prevented by DR/Cold Iron)	
<b>Low-Light Vision (Ex)</b>	[ PH ]
You can see 2x as far as humans in low illumination. Characters with low-light vision have eyes that are so sensitive to light that they can see twice as far as normal in dim light. Low-light vision is color vision. A spellcaster with low-light vision can read a scroll as long as even the tiniest candle flame is next to her as a source of light. Characters with low-light vision can see outdoors on a moonlit night as well as they can during the day.	
<b>Naturally Psionic (Ex)</b>	[ XPH ]
A phrenic creature gains 1 bonus power point.	
<b>Normal</b>	[ PH ]
You are in good standing with your deity.	
<b>Psionic</b>	[ XPH ]
Total Power Points 1; Base Power Points 0; Bonus Power Points 1	
<b>Conceal Spellcasting</b>	[ CS ]
You can cast a spell without revealing that you are doing so. make a Sleight of Hand check as part of the action used to cast the spell, opposed by the Spot checks of onlookers. If you are successful, an observer can't tell that you're casting a spell.	
<b>Healing Hands</b>	[ CS ]
If you succeed on a Heal check made to stabilize a dying character, that character also heals 1d6 points of damage.	
<b>Collector of Stories</b>	[ CS ]
When you attempt a trained Knowledge check to identify a creature to learn its special powers or vulnerabilities, you gain a +5 competence bonus on the check.	
<b>Swift Concentration</b>	[ CS ]
You can maintain concentration on a spell or similar effect as a swift action.	
<b>Spells</b>	[ PH ]
A cleric casts divine spells. A cleric also gets one domain spell of each spell level he can cast, starting at 1st level. When a cleric prepares a spell in a domain spell slot, it must come from one of his two domains. Clerics do not acquire their spells from books or scrolls, nor do they prepare them through study. Instead, they meditate or pray for their spells, receiving them through their own strength of faith or as divine inspiration. Each cleric must choose a time at which he must spend 1 hour each day in quiet contemplation or supplication to regain his daily allotment of spells, and decide which ones to choose for that day. Time spent resting has no effect on whether a cleric can prepare spells.	
<b>Spontaneous Casting</b>	[ PH ]
You can channel stored spell energy into healing spells that you did not prepare ahead of time. You can "lose" any prepared spell that is not a domain spell in order to cast any cure spell of the same spell level or lower (a cure spell is any spell with "cure" in its name).	
<b>Turn or Rebuke Undead (Su)</b>	[ PH ]
Any cleric, regardless of alignment, has the power to affect undead creatures (such as skeletons, zombies, ghosts, and vampires) by channeling the power of his faith through his holy (or unholy) symbol (see Turn or Rebuke Undead, page 159). A good cleric can turn or destroy undead creatures. An evil cleric instead rebukes or commands such creatures., forcing them to cower in awe of his power. A cleric may attempt to turn undead a number of times per day equal to 3 + his Charisma modifier. A cleric with 5 or more ranks in Knowledge (religion) gets a +2 bonus on turning checks against undead.	
<b>Vernal Touch (Su)</b>	[ My ]
At will, spend a standard action and touch a creature. You remove all dazed, nauseated, fatigued, and exhausted conditions from the target. For indeed, this touch attack functions as Turn Undead used by a cleric two levels higher than your total level, affecting only the touched undead.	
<b>Weapon and Armor Proficiency</b>	[ PH ]
Clerics are proficient with all simple weapons, with all types of armor (light, medium, and heavy), and with shields (except tower shields).	

Feats	
<b>Acidic Splatter</b>	[ CM ]
As long as you have an acid spell of 2nd level or higher available to cast, you can throw an orb of acid as a ranged touch attack. The attack has a range of 5 feet per level of the highest-level acid spell you have available to cast and deals 1d6 points of damage per level of that acid spell. As a secondary benefit, you gain a +1 competence bonus to your caster level when casting acid spells.	
<b>Divine Metamagic (Reach Spell, Split Ray)</b>	[ CD ]
You can channel energy into some of your divine spells to make them more powerful.	
When you take this feat, choose a metamagic feat that you know. This feat applies only to that metamagic feat. As a free action, you can take the energy from turning or rebuking undead and use it to apply a metamagic feat to divine spells	

that you know. You must spend one turn or rebuke attempt, plus an additional attempt for each level increase in the metamagic feat you're using. For example, Jozan the cleric could sacrifice three turn attempts to empower a holy smite he's casting. Because you're using positive or negative energy to augment your spells, the spell slot for the spell doesn't change.	
<b>Reach Spell</b>	[ CD ]
You can cast touch spells without touching the spell recipient.	
You may cast a spell that normally has a range of touch at any distance up to 30 feet. The spell effectively becomes a ray, so you must succeed on a ranged touch attack to bestow the spell upon the recipient. A reach spell uses up a spell slot two levels higher than the spell's actual level.	
<b>Split Ray</b>	[ CAR ]
Your ray spells can affect an additional target.	
You can cause any ray spell to fire one additional ray beyond the number normally allowed. The additional ray requires a separate ranged touch attack roll to hit and deals damage as normal. It can be fired at the same target as the first ray or at a different target, but all rays must be aimed at targets within 30 feet of each other and fired simultaneously.	
<b>Summon Elemental</b>	[ CM ]
You can channel the summoning power you hold to briefly bring forth an elemental servant.	
As long as you have a summoning spell of 4th level or higher available to cast, you can summon a Small elemental (air, earth, fire, or water; your choice) within a range of 30 feet. The elemental acts as if summoned by a summon monster spell (PH 285). The duration of the summoning is equal to 1 round per level of the highest-level conjuration (summoning) spell you have available to cast. You can have only one summoned elemental from this feat at a time; if you use the ability a second time, the first elemental disappears. Also, you must remain close to the elemental you summon. If at the end of your turn you are more than 30 feet from the elemental, it disappears. If you have a conjuration (summoning) spell of 6th level or higher available to cast, you can summon a Medium elemental instead. If you have a conjuration (summoning) spell of 8th	
<b>Touch Of Healing</b>	[ CV ]
You can channel divine energy into healing with a touch.	
As long as you have a conjuration (healing) spell of 2nd level or higher available to cast, you can spend a standard action to touch a target creature and heal 3 points of damage per level of the highest-level conjuration (healing) spell you have available to cast. You can use this ability only on a target that has been reduced to one-half or fewer of its total hit points. The effect ends once you've healed the subject up to half its normal maximum hit points. This ability has no effect on creatures that can't be healed by cure spells. As a secondary benefit, you gain a +1 competence bonus to your caster level when casting conjuration (healing) spells.	
<b>Travel Devotion</b>	[ CV ]
You can move quickly around the battlefield.	
Once per day as a swift action, you can activate this ability to move up to your speed as a swift action each round. Thus, you can move your speed and then take a full-round action, or move and take two other actions (two move actions or one move action and one standard action). This effect lasts for 1 minute.	
Special: You cannot take a 5-foot step in the same round that you use this feat to move as a swift action.	
Special: You can select this feat multiple times, gaining one additional daily use each time you take it.	
Special: If you have the ability to turn or rebuke undead, you gain one additional daily use of this feat for each two daily turn or rebuke uses you expend.	

Domains	
<b>Air</b>	
Turn or destroy earth creatures as a good cleric turns undead. Rebuke, command, or bolster air creatures as an evil cleric rebukes undead. Use these abilities a total number of times per day equal to 3 + your Charisma modifier. This granted power is a supernatural ability	
<b>Earth</b>	
Turn or destroy air creatures as a good cleric turns undead. Rebuke, command, or bolster earth creatures as an evil cleric rebukes undead. Use these abilities a total number of times per day equal to 3 + your Charisma modifier. This granted power is a supernatural ability.

<b>[Au] TARGET:</b> You; <b>EFFECT:</b> You create an invisible mobile disk of force that hovers in front of you. The force screen provides a +4 shield bonus to Armor Class [which applies against incorporeal touch attacks, since the force screen is a force effect]. Since it hovers in front of you, the effect has no armor check penalty associated with it. Augment: For every 4 additional power points you spend, the shield bonus to Armor Class improves by 1. <b>[SR:No]</b>

You gain a +1 insight bonus to AC and on all saving throws. If caught in a situation where your Dexterity bonus isn't applied to your Armor Class, this bonus to AC and saving throws does not apply. Augment: You can augment this power in one or both of the following ways. 1. For every 3 additional power points you spend, the insight bonus gained increases by 1. 2. <b>[V, S] TARGET:</b> Object or objects with writing; <b>EFFECT:</b> You point at the writing and then move your hand as though holding a stylus or quill. As you intone the spell, the script appears on a sheet of paper close at hand. You cause writing from one source [such as a book] to be copied into a book, paper, or parchment. This spell copies 250 words per minute and creates a perfect duplicate of the original. The spell copies only nonmagical text, not illustrations or magical writings [such as the text of a spellbook, a spell scroll, or a sepia snake sigil]. If the target contains normal and magical writing [such as a letter with explosive runes], only the normal text is copied, leaving blank space in the copied text where the magical writing would be expected. Likewise, if the target contains text and illustration, only the text is copied. The spell triggers [but does not copy] writing-based magic traps in the material being copied. Blank paper, parchment, or a book must be provided for the spell to write upon. If the target has multiple pages, the spell automatically turns to the next blank page whenever necessary. If more pages in the target exist than blank pages are available, the spell copies the original until it runs out of blank pages. At any time during the spell's duration you can redirect the magic to copy from another target, copy onto a different blank source, or resume a duplication that was interrupted by a shortfall of blank pages. The spell does not translate the copied writing. If you do not understand the original, you have no additional ability to understand the copy. <b>[SR:Yes [object]; DC:18, Will negates [object]]</b>

<b>[V, S] TARGET:</b> Up to 24 gallons of water; <b>EFFECT:</b> This spell generates wholesome, drinkable water, just like clean rain water. Water can be created in an area as small as will actually contain the liquid, or in an area three times as large-possibly creating a downpour or filling many small receptacles. Note: Conjuration spells can't create substances or objects within a creature. Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds. <b>[SR:No]</b>

<b>[V, S] TARGET:</b> Cone-shaped emanation; <b>EFFECT:</b> You detect magical auras. The amount of information revealed depends on how long you study a particular area or subject. 1st Round: Presence or absence of magical auras. 2nd Round: Number of different magical auras and the power of the most potent aura. 3rd Round: The strength and location of each aura. If the items or creatures bearing the auras are in line of sight, you can make Spellcraft skill checks to determine the school of magic involved in each. [Make one check per aura; DC 15 + spell level, or 15 + half caster level for a nonspell effect.] Magical areas, multiple types of magic, or strong local magical emanations may distort or conceal weaker auras. Aura Strength: An aura's power depends on a spell's functioning spell level or an item's caster level. If an aura falls into more than one category, detect magic indicates the stronger of the two.  ----- Aura Power ----- Spell or Object  Faint  Moderate  Strong  Overwhelming Functioning spell [spell level]  3rd or lower  4th-6th  7th-9th  10th+ [deity-level] Magic item [caster level]  5th or lower  6th-11th  12th-20th  21st+ [artifact] Lingering Aura: A magical aura lingers after its original source dissipates [in the case of a spell] or is destroyed [in the case of a magic item]. Each round, you can turn to detect magic in a new area. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it. Detect magic can be made permanent with a permanency spell. <b>[SR:No]</b>					
<div><div></div><div>Detect Poison</div></div>	Divination [Water Shugenja]	1 standard action	Instantaneous	Close (55 ft.)	PH:p.219
<b>[V, S] TARGET:</b> One creature, one object, or a 5-ft. cube; <b>EFFECT:</b> You determine whether a creature, object, or area has been poisoned or is poisonous. You can determine the exact type of poison with a DC 20 Wisdom check. A character with the Craft [alchemy] skill may try a DC 20 Craft [alchemy] check if the Wisdom check fails, or may try the Craft [alchemy] check prior to the Wisdom check. The spell can penetrate barriers, but 1 foot of stone, 1 inch of common metal, a thin sheet of lead, or 3 feet of wood or dirt blocks it. <b>[SR:No]</b>					
<div><div></div><div>Disrupt Ectoplasm</div></div>	Necromancy [Ectomancy]	1 action	Instantaneous	Close (55 ft.)	GW:p.52
<b>[V, S] TARGET:</b> Ray; <b>EFFECT:</b> You direct a ray of energy that damages ectoplasm. You must make a ranged touch attack roll to hit, and if the ray hits a ghost or object made of ectoplasm, it deals 1d6 points of damage to it. This damage bypasses the hardness of ectoplasmic objects and the damage reduction of ectoplasmic creatures. <b>[SR:Yes]</b>					
<div><div></div><div>Guidance</div></div>	Divination [Air Shugenja]	1 standard action	1 minute or until discharged	Touch	PH:p.238
<b>[V, S] TARGET:</b> Creature touched; <b>EFFECT:</b> This spell imbues the subject with a touch of divine guidance. It must choose to use the bonus before making the roll to which it applies. <b>[SR:Yes; DC:18, Will negates (harmless)]</b>					
<div><div></div><div>Inflict Minor Wounds</div></div>	Necromancy	1 standard action	Instantaneous	Touch	PH:p.244
<b>[V, S] TARGET:</b> Creature touched; <b>EFFECT:</b> This spell functions like inflict light wounds, except that you deal 1 point of damage and a Will save negates the damage instead of halving it. <b>[SR:Yes; DC:18, Will negates]</b>					
<div><div></div><div>Light</div></div>	Evocation [Light, Fire Shugenja, Evocation I]	1 standard action	120 minutes [D]	Touch	PH:p.248
<b>[V, M/DF] TARGET:</b> Object touched; <b>EFFECT:</b> This spell causes an object to glow like a torch, shedding bright light in a 20-foot radius [and dim light for an additional 20 feet] from the point you touch. The effect is immobile, but it can be cast on a movable object. Light taken into an area of magical darkness does not function. A light spell [one with the light descriptor] counters and dispels a darkness spell [one with the darkness descriptor] of an equal or lower level. Arcane Material Component: A firefly or a piece of phosphorescent moss. <b>[SR:No]</b>					
<div><div></div><div>Mending</div></div>	Transmutation [Earth Shugenja]	1 standard action	Instantaneous	10 ft.	PH:p.253
<b>[V, S] TARGET:</b> One object of up to 1 lb.; <b>EFFECT:</b> Mending repairs small breaks or tears in objects [but not warps, such as might be caused by a warp wood spell]. It will weld broken metallic objects such as a ring, a chain link, a medallion, or a slender dagger, providing but one break exists. Ceramic or wooden objects with multiple breaks can be invisibly rejoined to be as strong as new. A hole in a leather sack or a wineskin is completely healed over by mending. The spell can repair a magic item, but the item's magical abilities are not restored. The spell cannot mend broken magic rods, staves, or wands, nor does it affect creatures [including constructs]. <b>[SR:Yes (harmless, object); DC:18, Will negates (harmless, object)]</b>

<b>[V, S] TARGET:</b> 12 cu. ft. of contaminated food and water; <b>EFFECT:</b> This spell makes spoiled, rotten, poisonous, or otherwise contaminated food and water pure and suitable for eating and drinking. This spell does not prevent subsequent natural decay or spoilage. Unholy water and similar food and drink of significance is spoiled by purify food and drink, but the spell has no effect on creatures of any type nor upon magic potions. Note: Water weighs about 8 pounds per gallon. One cubic foot of water contains roughly 8 gallons and weighs about 60 pounds. <b>[SR:Yes (object); DC:18, Will negates (object)]</b>					
<div><div></div><div>Read Magic</div></div>	Divination	1 standard action	120 minutes	Personal	PH:p.269
<b>[V, S] TARGET:</b> You; <b>EFFECT:</b> By means of read magic, you can decipher magical inscriptions on objects-books, scrolls, weapons, and the like-that would otherwise be unintelligible. This deciphering does not normally invoke the magic contained in the writing, although it may do so in the case of a cursed scroll. Furthermore, once the spell is cast and you have read the magical inscription, you are thereafter able to read that particular writing without recourse to the use of read magic. You can read at the rate of one page [250 words] per minute. The spell allows you to identify a glyph of warding with a DC 13 Spellcraft check, a greater glyph of warding with a DC 16 Spellcraft check, or any symbol spell with a Spellcraft check [DC 10 + spell level]. Read magic can be made permanent with a permanency spell. Focus: A clear crystal or mineral prism. <b>[SR:No]</b>

The spell also immediately stabilizes a creature that is dying as a result of such injuries. Styptic has no effect on injuries resulting from other types of damage, or on conditions that do not deal hit point damage. Material Component: A specially carved stick with a wax tip. <b>[SR:Yes (harmless); DC:18, Will Negates (harmless)]</b>					
<div><div></div><div>Summon Holy Symbol</div></div>	Conjuration (Summoning)	1 standard action	1 round/level [D]	0 ft.	CC:p.128
<b>[V, S] TARGET:</b> Small wooden holy symbol; <b>EFFECT:</b> You whisper a prayer to your deity, and his symbol appears in your hand. You conjure a small holy symbol, which you can then use to turn undead, or as a divine focus for spells, or for any other purpose that you would normally use one. The conjured holy symbol is made of wood and is neither magical nor particularly valuable. <b>[SR:No]</b>

A cure spell restores hit points normally but does not stop the bleeding. A stypic or heal spell both stops the bleeding and restores lost hit points as it normally would. Even extraordinary or supernatural sensory capabilities, such as blindsense, blindsight, scent, and tremorsense, cannot detect or locate warded creatures. Nonintelligent undead creatures are automatically affected and act as though the warded creatures are not there. An intelligent undead creature gets a single Will saving throw. If it fails, the subject can't see any of the warded creatures. However, if it has reason to believe unseen opponents are present, it can attempt to find or strike them. If a warded creature attempts to turn or command undead, touches an undead creature, or attacks any creature [even with a spell], the spell ends for all recipients. Cleric Spells					
Ice Gauntlet	Evocation [Cold]	1 standard action	1 minute/level [D]	Personal	SC:p.119
[V,DF] TARGET: You; <b>EFFECT:</b> You can attack with your fist in all respects as if you were wearing a +1 spiked gauntlet. The +1 spiked gauntlet deals normal damage for your size and 1d4 points of cold damage. Damage reduction applies to the ice gauntlet's normal damage, but it does not affect the cold damage. If you fail a saving throw against a fire effect, the ice gauntlet melts and the spell ends.					
Ice Slick	Conjuration (Creation) [Cold]	1 standard action	12 rounds [D]	Close (55 ft.)	Fr:p.100
[V,S,DF] TARGET: One 20-ft. square; <b>EFFECT:</b> Reduce movement to half and require save or creature falls. [SR:No; DC:19, See text]					
Impede	Enchantment (Compulsion)	1 standard action	1 round/level [D]	Medium (220 ft.)	CC:p.122
[V, S, DF] TARGET: One humanoid creature; <b>EFFECT:</b> Your will clamps down on the subject's mind, making the slightest movement a strenuous effort. This spell locks the subject in place. An affected creature is capable of taking actions, such as attacking or casting spells, but it cannot step from its current square [or squares, if it occupies more than one]. The subject also takes a -1 penalty on melee attack rolls and a -2 penalty on Reflex saves while so rooted. If the subject succeeds on the initial Will save, it suffers no ill effects and the spell ends immediately. If it fails the initial save, it can attempt a new Will save every round thereafter. Once the subject succeeds on one of these secondary saves, it can move, but its base speed is reduced by 10 feet [to a minimum of 5 feet] for the duration of the spell. If the subject has multiple.MODES of movement, each is reduced accordingly. If the subject is already under an effect that curtails its ability to move [such as slow or hold person], it also takes a -4 penalty to Dexterity for the duration of this spell, even if the other effect ends before this one does. [SR:Yes; DC:19, Will partial]					
Incite	Enchantment (Compulsion) [Mind-Affecting]	1 swift action	1 minute/level	Close (55 ft.)	SC:p.121
[V,S] TARGET: Creatures in a 10-ft. burst; <b>EFFECT:</b> Affected creatures are not allowed to delay or to ready an action. If a subject is currently delaying, it acts as soon as the spell is cast. If the subject currently has an action readied, it loses that action. [SR:Yes; DC:19, Will negates]					
Inflict Light Wounds	Necromancy	1 standard action	Instantaneous	Touch	PH:p.244
[V, S] TARGET: Creature touched; <b>EFFECT:</b> When laying your hand upon a creature, you channel negative energy that deals 1d8 points of damage +1 point per caster level [maximum +5]. Since undead are powered by negative energy, this spell cures such a creature of a like amount of damage, rather than harming it. [SR:Yes; DC:19, Will half]					
Inhibit	Enchantment (Compulsion) [Mind-Affecting]	1 standard action	Instantaneous	Medium (220 ft.)	SC:p.123
[V,S] TARGET: One creature; <b>EFFECT:</b> You inhibit your foe from acting. The subject is forced to delay until the following round, acting immediately before you on your initiative count. [SR:Yes; DC:19, Will negates]					
Invest Light Protection	Conjuration (Healing)	1 standard action	Instantaneous; see text	Touch	PH2:p.115
[V,S] TARGET: Creature touched; <b>EFFECT:</b> Living creature healed 1d4 +1 per two caster levels [max +3] and gains DR:1/evil for 1 minute. On failed save undead take an extra 1 points of damage from a weapon that overcomes DR/good. [SR:Yes (harmless); see text; DC:19, Will half (harmless); see text]					
Ironguts	Abjuration	1 standard action	10 minutes/level	Touch	SC:p.126
[V,S,M] TARGET: Creature touched; <b>EFFECT:</b> You enable a creature to better fight off the effect of poison. The subject is filled with antitoxin and gains a +5 elemental bonus on Fortitude saves against all kinds of poisons, whether injury, contact, ingestion, or inhalation. After the spell ends, the subject is nauseated for 1 round. Material Component: A vial containing the diluted poison of four different creatures. [SR:Yes; DC:19, Will negates]					
Lantern Light	Evocation [Good, Light]	1 standard action	1 round/level	Close (55 ft.)	BE:p.101
[S, Abstinence] TARGET: Ray; <b>EFFECT:</b> Rays of holy light flash from your eyes. You can fire 1 ray per 2 caster levels, but no more than 1 ray per round. You must succeed on a ranged touch attack to hit a target. The target takes 1d6 points of damage from each ray. Abstinence Component: You must abstain from sexual intercourse for 24 hours before casting this spell. [SR:Yes]					
Light of Lunia	Evocation [Good, Light]	1 standard action	10 minutes/level [D]	Medium (220 ft.)	SC:p.132
[V,S] TARGET: You and up to two rays; see text; <b>EFFECT:</b> The silvery radiance created by this spell emanates from you in a 30-foot radius, and dim light extends for an additional 30 feet. Beginning one turn after you cast this spell, you can choose to expend some or all of the light of Lunia as a ray of light. You must succeed on a ranged touch attack with the ray to strike a target. You can make a single ranged touch attack that deals 1d6 points of damage, or 2d6 points of damage against undead or evil outsiders, with a range of 30 feet. Spell resistance applies to this attack. This dims your silvery radiance to half 15. You can choose to fire one additional ray with the same characteristics either on the same round or on a subsequent round. Firing the second ray quenches your radiance and ends the spell. [SR:Yes; see text]					
Locate Water	Divination	1 standard action	Concentration, up to 120 minutes	Long (880 ft.)	Sa:p.117-118
[V,S,F,DF] TARGET: Cone-shaped emanation; <b>EFFECT:</b> See text. [SR:No]					
**Magic Stone	Transmutation [Earth Shugenja]	1 standard action	30 minutes or until discharged	Touch	PH:p.251
[V, S, DF] TARGET: Up to three pebbles touched; <b>EFFECT:</b> You transmute as many as three pebbles, which can be no larger than sling bullets, so that they strike with great force when thrown or slung. If hurled, they have a range increment of 20 feet. If slung, treat them as sling bullets [range increment 50 feet]. The spell gives them a +1 enhancement bonus on attack and damage rolls. The user of the stones makes a normal ranged attack. Each stone that hits deals 1d6+1 points of damage [including the spell's enhancement bonus], or 2d6+2 points against undead. [SR:Yes (harmless, object); DC:19, Will negates (harmless, object)]					
**Magic Stone	Transmutation [Earth Shugenja]	1 standard action	30 minutes or until discharged	Touch	PH:p.251

**Magic Weapon	Transmutation [WuJenMetal, Earth Shugen]	1 standard action	12 minutes	Touch	PH:p.251
[V, S, DF] TARGET: Weapon touched; <b>EFFECT:</b> Magic weapon gives a weapon a +1 enhancement bonus on attack and damage rolls. [An enhancement bonus does not stack with a masterwork weapon's +1 bonus on attack rolls.] You can't cast this spell on a natural weapon, such as an unarmed strike [instead, see magic fang]. A monk's unarmed strike is considered a weapon, and thus it can be enhanced by this spell. [SR:Yes (harmless, object); DC:19, Will negates (harmless, object)]					
Moon Lust	Illusion (Pattern) [Mind-Affecting]	1 standard action	1 round/level	Medium (220 ft.)	SC:p.143
[V,S,F] TARGET: Creature touched; <b>EFFECT:</b> This spell instills in the target an obsessive fascination with the moon. If the target fails its save, it fixates on the moon, staring at the moon or imagining it in its mind, and is considered fascinated for the duration of the spell. If the saving throw is successful, the subject is instead dazzled for the duration of the spell. Sightless creatures are not affected by this spell. Focus: A silver ingot worth 5 gp. [SR:Yes; DC:19, Will negates (harmless)]					
Nightshield	Abjuration	1 standard action	1 minute/level [D]	Personal	SC:p.148
[V,S] TARGET: You; <b>EFFECT:</b> This spell provides a +1 resistance bonus on saving throws; this resistance bonus increases to +2 at caster level 6th and +3 at caster level 9th. In addition, the spell negates magic missile attacks directed at you.					
Nimbus of Light	Evocation [Light]	1 standard action	1 minute/level or until discharged [D]	Personal	SC:p.148
[V,S,DF] TARGET: You; <b>EFFECT:</b> The nimbus of light around you glows like a lantern, providing bright illumination in a 30-foot radius [and shadowy illumination for an additional 30 feet] from you. As a move action, you can coalesce the energy from a nimbus of light around your outstretched arm, and then as a standard action fling it toward a foe within 30

evil creatures. Second, the barrier blocks any attempt to possess the warded creature [by a magic jar attack, for example] or to exercise mental control over the creature [including enchantment [charm] effects and enchantment [compulsion] effects that grant the caster ongoing control over the subject, such as dominate person]. The protection does not prevent such effects from targeting the protected creature, but it suppresses the effect for the duration of the protection from evil effect. If the protection from evil effect ends before the effect granting mental control does, the would-be controller would then be able to mentally command the controlled creature. Likewise, the barrier keeps out a possessing life force but does not expel one if it is in place before the spell is cast. This second effect works regardless of alignment. Third, the spell prevents bodily contact by summoned creatures. This causes the natural weapon attacks of such creatures to fail and the creatures to recoil if such attacks require touching the warded creature. Good summoned creatures are immune to this effect. The protection against contact by summoned creatures ends if the warded creature makes an attack against or tries to force the barrier against the blocked creature. Spell resistance can allow a creature to overcome this protection and touch the warded creature. Arcane Material Component: A little powdered silver with which you trace a 3-foot -diameter circle on the floor [or ground] around the creature to be warded. [SR:No; see text; DC:19, Will negates (harmless)]

☐☐☐☐☐	<b>Protection from Good</b>	<b>Abjuration [Evil, Antimagic Domain]</b>	1 standard action	12 minutes [D]	Touch	PH:p.266
[V, S, M/DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This spell functions like protection from evil, except that the deflection and resistance bonuses apply to attacks from good creatures, and good summoned creatures cannot touch the subject. [SR:No; see text; DC:19, Will negates (harmless)]						

☐☐☐☐☐	<b>Protection From Incarnum</b>	<b>Abjuration</b>	1 standard action	12 minutes [D]	Touch	MoI:p.104
[V, S] <b>TARGET:</b> One creature; <b>EFFECT:</b> You ward a creature from attacks by soulmelds and incarnum creatures. The spell forms a barrier at a distance of 1 foot around the warded creature. The barrier is normally invisible, but it flashes electric blue when struck by an incarnum creature's natural weapon attack or an effect generated by a soulmeld. While protected, the subject gains a +2 deflection bonus to Armor Class and a +2 resistance bonus on saves. Both of these bonuses apply only against natural weapon attacks made by incarnum creatures or effects created by soulmelds. A side effect of this spell is that it prevents the subject from gaining essentia, even if such an effect would be considered beneficial. Such effects automatically fail if targeted on the protected subject. [SR:No; see text; DC:19, Will negates (harmless)]						

☐☐☐☐☐	<b>Protection from Law</b>	<b>Abjuration [Chaotic, Antimagic Domain]</b>	1 standard action	12 minutes [D]	Touch	PH:p.266
[V, S, M/DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This spell functions like protection from evil, except that the deflection and resistance bonuses apply to attacks from lawful creatures, and lawful summoned creatures cannot touch the subject. [SR:No; see text; DC:19, Will negates (harmless)]						

☐☐☐☐☐	<b>Protection from Possession</b>	<b>Abjuration</b>	1 action	120 minutes	Touch	GW:p.57
[V, S, M/DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This spell wards a creature against mental control and possession attempts. The spell blocks any attempt to possess the warded creature [as by a magic jar attack or certain ghost feats] or to exercise mental control over the creature [as by a vampire's supernatural domination ability, which works similarly to dominate person]. The protection does not prevent a vampire's domination itself, but it prevents the vampire from mentally commanding the protected creature. If the protection from possession effect ends before the domination effect does, the vampire would then be able to mentally command the controlled creature. Likewise, the spell keeps out a possessing life force, but does not expel one if it is in place before the spell is cast. Arcane Material Component: A bit of powdered silver, which is used to mark the forehead of the target creature. [SR:No]						

☐☐☐☐☐	<b>Ray of Hope</b>	<b>Enchantment (Compulsion) [Good, Mind-Af]</b>	1 standard action	1 round/level	Close (55 ft.)	BE:p.105
[V, S] <b>TARGET:</b> One living creature; <b>EFFECT:</b> Powerful hope wells up in the subject, who gains a +2 morale bonus on saving throws, attack rolls, ability checks, and skill checks. Ray of hope counters and dispels sorrow [detailed in the Book of Vile Darkness]. [SR:Yes (harmless); DC:19, Will negates (harmless)]						

☐☐☐☐☐	<b>Ray of Resurgence</b>	<b>Evocation</b>	1 standard action	Instantaneous	Close (55 ft.)	LE:p.33
[V, S] <b>TARGET:</b> One creature; <b>EFFECT:</b> Yellow light restores 5 of Strength damage, negates penalties to Strength 5 and either converts exhaustion to fatigue or removes fatigue [SR:Yes (harmless); DC:19, Fortitude negates (harmless)]						

☐☐☐☐☐	<b>Reaving Aura</b>	<b>Necromancy [Evil]</b>	1 swift action	Instantaneous	10 ft.	CM:p.114
[V] <b>TARGET:</b> 10-ft.-radius emanation centered on you; <b>EFFECT:</b> All creatures below 0 hit points within 10 feet of you take 1 point of damage. [SR:Yes]						

☐☐☐☐☐	<b>Remove Fear</b>	<b>Abjuration [Water Shugenja]</b>	1 standard action	10 minutes; see text	Close (55 ft.)	PH:p.271
[V, S] <b>TARGET:</b> 4 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> You instill courage in the subject, granting it a +4 morale bonus against fear effects for 10 minutes. If the subject is under the influence of a fear effect when receiving the spell, that effect is suppressed for the duration of the spell. Remove fear counters and dispels cause fear. [SR:Yes (harmless); DC:19, Will negates (harmless)]						

☐☐☐☐☐	<b>Resist Planar Alignment</b>	<b>Abjuration</b>	1 standard action	1 round/level	Touch	SC:p.174
[V,S,DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This abjuration grants a creature limited protection from a plane's alignment traits [DMG 149]. When the subject visits a plane with an alignment trait, this spell grants it immunity to penalties on its Charisma-based checks that mildly aligned planes impose on visitors of opposed alignments. The Charisma-, Wisdom-, and Intelligence-based check penalties associated with strongly aligned planes are halved while the spell's duration lasts. [SR:Yes [harmless]; DC:19, Will negates [harmless]]						

☐☐☐☐☐	<b>Resurgence</b>	<b>Abjuration</b>	1 standard action	Instantaneous	Touch	SC:p.174
[V,S,DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> The subject of a resurgence spell can make a second attempt to save against an ongoing spell, spell-like ability, or supernatural ability, such as dominate person. If the subject of resurgence is affected by more than one ongoing magical effect, the subject chooses one of them to retry the save against. If the subject succeeds on the saving throw on the second attempt, the effect ends immediately. Resurgence never restores hit points or ability score damage, but it does eliminate any conditions such as shaken, fatigued, or nauseated that were caused by a spell, spell-like ability, or supernatural ability. If a spell, spell-like ability, or supernatural ability doesn't allow a save [such as power word stun], then resurgence won't help the subject recover. [SR:Yes [harmless]; DC:19, Will negates [harmless]]						

☐☐☐☐☐	<b>Sacrificial Skill</b>	<b>Enchantment [Evil]</b>	1 standard action	1 minute/level	Personal	BV:BoVD
[V, S, M] <b>TARGET:</b> you; <b>EFFECT:</b> Caster gains +5 bonus on Knowledge [Religion] checks made during sacrifice. [SR:No]						

☐☐☐☐☐	<b>Sanctuary</b>	<b>Abjuration [Earth Shugenja]</b>	1 standard action	12 rounds	Touch	PH:p.274
[V, S, DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> Any opponent attempting to strike or otherwise directly attack the warded creature, even with a targeted spell, must attempt a Will save. If the save succeeds, the opponent can attack normally and is unaffected by that casting of the spell. If the save fails, the opponent can't follow through with the attack, that part of its action is lost, and it can't directly attack the warded creature for the duration of the spell. Those not attempting to attack the subject remain unaffected. This spell does not prevent the warded creature from being attacked or affected by area or effect spells. The subject cannot attack without breaking the spell but may use nonattack spells or otherwise act. [SR:No; DC:19, Will negates]						

☐☐☐☐☐	<b>Scholar's Touch</b>	<b>Divination</b>	Standard Action	Concentration, up to 12 rounds	Personal	RD:p.167
[V,S,M,F] <b>TARGET:</b> One book/round; <b>EFFECT:</b> Absorb the contents of an entire book as if you had read it once. Not perfect recall and must be able to read the language. [SR:No]						

☐☐☐☐☐	<b>Shield of Faith</b>	<b>Abjuration [Earth Shugenja]</b>	1 standard action	12 minutes	Touch	PH:p.278
[V, S, M] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This spell creates a shimmering, magical field around the touched creature that averts attacks. The spell grants the subject a +2 deflection bonus to AC, with an additional +1 to the bonus for every six levels you have [maximum +5 deflection bonus at 18th level]. Material Component: A small parchment with a bit of holy text written upon it. [SR:Yes (harmless); DC:19, Will negates (harmless)]						

☐☐☐☐☐	<b>Shivering Touch, Lesser</b>	<b>Necromancy [Cold]</b>	1 standard action	12 rounds	Touch	Fr:p.104
[V,S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> Melee touch attack causes target to shiver uncontrollably and take 1d6 Dex damage. [SR:Yes]						

☐☐☐☐☐	<b>Sign</b>	<b>Enchantment (Compulsion) [Mind-Affecting]</b>	1 standard action	10 minutes/level or until discharged	Personal	SC:p.189
[V,S,M] <b>TARGET:</b> You; <b>EFFECT:</b> You get a +4 bonus on your next initiative check. Material Component: A small piece of dried goat intestine or some tea leaves.						

☐☐☐☐☐	<b>Slow Consumption</b>	<b>Necromancy [Evil]</b>	10 minutes	Permanent	Touch	BV:BoVD
[V, S, Location] <b>TARGET:</b> one living creature; <b>EFFECT:</b> Caster absorb health and sustenance from helpless subject.Location: an area under the effect of a Desecrate or Unhallow spell. [SR:Yes; DC:19, Fortitude negates]						

☐☐☐☐☐	<b>Snowshoes</b>	<b>Transmutation</b>	1 standard action	1 hour/level [D]	Touch	SC:p.194
[V,S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> The affected creature can walk lightly over ice and snow without having its speed reduced. The affected creature gains a 10-foot enhancement bonus to speed and is not required to make a Balance check or Reflex save to walk on ice and snow without slipping and falling, to avoid cracking ice it walks over, or to avoid falling through cracked ice. In addition, the affected creature does not leave a more readily discernible trail through ice and snow than it does on solid ground, denying trackers potential bonuses to follow the affected creature's path. [See Weather, DMG 93-95, and Cold Dangers, DMG 302, for more details on the effects of weather and ice.] [SR:Yes [harmless]; DC:19, Will negates [harmless]]						

☐☐☐☐☐	<b>Sorrow</b>	<b>Enchantment [Evil, Mind-Affecting]</b>	1 standard action	1 round/level	Close (55 ft.)	BV:BoVD
[V, S, M] <b>TARGET:</b> one living creature; <b>EFFECT:</b> Subject takes -3 penalty on attacks, saves and checks. [SR:Yes; DC:19, Will negates]						

☐☐☐☐☐	<b>Spell Flower</b>	<b>Transmutation</b>	1 standard action	1 round/level	Personal	SC:p.198
[V,S] <b>TARGET:</b> You; <b>EFFECT:</b> You are able to hold the charge for one touch spell per arm of your body as long as you don't use a changed limb to cast another spell or touch anything with it. Each touch spell you cast resides in a different forelimb. For the duration of this spell, any touch spells you cast are discharged only if you cast another spell with that forelimb or touch something with that forelimb. For example, a human sorcerer casts this spell, then casts chill touch and holds the charge in his left hand, then casts shocking grasp and holds the charge in his right hand. Because of the spell flower, he can hold the charge on both of these spells at the same time. If he casts another spell with a somatic component [which requires the use of one of his hands], he immediately loses one of his held touch spells [his choice], but if the spell he casts is also a touch spell, he can immediately hold the charge in the available hand. If he chooses to attack with a touch spell, it works normally. Since he has multiple limbs that are considered armed, he can make an off-hand attack with the other touch spell in the same round, with the normal penalties for fighting with two weapons [PH 160]. A marilith spellcaster could do the same as the sorcerer in the previous example, except that she could hold the charge on up to six touch spells. She could also use any of her spell-like or supernatural abilities, since those do not interfere with holding a charge. If the spell flower effect ends, the most recent touch spell cast remains as a held charge and all other held spells dissipate.						

☐☐☐☐☐	<b>Spider Hand</b>	<b>Transmutation</b>	1 standard action	Concentration, up to 1 minute/level	Personal	BV:BoVD
[V, S] <b>TARGET:</b> caster's land; <b>EFFECT:</b> Caster's hand becomes a small monstrous spider. [SR:No]						

☐☐☐☐☐	<b>Spittle Spray</b>	<b>Transmutation</b>	1 action	12 rounds	Personal	GW:p.58
[V, S] <b>TARGET:</b> You; <b>EFFECT:</b> You can spit out to close range 0. If you have a poison bite attack, this spell allows you to spit your poison out to this range. You make a ranged touch attack to hit your foe, and if you succeed, the target must make a saving throw against your poison as if it had been bitten. This spell is normally used by the yuan-ti and has no significant effect if used with normal spittle.						

☐☐☐☐☐	<b>Stupor</b>	<b>Enchantment [Mind-Affecting]</b>	1 minute	1 hour/level	Touch	BV:BoVD
[S, M] <b>TARGET:</b> one helpless creature; <b>EFFECT:</b> One helpless subject is put in a state that allows him to be moved but take no other action. [SR:Yes; DC:19, Fortitude negates]						

☐☐☐☐☐	<b>Summon Monster I (CL:13)</b>	<b>Conjuration (Summoning)</b>	1 round	13 rounds [D]	Close (55 ft.)	PH:p.285
[V, S, F/DF] <b>TARGET:</b> One summoned creature; <b>EFFECT:</b> This spell summons an extraplanar creature [typically an outsider, elemental, or magical beast native to another plane]. It appears where you designate and acts immediately, on your turn. It attacks your opponents to the best of its ability. If you can communicate with the creature, you can direct it not to attack, to attack particular enemies, or to perform other actions. The spell conjures one of the creatures from the 1st-level list on the accompanying Summon Monster table. You choose which kind of creature to summon, and you can change that choice each time you cast the spell. A summoned monster cannot summon or otherwise conjure another creature, nor can it use any teleportation or planar travel abilities. Creatures cannot be summoned into an environment that cannot support them. When you use a summoning spell to summon an air, chaotic, earth, evil, fire, good, lawful, or water creature, it is a spell of that type. Arcane Focus: A tiny bag and a small [not necessarily lit] candle. 1st Level List: Celestial: Dog, Owl, Giant Fire Beetle, Porpoise, Badger, Monkey, Fiendish: Dire Rat, Raven, Monstrous Centipede Medium, Monstrous Scorpion Small, Hawk, Monstrous Spider Small, Octopus, Snake Small Viper 1st Level List: Celestial: Dog, Owl, Giant Fire Beetle, Porpoise, Badger, Monkey, Fiendish: Dire Rat, Raven, Monstrous Centipede Medium, Monstrous Scorpion Small, Hawk, Monstrous Spider Small, Octopus, Snake Small Viper 2nd Level List: Celestial: Giant Bee, Giant Bombardier Beetle, Riding Dog, Eagle, Lemure [Devil], Fiendish: Squid, Wolf, Monstrous Centipede Large, Monstrous Scorpion Medium, Shark Medium, Monstrous Spider Medium, Snake Medium Viper [SR:No]						

☐☐☐☐☐	<b>Summon Undead I</b>	<b>Conjuration (Summoning) [Evil]</b>	1 round	1 round/level	Close (55 ft.)	SC:p.215
[V,S,F,DF] <b>TARGET:</b> One summoned creature; <b>EFFECT:</b> This spell functions like summon monster I [PH 285], except that you summon an undead creature. Summon undead I conjures one of the creatures from the 1st-level list in the accompanying sidebar. You choose which creature to summon, and you can change that choice each time you cast the spell. Summoned undead do not count toward the total Hit Dice of undead that you can control with animate dead or the other command undead abilities. No undead creature you summon can have more Hit Dice than your caster level +1. Focus: A tiny bag, a small [not lit] candle, and a carved bone from any humanoid. This spell functions like summon monster I [PH 285], except that you summon an undead creature. Summon undead I conjures one of the creatures from the 1st-level list in the accompanying sidebar. You choose which creature to summon, and you can change that choice each time you cast the spell. Summoned undead do not count toward the total Hit Dice of undead that you can control with animate dead or the other command undead abilities. No undead creature you summon can have more Hit Dice than your caster level +1. Focus: A tiny bag, a small [not lit] candle, and a carved bone from any humanoid. [SR:No]

## Cleric Spells

■■■■■ Talons	Transmutation	1 action	1 minute/level [D]	Personal	DC:sp.112
[V, S] TARGET: You; <b>EFFECT:</b> With this spell, you transform your hands into talonlike claws. The talons give you two natural claw attacks per round, dealing 1d6 points of slashing damage [plus Strength modifier] per successful melee attack. You can instead attack with a weapon in one hand, and make a claw attack with your other hand as a secondary attack [-5 on your attack roll, and half Strength modifier on the damage roll] without penalizing your primary attack. You are considered armed. [SR:Yes (harmless)]					
■■■■■ Tongue of Baalzebul	Transmutation [Evil]	1 round	1 hour/level	Personal	BV:BoVD
[V, S, M, Drug] TARGET: You; <b>EFFECT:</b> Caster gains +2 bonus on Bluff , Diplomacy and Gather Information. Drug: Mushroom powder [SR:No]					
■■■■■ Twilight Luck	Abjuration [Good]	1 standard action	1 minute/level	Touch	BE:p.110
[V, Abstinence] TARGET: One nonevil creature touched; <b>EFFECT:</b> By means of this spell, the caster can impart the luck of the fey to one nonevil being. The target gains a +1 luck bonus on all saving throws for the duration of the spell. Abstinence: The caster must refrain from imbibing alcohol for 3 days prior to casting this spell. [SR:Yes (harmless)]					
■■■■■ Updraft	Conjuration (Creation) [Air]	1 swift action	Instantaneous	Personal	SC:p.228
[V,S,M] TARGET: You; <b>EFFECT:</b> Updraft conjures forth rushing air that propels you upward. You gain 10 feet per level of altitude, and then gently float back down to the ground. At any point during your descent, you can move up to 5 feet laterally. Material Component: A miniature propeller or windmill.					
■■■■■ Vigor, Lesser	Conjuration (Healing)	1 standard action	10 rounds + 1 round/level [max 15]	Touch	SC:p.229
[V,S] TARGET: Living creature touched; <b>EFFECT:</b> The subject gains fast healing 1, enabling it to heal 1 hit point per round until the spell ends and automatically becoming stabilized if it begins dying from hit point loss during that time. Lesser vigor does not restore hit points lost from starvation, thirst, or suffocation, nor does it allow a creature to regrow or attach lost body parts. The effects of multiple vigor spells do not stack; only the highest-level effect applies. [SR:Yes (harmless); DC:19, Will negates (harmless)]					
■■■■■ Vision of Glory	Divination	1 standard action	1 minute or until discharged	Touch	SC:p.231
[V,S,DF] TARGET: Creature touched; <b>EFFECT:</b> You give the subject creature a brief vision of a divine entity that is giving it support and inspiring it to continue. The creature gets a morale bonus equal to your Charisma modifier on a single saving throw. It must choose to use the bonus before making the roll to which it applies. Using the bonus discharges the spell. [SR:Yes]					
■■■■■ Vision of Heaven	Enchantment [Mind-Affecting]	1 standard action	1 round	Close (55 ft.)	BE:p.111
[V] TARGET: One evil creature; <b>EFFECT:</b> Your words allow the target creature the merest glimpse of the blessed joy of the Seven Heavens, spurring the target to a moment of regret for its evil deeds. For 1 round, the target is dazed. In addition, the creature is more susceptible to future redemption. For the next 24 hours, the creature takes a -1 penalty on all Will saves related to redemption [see Chapter 2]. [SR:Yes; DC:19, Will negates]					
■■■■■ Vision of Punishment	Divination [Mind-Affecting, Good, Sanctify]	1 swift action	4 rounds	Close (55 ft.)	CV:59
[V,DF+] TARGET: One evil living creature; <b>EFFECT:</b> You give a target a vision of what awaits it in the afterlife. For most evil creatures this is a gut-wrenching vision. The target is nauseated if it fails its save, otherwise, it is sickened. The caster takes 1d2 points of Strength damage. [SR:Yes; DC:19, Will partial]					
■■■■■ Wings of the Sea	Transmutation	1 standard action	1 minute/level	Touch	SC:p.240
[S,M] TARGET: Creature touched; <b>EFFECT:</b> This spell increases the touched creature's swim speed by 30 feet. It has no effect on other modes of movement, nor does it give the subject a swim speed if it does not already have one. Material Component: A drop of water. [SR:Yes (harmless); DC:19, Touch negates (harmless)]					

LEVEL 2 / Per Day:6+1 / Caster Level:12

Name	School	Time	Duration	Range	Source
■■■■■Addiction	Enchantment	1 standard action	Instantaneous	Touch	BV:BoVD
[V, S, Drug] TARGET: one living creature; <b>EFFECT:</b> Subject becomes addicted to a drug. Drug:the chosen drug for the addiction. [SR:Yes; DC:20, Fortitude negates]					
■■■■■Adept Spirit	Divination [Incarnum]	1 standard action	12 hours or until discharged	Touch	Mo:p.98
[V, S, DF (E)] TARGET: Creature touched; <b>EFFECT:</b> You bestow the soul of a great ancient spellcaster on the creature touched, giving him great skill with magic. As an immediate action, the target creature can activate the adept spirit. While active, the spirit's wisdom and learning provide the recipient of the spell with a +1 insight bonus to caster level and a +2 insight bonus on Will saves, Concentration checks, Intelligence checks, and Intelligence- based skill checks. The adept spirit remains active for 1 minute, and then its power is expended and the spell ends. No creature can be the target of more than one adept spirit spell simultaneously. If a second is cast before the first has been discharged, the second spell dissipates to no effect. Essential: For every point of essentia you invest in this spell, the bonus on Will saves, Concentration checks, Intelligence checks, and Intelligencebased skill checks provided by the spirit improves by 1. [The bonus to caster level is not improved by essentia investment.] [SR:Yes (harmless); DC:20, Will negates (harmless)]					
■■■■■Aid	Enchantment (Compulsion) [Mind-Affecting]	1 standard action	12 minutes	Touch	PH:p.196
[V, S, DF] TARGET: Living creature touched; <b>EFFECT:</b> Aid grants the target a +1 morale bonus on attack rolls and saves against fear effects, plus temporary hit points equal to 1d8 + caster level [to a maximum of 1d8+10 temporary hit points at caster level 10th]. [SR:Yes (harmless)]					
■■■■■Align Weapon	Transmutation	1 standard action	12 minutes	Touch	PH:p.197
[V, S, DF] TARGET: Weapon touched or fifty projectiles [all of which must be in contact with each other at the time of casting]; <b>EFFECT:</b> Align weapon makes a weapon good, evil, lawful, or chaotic, as you choose. A weapon that is aligned can bypass the damage reduction of certain creatures. This spell has no effect on a weapon that already has an alignment. You can't cast this spell on a natural weapon, such as an unarmed strike. When you make a weapon good, evil, lawful, or chaotic, align weapon is a good, evil, lawful, or chaotic spell, respectively. [SR:Yes (harmless, object); DC:20, Will negates (harmless, object)]					
■■■■■Animalistic Power	Transmutation	1 standard action	1 minute/level	Touch	PH2:p.101
[V,S,M] TARGET: Creature touched; <b>EFFECT:</b> Subject is imbued with +2 to Strength, Dexterity and Constitution. [SR:Yes (harmless); DC:20, Will negates (harmless)]					
■■■■■Augury	Divination	1 minute	Instantaneous	Personal	PH:p.202
[V, S, M, F] TARGET: You; <b>EFFECT:</b> An augury can tell you whether a particular action will bring good or bad results for you in the immediate future. The base chance for receiving a meaningful reply is 70% + 1% per caster level, to a maximum of 90%; this roll is made secretly. A question may be so straightforward that a successful result is automatic, or so vague as to have no chance of success. If the augury succeeds, you get one of four results: . Weal [if the action will probably bring good results]. . Woe [for bad results]. . Weal and woe [for both]. . Nothing [for actions that don't have especially good or bad results]. If the spell fails, you get the "nothing" result. A cleric who gets the "nothing" result has no way to tell whether it was the consequence of a failed or successful augury. The augury can see into the future only about half an hour, so anything that might happen after that does not affect the result. Thus, the result might not take into account the long-term consequences of a contemplated action. All auguries cast by the same person about the same topic use the same dice result as the first casting. Material Component: Incense worth at least 25 gp. Focus: A set of marked sticks, bones, or similar tokens of at least 25 gp value. [SR:No]					
■■■■■Aura Against Flame	Abjuration	1 standard action	1 round/level	Personal	SC:p.18
[V,S] TARGET: You; <b>EFFECT:</b> You create an aura of blue mist that protects you against fire, absorbing the first 10 points of fire damage as a resist energy [fire] spell [PH 272]. In addition to the resist energy [fire] effect, the spell can be used to snuff out fires. Any nonmagical flame that the aura contacts is immediately extinguished if the flame's maximum damage is 10 or fewer points per round. This means that torches, small fires, and hurled alchemist's fire are snuffed out and cause no damage if used against you or if you touch them. You can use a standard action to touch an existing magical fire [such as a flaming sphere or a wall of fire] and attempt to dispel it as if using a dispel magic spell against it [use the caster level of aura against flame for the caster level check]. If you succeed, you take no damage from the touch and the magical fire and aura both vanish. If you fail, you take damage from the magical fire source normally [reduced by your aura against flame], and both spells remain. With a readied action, you can use the aura as a dispel magic effect to counterspell a magical fire attack against you. If successful, the spell is counterspelled and the aura disappears. If you fail the dispel check, or if the attack is not a fire attack, the aura remains.					
■■■■■Avoid Planar Effects	Abjuration	1 immediate action	1 minute/level	20 ft.	SC:p.19
[V] TARGET: One creature/level in a 20-ft. radius burst centered on you; <b>EFFECT:</b> You gain a temporary respite from the natural effects of a specific plane. These effects include extremes in temperature, lack of air, poisonous fumes, emanations of positive or negative energy, or other attributes of the plane itself [DMG 150]. Avoid planar effects provides protection from the 3d10 points of fire damage that characters normally take when on a plane with the fire-dominant trait. Avoid planar effects allows a character to breathe water on a waterdominant plane and ignore the threat of suffocation on an earth-dominant plane. A character protected by avoid planar effects can't be blinded by the energy of a major positive-dominant plane and automatically stops gaining temporary hit points when they equal the character's full normal hit point total. Negative-dominant planes don't deal damage or bestow negative levels to characters protected by avoid planar effects. In addition, some effects specific to a plane are negated by avoid planar effects. In the D&D cosmology, avoid planar effects negates the deafening effect of Pandemonium and the cold damage on the Cania layer of the Nine Hells. The DM can add additional protections for a cosmology he creates. If the campaign has an Elemental Plane of Cold, for example, avoid planar effects protects against the base cold damage dealt to everyone on the plane. The effects of gravity traits, alignment traits, and magic traits aren't negated by avoid planar effects, nor is the special entrapping trait of certain planes [such as Elysium and Hades]. The spell does not provide protection against creatures, native or otherwise, nor does it protect against spells, special abilities, or extreme and nonnatural formations within the plane. This spell allows you to survive on the Elemental Plane of Earth, for instance, but it won't protect you if you walk into a pool of magma on that same plane. [SR:Yes (harmless)]					
■■■■■Ayaila's Radiant Burst	Evocation [Good]	1 standard action	Instantaneous	60 ft.	BE:p.90
[V, S, Sacrifice] TARGET: Cone-shaped burst; <b>EFFECT:</b> Shards of heavenly light spray from your fingertips, blinding evil creatures in their path for 1 round. A successful Fortitude save negates the blindness. The luminous shards also sear the flesh of evil creatures, dealing 1d6 points of damage per two caster levels [maximum 5d6]. A successful Reflex save halves the damage, which is of divine origin. Sacrifice: 1d2 points of Strength damage. [SR:Yes; DC:20, Fortitude negates (blindness) and Reflex half (shards)]					
■■■■■Balor Nimbus	Transmutation	1 standard action	1 round/level	Personal	SC:p.24
[V,S,M/DF] TARGET: You; <b>EFFECT:</b> The flames created by this spell do not harm you or any equipment you carry or wear. Each round, the flames deal 6d6 points of fire damage to any creature grappling you [or any creature you grapple] on your turn. Arcane Material Component: A pinch of soot.					
■■■■■Bear's Endurance	Transmutation [WuJenEarth, Earth Shugen]	1 standard action	12 minutes	Touch	PH:p.203
[V, S, DF] TARGET: Creature touched; <b>EFFECT:</b> The affected creature gains greater vitality and stamina. The spell grants the subject a +4 enhancement bonus to Constitution, which adds the usual benefits to hit points, Fortitude saves, Constitution checks, and so forth. Hit points gained by a temporary increase in Constitution score are not temporary hit points. They go away when the subject's Constitution drops back to normal. They are not lost first as temporary hit points are. [SR:Yes; DC:20, Will negates (harmless)]					
■■■■■Benediction	Abjuration	1 full round	10 minutes/level or until discharged	Touch	CC:p.116
[V, S, DF] TARGET: Creature touched; <b>EFFECT:</b> You grant your comrade the luck of the gods. With this spell, you can grant another creature a +2 luck bonus on all saving throws. If the subject is also under another effect that grants saving throw bonuses, the effects stack. In addition, at any point before the duration expires, the subject can choose to reroll a single attack roll, saving throw, skill check, or ability check after seeing the result of the initial roll, but before finding out whether it succeeds or fails. The higher of the two rolls applies. Once this option is exercised, the spell ends immediately. Unlike most touch spells, benediction cannot be used on yourself. Its effects are for the benefit of others only. [SR:Yes (harmless); DC:20, Will negates (harmless)]					
■■■■■Bewildering Substitution	Illusion (Phantasm)	1 standard action	1 round/level	Close (55 ft.)	CC:p.116
[V, S, DF] TARGET: One living creature; <b>EFFECT:</b> You channel the mockery of the trickster deities to sow disorientation among your opponents. By casting this spell, you cause the subject to believe that one ally and one enemy have traded places. The ally physically closest to the subject now seems to have the appearance, voice, clothing, and gear of its nearest enemy, and that enemy looks and sounds exactly like the subject's nearest ally. Both the ally and the enemy must be within the spell's range, and the effect ends immediately if either moves out of its range from you. The illusion affects only the subject. [SR:Yes; DC:20, Will negates]					
■■■■■Bewildering Visions	Illusion (Phantasm)	1 standard action	1 round/level	Close (55 ft.)	CC:p.117
[V, S, DF] TARGET: One living creature; <b>EFFECT:</b> You channel mischievous divine energy to envelop your foe in sickened disorientation. This spell makes the world appear to be tossing and rippling in a nauseating manner. The subject is sickened for the duration of the spell and must make a Fortitude save or be nauseated. This saving throw must be repeated each round. [SR:Yes; DC:20, Will negates]					
■■■■■Black Karma Curse	Enchantment (Compulsion) [Mind-Affecting]	1 standard action	Instantaneous	Close (55 ft.)	PH2:p.103
[V,S] TARGET: One creature; <b>EFFECT:</b> If the target fails it's save, it immediately takes damage as if struck by it's currently held weapon or most damaging natural attack. [SR:Yes; DC:20, Will negates]					
■■■■■Black Lungs	Necromancy		12 hours	Touch	GW:p.49
[V, S] TARGET: Living creature touched; <b>EFFECT:</b> You cause the target to succumb to an infection and corruption of the lungs. An affected creature's speed is reduced by half, it loses any Dexterity bonus to Armor Class, and it takes a -2 penalty on attack rolls. Remove disease may end the effects of this spell early. This spell was created by the clerics of Khostren. [SR:Yes; DC:20, Fortitude negates]

The subject gestures as if making a melee attack, but the result of the attack affects a target within range. This spell does not actually grant reach, and so does not help provide a flanking bonus or allow the subject to make attacks of opportunity at any range greater than normal. The subject uses its normal melee attack bonuses and deals damage normally if it hits, though the target of the attacks can benefit from cover or concealment. <b>[SR:Yes (harmless); DC:20, Will negates (harmless)]</b></div> </div> </div> </div>	Evocation	1 swift action	1 round	Close (55 ft.) The blades appear metallic but are not actually metal, and never harm you or interfere with your movement or actions. You are proficient with your blades, and they allow you to deal piercing damage equal to 1d6 + your caster level 5 with a successful grapple attack. You can also make a regular melee attack [or offhand attack] with the spikes, and they count as a light weapon in this case. If a creature initiates a grapple with you, it takes the same damage, and you gain a bonus on grapple checks to resist the grapple equal to the damage dealt. You get +4 bonus on Escape Artist checks to escape from a net, rope, grapppler, or spell that entangles.</div> </div> </div> </div>	Transmutation	1 standard action	1 minute/level	Personal	SC:p.35
<div> <div> <div></div> <div></div> <div></div> <div></div> </div> <div> <div>Body Ward</div> <div> <div>[V, S, DF] TARGET:</div> <div>Creature touched; <i>EFFECT:</i> Your comrade's body grows denser and stronger beneath your touch. You grant the subject a limited resistance to ability damage. You choose one of the three physical ability scores- Strength, Dexterity, or Constitution-when you cast the spell. Body ward absorbs the next 5 points of damage dealt to that ability score, regardless of its source. If, for instance, an ally you had warded against Strength damage were subsequently poisoned for 6 points of Strength damage, she would take only 1 point. The spell lasts until its duration expires, or until the 5 points of protection are used up, whichever comes first. When cast multiple times upon the same subject, body ward has a synergistic effect. If you use it to affect two physical abilities simultaneously, it wards each against 8 points of damage. If you use it to affect all three physical abilities at once, it wards each against 10 points of damage. To achieve this synergy, the multiple castings must occur in subsequent rounds. The benefits from multiple castings of body ward that protect the same ability score do not stack. <b>[SR:Yes (harmless); DC:20, Will negates (harmless)]</b></div> </div> </div> </div>	Abjuration	1 standard action	1 minute/level or until expended	Touch	CC:p.117

It gains a +1 enhancement bonus on its attacks and also gains a +1 enhancement bonus per caster level on melee damage rolls 10. This spell works only on melee weapons with wooden striking surfaces. For instance, it does not work on a bow, an arrow, or a metal mace. You have no control over the affected creatures, but calm emotions can stop raging creatures from fighting or joyous ones from reveling. Creatures so affected cannot take violent actions [although they can defend themselves] or do anything destructive. Any aggressive action against a calmed creature immediately breaks the spell on all calmed creatures. This spell automatically suppresses [but does not dispel] any morale bonuses granted by spells such as bless, good hope, and rage, as well as negating a bard's ability to inspire courage or a barbarian's rage ability. It also suppresses any fear effects and removes the confused condition from all targets. While the spell lasts, a suppressed spell or effect has no effect. Each Charisma check made to turn undead within this area gains a +3 sacred bonus. Every undead creature entering a consecrated area suffers minor disruption, giving it a -1 penalty on attack rolls, damage rolls, and saves. Undead cannot be created within or summoned into a consecrated area. If the consecrated area contains an altar, shrine, or other permanent fixture dedicated to your deity, pantheon, or aligned higher power, the modifiers given above are doubled [+6 sacred bonus on turning checks, -2 penalties for undead in the area]. You cannot consecrate an area with a similar fixture of a deity other than your own patron. If the area does contain an altar, shrine, or other permanent fixture of a deity, pantheon, or higher power other than your patron, the consecrate spell instead curses the area, cutting off its connection with the associated deity or power. This secondary function, if used, does not also grant the bonuses and penalties relating to undead, as given above. Consecrate counters and dispels desecrate. You can hurl all the bolts at once, or you can hurl one bolt per round as a free action, starting in the round when you cast the spell. You do not have to hurl a bolt in every round, but if you don't hurl the bolt you were entitled to in a round, it is lost. If you hurl all the bolts at once, all your targets must be within 60 feet of each other. Even creatures that can normally see in such conditions [such as with darkvision or low-light vision] have the miss chance in an area shrouded in magical darkness. Normal lights [torches, candles, lanterns, and so forth] are incapable of brightening the area, as are light spells of lower level. Higher level light spells are not affected by darkness. It is typically used to cross a chasm or a hazardous space. Creatures can move on a dark way without penalty, since it is no more slippery than a typical dungeon floor. A dark way can support a maximum of 200 pounds per caster level. Creatures that cause the total weight on a dark way to exceed this limit fall through it as if it weren't there. <div> <div>[V, S, M, DF] <b>TARGET:</b> 20-ft.-radius emanation; <b>EFFECT:</b> This spell imbues an area with negative energy. Each Charisma check made to turn undead within this area takes a -3 profane penalty, and every undead creature entering a desecrated area gains a +1 profane bonus on attack rolls, damage rolls, and saving throws. An undead creature created within or summoned into such an area gains +1 hit points per HD. If the desecrated area contains an altar, shrine, or other permanent fixture dedicated to your deity or aligned higher power, the modifiers given above are doubled [-6 profane penalty on turning checks, +2 profane bonus and +2 hit points per HD for undead in the area]. Furthermore, anyone who casts animate dead within this area may create as many as double the normal amount of undead [that is, 4 HD per caster level rather than 2 HD per caster level]. If the area contains an altar, shrine, or other permanent fixture of a deity, pantheon, or higher power other than your patron, the desecrate spell instead curses the area, cutting off its connection with the associated deity or power. This secondary function, if used, does not also grant the bonuses and penalties relating to undead, as given above. Desecrate counters and dispels consecrate. <div> <div>[V,S] <b>TARGET:</b> Quarter circle emanating from the character to the extreme of the range; <b>EFFECT:</b> You can detect the presence of all aberrations in the area. The amount of information revealed depends on how long you study a particular area or subject: 1st Round: Presence or absence of aberrant life. 2nd Round: Number of different aberrant auras and the strength of the strongest aura. If you detect overwhelming aberrant power with this spell, and the Hit Dice or level of the aura's source is at least twice your character level, you are stunned for 1 round and the spell ends. 3rd Round: The strength and location of each aura. Aura Power: An aberrant aura's power depends on the type of creature you're detecting and its Hit Dice; see the accompanying table. <div> <div>[V] <b>TARGET:</b> 10-ft.-radius emanation centered on a creature, object, or point in space; <b>EFFECT:</b> This spell can be cast at a point in space, but the effect is stationary unless cast on a mobile object. The spell can be cast on a creature, and the effect then radiates from the creature and moves as it moves. A creature can attempt a Will save to negate the spell, and spell resistance, if any, applies if the spell is cast on a creature. Divine interdiction interferes with a cleric's connection to her divine source of power, resulting in a temporary loss of the ability to turn or rebuke creatures and loss of granted domain powers. Paladins, blackguards, and other classes capable of rebuking and turning also suffer a temporary loss of this ability. This affects the subject's ability to channel energy through the use of a turn or rebuke attempt, and so also interferes with the use of many divine feats. Additionally, if the wielder successfully hits someone with the shield with a shield bash attack, the victim takes 1d6 points of the appropriate energy damage in addition to the normal shield bash damage. The energy type must be chosen when the spell is cast and cannot be changed during the duration of the spell. The energy resistance overlaps [and does not stack] with resist elements. <div> <div>[V, S] <b>TARGET:</b> Any number of creatures; <b>EFFECT:</b> If you have the attention of a group of creatures, you can use this spell to hold them spellbound. To cast the spell, you must speak or sing without interruption for 1 full round. Thereafter, those affected give you their undivided attention, ignoring their surroundings. They are considered to have an attitude of friendly while under the effect of the spell. Any potentially affected creature of a race or religion unfriendly to yours gets a +4 bonus on the saving throw. A creature with 4 or more HD or with a Wisdom score of 16 or higher remains aware of its surroundings and has an attitude of indifferent. It gains a new saving throw if it witnesses actions that it opposes. The effect lasts as long as you speak or sing, to a maximum of 1 hour. Those enthralled by your words take no action while you speak or sing and for 1d3 rounds thereafter while they discuss the topic or performance. Those entering the area during the performance must also successfully save or become enthralled. The speech ends [but the 1d3-round delay still applies] if you lose concentration or do anything other than speak or sing. If those not enthralled have unfriendly or hostile attitudes toward you, they can collectively make a Charisma check to try to end the spell by jeering and heckling. For this check, use the Charisma bonus of the creature with the highest Charisma in the group; others may make Charisma checks to assist. The heckling ends the spell if this check result beats your Charisma check result. Only one such challenge is allowed per use of the spell. If any member of the audience is attacked or subjected to some other overtly hostile act, the spell ends and the previously enthralled members become immediately unfriendly toward you. The caster must hold the pot in hand when Estanna's stew is cast; otherwise, the spell fails and is wasted. The spell creates one serving per two caster levels [maximum 5]. A single serving heals 1d6+1 points of damage and requires a standard action to consume. Any portion of the stew that is not consumed disappears after 1 hour. The stew can be splashed onto a single undead creature within 10 feet. If a ranged touch attack succeeds, the undead creature takes 1d6+1 points of damage per serving splashed on it. [V,S] TARGET: Creature with at least two arms or tentacles touched; <b>EFFECT:</b> You cause a creature's multiple arms or tentacles to fuse together into a single pair of stronger limbs. Only limbs that the creature can use as arms or grasping limbs are affected by the spell [so basilisks and monstrous centipedes, neither of which use their limbs to attack or manipulate objects, are unaffected]. For every set of limbs fused into the primary set of limbs, the creature gains +4 to Strength when using those fused limbs [affecting activities that would use those limbs, but not activities relying on its bite, legs, and so on]. For example, a girallon under the effect of this spell would have one pair of arms and Strength 26 for the purpose of using those arms. A behir, which has three pairs of limbs that it can use as arms, would end up with one pair of arm-limbs with a +8 bonus to Strength for those arms [its six legs would be unaffected]. The loss of limbs might reduce the number of attacks available to the subject. You cause a creature to suddenly bristle with spines. The subject can snap its body forward to unleash a volley of up to three spines as a standard action [make a separate attack roll for each spine]. The spines each deal 1d6 points of damage plus the subject's Strength modifier. This attack has a range of 60 feet with no range increment. The spines can be directed against different targets if desired, but all targets must be within 30 feet of one another. The subject can launch up to fifteen spines per casting of this spell. In addition, the subject gains resistance to fire 5. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the spined devil]. While this spell is in effect, magic weapons with the evil outsider bane special ability have full effect against the subject of the investiture. Immediately upon completion of the casting of this spell and as often as once per round thereafter, you can cause the ground to shake along a 30'-foot line. You can produce a number of these tremors equal to your caster level [maximum five], the tremors begin at your location and extend in the direction you indicate; any creature caught standing within the area must make a Reflex save or fall prone. A spellcaster caught standing on one of these squares must make a Concentration check [DC 20 + spell level] or lose any spell that was being attempted. You need not produce a tremor immediately upon finishing the casting of this spell. You can perform other actions, even the casting of other spells, between producing new tremors. At any point before the duration expires, you can make a check with a Knowledge skill in which you have no ranks, or retry a Knowledge check you have previously failed. The +5 insight bonus still applies in both of those cases, but utilizing this option reduces the spell's remaining duration to 1 minute/level. [Sacrifice] TARGET: One good creature touched; <b>EFFECT:</b> This spell, favored among eladrins visiting the Material Plane, envelops the target in a protective, shimmering aura of light. The luminous armor resembles a suit of dazzling full plate, but it is weightless and does not restrict the target's movement or mobility in any way. In addition to imparting the benefits of a breastplate [+5 armor bonus to AC], the luminous armor has no maximum Dexterity restriction, no armor check penalty, and no chance for arcane spell failure. Luminous armor sheds light equivalent to a daylight spell and counters darkness spells of 2nd level or lower with which it comes into contact. In addition, the armor's brightness causes opponents to take a -4 to penalty on melee attacks made against the target. 000000	<b>Master Cavalier</b>	Transmutation	1 standard action	10 minutes/level [D]	Personal
[V, S] <b>TARGET:</b> You; <b>EFFECT:</b> When you utter the final words of this spell, your muscles and equilibrium shift dramatically, making you feel more at home in the saddle than you do on your own feet. Upon casting this spell, you gain a +10 bonus on all Ride checks. If you have special mount or similar class ability, your bonus on Ride checks increases to +20 while you are mounted on your special mount. If you cast master cavalier along with phantom charge [see below] and war-mount [page 129], the three spells have a synergistic effect. By shunting a tiny amount of its physical form into the plane from which it normally comes, your mount gains the ability to walk on liquids or even on empty air. This adjustment grants it a fly speed equal to its normal land-based movement rate, with average maneuverability. This effect lasts until either master cavalier or war-mount expires.					
000000	<b>Obscuring Snow</b>	Conjuration (Creation) [Air, Cold]	1 standard action	12 hours	30 ft.
[V, S] <b>TARGET:</b> Cloud spreads in 30-ft.-radius from you, 20 ft. high; <b>EFFECT:</b> Obscures all vision, except yours, including darkvision to 5 ft, miss chance of 20%. [SR:No]					
000000	<b>Owl's Wisdom</b>	Transmutation	1 standard action	12 minutes	Touch
[V, S, M/DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> The transmuted creature becomes wiser. The spell grants a +4 enhancement bonus to Wisdom, adding the usual benefit to Wisdom-related skills. Clerics, druids, paladins, and rangers [and other Wisdom-based spellcasters] who receive owl's wisdom do not gain any additional bonus spells for the increased Wisdom, but the save DCs for their spells increase. Arcane Material Component: A few feathers, or a pinch of droppings, from an owl. [SR:Yes; DC:20, Will negates (harmless)]					
000000	<b>Peaceful Serenity of Io</b>	Abjuration	1 standard action	10 minutes	Close (55 ft.)
[V] <b>TARGET:</b> One creature plus one additional creature/four levels, no two of which are more than 30 ft. apart; <b>EFFECT:</b> You fill the subject with the peacefulness and balance of Io's great Song, granting it a +4 morale bonus on Concentration checks, and saves against compulsions and fear effects for 10 minutes. If the subject is under the influence of compulsion or fear effects when receiving the spell, those effects are suppressed for the duration of the spell. [SR:Yes (harmless); DC:20, Will negates (harmless)]					
000000	<b>Portal Well</b>	Transmutation	1 standard action	12 rounds [D]	Touch
[V, S, M] <b>TARGET:</b> Active portal touched; <b>EFFECT:</b> You create an extradimensional space in an active portal that you can hide in for the duration by entering the portal. [SR:No]					
000000	<b>Protection from Negative Energy</b>	Abjuration	1 standard action	10 minutes/level	Touch
[V, S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> The warded creature gains partial protection against negative energy effects. For as long as the spell lasts, it subtracts 10 from the hit point damage dealt by any negative energy effect [such as an inflict spell] that adversely affects it. Negative energy effects that don't deal hit point damage to the subject, such as an energy drain spell, affect the subject normally. [SR:Yes (harmless); DC:20, Will negates (harmless)]					
000000	<b>Protection from Positive Energy</b>	Abjuration	1 standard action	10 minutes/level	Touch
[V, S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> The warded creature gains partial protection against positive energy effects. For as long as the spell lasts, it subtracts 10 from the hit point damage dealt by any positive energy effect [such as a cure spell] that adversely affects it. Positive energy effects that don't deal hit point damage to the subject, such as turning attempts, affect the subject normally. [SR:Yes (harmless); DC:20, Will negates (harmless)]					
000000	<b>Quick March</b>	Transmutation	1 standard action	1 round	Medium (220 ft.)
[V, S, DF] <b>TARGET:</b> Allies in a 20-ft.-radius burst; <b>EFFECT:</b> Quick march increases your allies' base land speed by 30 feet. [This adjustment is considered an enhancement bonus.] There is no effect on other modes of movement, such as burrow, climb, fly, or swim. As with any effect that increases a creature's speed, this spell affects maximum jumping distance. [SR:Yes (harmless); DC:20, Will negates (harmless)]					
000000	<b>Rapid Burrowing</b>	Transmutation	1 action	1 minute/level	Touch
[V, S, F/DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This spell increases the touched creature's burrow speed by 20 feet. It has no effect on other modes of movement, nor does it allow the subject to burrow if it cannot already do so or the ability to burrow through stone if it cannot already do so. [SR:Yes (harmless); DC:20, Fortitude negates (harmless)]					
000000	<b>Remove Addiction</b>	Conjuration (Healing)	1 standard action	Instantaneous	Touch
[V, S] <b>TARGET:</b> One creature touched; <b>EFFECT:</b> Remove addiction cures all addictions that the target suffers from [see Drugs in the Book of Vile Darkness for more information about addictions]. Since the spell's duration is instantaneous, it does not prevent new addiction to the same drug at a later date. [SR:Yes (harmless); DC:20, Fortitude negates (harmless)]					
000000	<b>Remove Paralysis</b>	Conjuration (Healing) [Water Shugenja]	1 standard action	Instantaneous	Close (55 ft.)
[V, S] <b>TARGET:</b> Up to four creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> You can free one or more creatures from the effects of any temporary paralysis or related magic, including a ghoul's touch or a slow spell. If the spell is cast on one creature, the paralysis is negated. If cast on two creatures, each receives another save with a +4 resistance bonus against the effect that afflicts it. If cast on three or four creatures, each receives another save with a +2 resistance bonus. The spell does not restore ability scores reduced by penalties, damage, or drain. [SR:Yes (harmless); DC:20, Will negates (harmless)]

<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>*Soften Earth and Stone</b>	Transmutation [Earth]	1 standard action	Instantaneous	Close (55 ft.)	PH:p.280
<b>[V, S, DF] TARGET:</b> 120 ft. square; see text; <b>EFFECT:</b> When this spell is cast, all natural, undressed earth or stone in the spell's area is softened. Wet earth becomes thick mud, dry earth becomes loose sand or dirt, and stone becomes soft clay that is easily molded or chopped. You affect a 10-foot-square area to a depth of 1 to 4 feet, depending on the toughness or resilience of the ground at that spot. Magical, enchanted, dressed, or worked stone cannot be affected. Earth or stone creatures are not affected. A creature in mud must succeed on a Reflex save or be caught for 1d2 rounds and unable to move, attack, or cast spells. A creature that succeeds on its save can move through the mud at half speed, and it can't run or charge. Loose dirt is not as troublesome as mud, but all creatures in the area can move at only half their normal speed and can't run or charge over the surface. Stone softened into clay does not hinder movement, but it does allow characters to cut, shape, or excavate areas they may not have been able to affect before. While soften earth and stone does not affect dressed or worked stone, cavern ceilings or vertical surfaces such as cliff faces can be affected. Usually, this causes a moderate collapse or landslide as the loosened material peels away from the face of the wall or roof and falls. A moderate amount of structural damage can be dealt to a manufactured structure by softening the ground beneath it, causing it to settle. However, most well-built structures will only be damaged by this spell, not destroyed. <b>[SR:No]</b>					
<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Soulmeld Blessing</b>	Evocation [Incarnum]	1 swift action	Instantaneous	20 ft.	MoI:p.105
<b>[V, DF] TARGET:</b> ; <b>EFFECT:</b> When you cast soulmeld blessing, you provide each affected creature with a surfeit of essentia. Affected creatures can immediately reallocate their essentia pool as if they had taken a swift action to do so [even though it isn't their turn and no action is required]. Essentia that cannot be reallocated with a swift action [for example, essentia invested in an incarnum feat] cannot be redistributed. <b>[SR:Yes (harmless); DC:20, None (harmless)]</b>					
<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Soul Ward</b>	Abjuration	1 standard action	1 minute/level or until discharged	Touch	CC:p.127
<b>[V, S, DF] TARGET:</b> Creature touched; <b>EFFECT:</b> Your comrade's thoughts and feelings meld with yours, each bolstering the other, through the touch of your hand. This spell functions like body ward [page 117], except that you choose one of the three mental abilities-Intelligence, Wisdom, or Charisma-rather than a physical ability to be affected. <b>[SR:Yes (harmless); DC:20, Will negates (harmless)]</b>					
<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Sound Burst</b>	Evocation [Sonic]	1 standard action	Instantaneous	Close (55 ft.)	PH:p.281
<b>[V, S, F/DF] TARGET:</b> 10-ft.-radius spread; <b>EFFECT:</b> You blast an area with a tremendous cacophony. Every creature in the area takes 1d8 points of sonic damage and must succeed on a Fortitude save to avoid being stunned for 1 round. Creatures that cannot hear are not stunned but are still damaged. Arcane Focus: A musical instrument. <b>[SR:Yes; DC:20, Fortitude partial]</b>					
<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Spawn Screen</b>	Necromancy	1 standard action	1 hour/level	Touch	SC:p.197
<b>[V,S,DF] TARGET:</b> One creature/level; <b>EFFECT:</b> The subject does not rise as an undead spawn should it perish from an undead's attack that normally would turn it into a spawn, such as from the bite of a ghoul [MM 118]. This spell doesn't prevent the subject from perishing or provide anything other than insurance that the subject's body and spirit cannot be hijacked by an acquisitive undead creature. The protection applies if the duration is still in effect when the subject first dies; the spell need not linger in its effect during the period immediately prior to a spawn's rise. This spell cannot be cast on the body of a creature that has already been killed by a spawncreating undead. <b>[SR:Yes (harmless); DC:20, Will negates (harmless)]</b>					
<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Spell Immunity, Lesser</b>	Abjuration	1 standard action	10 minutes/level	Touch	SC:p.199
<b>[V,S] TARGET:</b> Creature touched; <b>EFFECT:</b> This spell protects one creature from a single 1st- or 2nd-level spell. The creature effectively has unbeatable spell resistance regarding the chosen spell. Lesser spell immunity can't protect a creature from a spell to which spell resistance doesn't apply. This spell works against other spells, spell-like effects, and innate spell-like abilities. It does not protect against supernatural or extraordinary abilities, such as breath weapons or gaze attacks. Only a particular spell can be protected against, not a school of spells or a group of spells with similar effects; thus, a creature given immunity to inflict light wounds is still susceptible to inflict moderate wounds. A creature can have only one lesser spell immunity or spell immunity [PH 282] in effect at a time. <b>[SR:Yes (harmless); DC:20, Will negates (harmless)]</b>

<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Spiritual Weapon</b>	Evocation [Force]	1 standard action	12 rounds [D]	Medium (220 ft.)	PH:p.283
<b>[V, S, DF] TARGET:</b> Magic weapon of force; <b>EFFECT:</b> A weapon made of pure force springs into existence and attacks opponents at a distance, as you direct it, dealing 1d8 force damage per hit, +1 point per three caster levels [maximum +5 at 15th level]. The weapon takes the shape of a weapon favored by your deity or a weapon with some spiritual significance or symbolism to you [see below] and has the same threat range and critical multipliers as a real weapon of its form. It strikes the opponent you designate, starting with one attack in the round the spell is cast and continuing each round thereafter on your turn. It uses your base attack bonus [possibly allowing it multiple attacks per round in subsequent rounds] plus your Wisdom modifier as its attack bonus. It strikes as a spell, not as a weapon, so, for example, it can damage creatures that have damage reduction. As a force effect, it can strike incorporeal creatures without the normal miss chance associated with incorporeality. The weapon always strikes from your direction. It does not get a flanking bonus or help a combatant get one. Your feats or combat actions do not affect the weapon. If the weapon goes beyond the spell range, if it goes out of your sight, or if you are not directing it, the weapon returns to you and hovers. Each round after the first, you can use a move action to redirect the weapon to a new target. If you do not, the weapon continues to attack the previous round's target. On any round that the weapon switches targets, it gets one attack. Subsequent rounds of attacking that target allow the weapon to make multiple attacks if your base attack bonus would allow it to. Even if the spiritual weapon is a ranged weapon, use the spell's range, not the weapon's normal range increment, and switching targets still is a move action. A spiritual weapon cannot be attacked or harmed by physical attacks, but dispel magic, disintegrate, a sphere of annihilation, or a rod of cancellation affects it. A spiritual weapon's AC against touch attacks is 12 [10 + size bonus for Tiny object]. If an attacked creature has spell resistance, you make a caster level check [1d20 + caster level] against that spell resistance the first time the spiritual weapon strikes it. If the weapon is successfully resisted, the spell is dispelled. If not, the weapon has its normal full effect on that creature for the duration of the spell. The weapon that you get is often a force replica of your deity's own personal weapon. A cleric without a deity gets a weapon based on his alignment. A neutral cleric without a deity can create a spiritual weapon of any alignment, provided he is acting at least generally in accord with that alignment at the time. The weapons associated with each alignment are as follows. Chaos: Battleaxe Evil: Light flail Good: Warhammer Law: Longsword, <b>[SR:Yes]</b>

<b>[V,S,DF] TARGET:</b> 50-ft.-radius burst centered on you; <b>EFFECT:</b> This spell, designed to work on the battlefield, allows you to stabilize the dying all around you. A burst of positive energy spreads out from you, healing 1 point of damage to all living creatures in the affected area, whether allied or not. This spell deals 1 point of damage to undead creatures, which are allowed a Will saving throw to negate the effect. <b>[SR:Yes (harmless); DC:20, Will negates (harmless); see text]</b>					
<div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Status</b>	Divination	1 standard action	12 hours	Touch	PH:p.284
<b>[V, S] TARGET:</b> 4 living creatures touched; <b>EFFECT:</b> When you need to keep track of comrades who may get separated, status allows you to mentally monitor their relative positions and general condition. You are aware of direction and distance to the creatures and any conditions affecting them: unharmed, wounded, disabled, staggered, unconscious, dying, nauseated, panicked, stunned, poisoned, diseased, confused, or the like. Once the spell has been cast upon the subjects, the distance between them and the caster does not affect the spell as long as they are on the same plane of existence. <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <b>Substitute Domain</b>	Transmutation	10 minutes	1 day/level [D]	Personal	CC:p.128
<b>[V, S, DF] TARGET:</b> You; <b>EFFECT:</b> The power of your deity courses through you, replacing what you once knew with different ideas and abilities. Upon casting substitute domain, you can swap one of your current domains for another that your deity offers. You gain the granted power of the new domain, as well as access to any of its spells that you can cast-though you must still prepare the spells normally. While substitute domain is in effect, you lose the granted powers and spells of the domain to which you have given up access. For example, Saera, a cleric of Pelor, normally has access to the Strength and Sun domains. She casts substitute domain on herself and chooses to swap the Strength domain for another of the domains that Pelor normally grants- namely Healing. While she can now access the spells and granted power of the Healing domain, Saera cannot tap the abilities and spells normally associated with the Strength domain.

<b>[V, S (E)] TARGET:</b> One object or soulmeld; <b>EFFECT:</b> You attempt to suppress the functioning of a single magic item or soulmeld. If you succeed on a caster level check against the item or soulmeld [against a DC of 11 + meldshaper level], the item or soulmeld loses all magical properties for the duration of the spell. This is identical to the effect of a dispel magic spell targeted on an object, except for duration and your ability to invest essentia to improve your caster level check. This spell has no effect on ongoing spell effects, even if those effects are on items [such as greater magic weapon]. Essentia: Every point of essentia invested in this spell grants you a +2 insight bonus on your caster level check to suppress the item. <b>[V, S, DF] TARGET:</b> You; <b>EFFECT:</b> When you clutch your holy symbol, it pulses briefly with divine power, then grows oddly cold beneath your fingers. Choose one non-neutral aspect of your own alignment- chaotic, evil, good, or lawful. If you are neutral, you must choose an alignment component for this spell when you first cast it, and this choice cannot be altered for subsequent castings unless your alignment has changed in such a way as to make that choice unsuitable. The spell takes on the descriptor of the selected alignment component. Upon casting this spell, you can use one of your daily turn or rebuke attempts to turn creatures with the opposing alignment subtype as though they were undead. For instance, if you cast turn anathema as a good spell, you could attempt to turn creatures of the evil subtype, such as demons. You could not, however, turn a red dragon, because although it is an evil creature, it lacks the evil subtype. This spell allows only turning, not rebuking or destroying, even if you normally rebuke rather than turn. You can use as many of your daily turn/rebuke attempts as you wish in this way for the duration of the spell.

See invisibility does not counter a veil of shadow's concealment effect, but a true seeing spell does.

■■■■■	<b>Vestigewrack</b>	<b>Necromancy [Evil]</b>	1 standard action	1 round/level [D]	20 ft. TM:p.54
<b>[V, S, F] TARGET:</b> One incorporeal creature or apparition/level in a 20-ft.-radius emanation centered on you; <b>EFFECT:</b> You hold the curved dagger aloft, and as you slice it through the air at the incorporeal creature before you, you speak words of power that remind it of the life it once had, and the pain of its loss. Clutching a curved blade, you make a downward cutting motion that produces a field of pulsing, unholy, red light around you. Each incorporeal creature within this light must succeed on a Fortitude save or be wracked with sensations of loss. This effect manifests as a -2 penalty on attack rolls, damage rolls, skill checks, and saves for as long as the creature remains in range, and for 1d4 rounds afterward. In addition, every corporeal user of pact magic gains a +2 bonus on binding checks made against any vestige within range of this spell. Focus: An ornate sacrificial dagger or kukri worth 300 gp. <b>[SR:Yes; DC:20, Will negates]</b>					
■■■■■	<b>Wave of Grief</b>	<b>Enchantment [Evil, Mind-Affecting]</b>	1 standard action	1 round/level	30 ft. SC:p.236
<b>[V,S,M] TARGET:</b> Cone-shaped burst; <b>EFFECT:</b> All within the cone when the spell is cast take a -3 penalty on attack rolls, saving throws, ability checks, and skill checks. Material Component: Three tears. <b>[SR:Yes; DC:20, Will negates]</b>					
■■■■■	<b>*Wind Wall</b>	<b>Evocation [Air, Air Shugenja]</b>	1 standard action	12 rounds	Medium (220 ft.) PH:p.302
<b>[V, S, M/DF] TARGET:</b> Wall up to 120 ft. long and 60 ft. high <b>[S]:</b> <b>EFFECT:</b> An invisible vertical curtain of wind appears. It is 2 feet thick and of considerable strength. It is a roaring blast sufficient to blow away any bird smaller than an eagle, or tear papers and similar materials from unsuspecting hands. [A Reflex save allows a creature to maintain its grasp on an object.] Tiny and Small flying creatures cannot pass through the barrier. Loose materials and cloth garments fly upward when caught in a wind wall. Arrows and bolts are deflected upward and miss, while any other normal ranged weapon passing through the wall has a 30% miss chance. [A giant-thrown boulder, a siege engine projectile, and other massive ranged weapons are not affected.] Gases, most gaseous breath weapons, and creatures in gaseous form cannot pass through the wall [although it is no barrier to incorporeal creatures]. While the wall must be vertical, you can shape it in any continuous path along the ground that you like. It is possible to create cylindrical or square wind walls to enclose specific points. Each potentially affected creature is allowed a save to avoid the effects when the spell is cast or when the creature first enters the emanation area. Affected creatures are aware of this enchantment. <b>[V] TARGET:</b> 60-ft. radius emanation, centered on you; <b>EFFECT:</b> A thunderous rumble echoes from within you, washing over cowed creatures and forcing them to show you respect. Upon casting this spell, you radiate a magical aura that causes fearful creatures to shy away from harming you. While this spell is in effect, any creature within the spell's area that is shaken, frightened, or panicked has its attitude toward you shifted to friendly [see Influencing NPC Attitudes, PH 72]. This effect ends for a given creature if the fear effect is removed, or if you or an ally attacks the creature or otherwise takes any hostile act toward it. You hold your holy symbol aloft and cast the spell. A silvery radiance dances from your hands, leaping over all the nearby party members and strengthening them. <b>[S,M/DF] TARGET:</b> Living creatures touched; <b>EFFECT:</b> Tiny bubbles form on your hands as you complete the spell. ■■■■■	<b>Amanuensis</b>	<b>Transmutation</b>	1 standard action	10 minute/level	Close (55 ft.) SC:p.9
<b>[V,S] TARGET:</b> Object or objects with writing; <b>EFFECT:</b> You point at the writing and then move your hand as though holding a stylus or quill. As you intone the spell, the script appears on a sheet of paper close at hand. You cause writing from one source [such as a book] to be copied into a book, paper, or parchment. This spell copies 250 words per minute and creates a perfect duplicate of the original. The spell copies only nonmagical text, not illustrations or magical writings [such as the text of a spellbook, a spell scroll, or a sepia snake sigil]. If the target contains normal and magical writing [such as a letter with explosive runes], only the normal text is copied, leaving blank space in the copied text where the magical writing would be expected. Likewise, if the target contains text and illustration, only the text is copied. The spell triggers [but does not copy] writing-based magic traps in the material being copied. Blank paper, parchment, or a book must be provided for the spell to write upon. If the target has multiple pages, the spell automatically turns to the next blank page whenever necessary. If more pages in the target exist than blank pages are available, the spell copies the original until it runs out of blank pages. At any time during the spell's duration you can redirect the magic to copy from another target, copy onto a different blank source, or resume a duplication that was interrupted by a shortfall of blank pages. The spell does not translate the copied writing. If you do not understand the original, you have no additional ability to understand the copy. <b>[SR:Yes [object]; DC:21, Will negates [object]]</b>

<b>[V,S,M,DF] TARGET:</b> Cylinder [20-ft. radius, 20 ft. high]; <b>EFFECT:</b> You call upon the powers of chaos, and a heavy rain begins to fall around you, its drops a rainbow of soft radiances. Above you, a multicolored lightning bolt flashes. The downpour created by this spell falls in a fixed area once created. The storm reduces hearing and visibility, resulting in a -4 penalty on Listen, Spot, and Search checks. It also applies a -4 penalty on ranged attacks made into, out of, or through the storm. Finally, it automatically extinguishes any unprotected flames and has a 50% chance to extinguish protected flames [such as those of lanterns]. The rain damages lawful creatures, dealing 2d6 points of damage per round [lawful outsiders take double damage]. In addition, each round, a bolt of lightning strikes a randomly selected lawful outsider within the spell's area, dealing 5d6 points of electricity damage. After the spell's duration expires, the water disappears. Material Component: A flask of anarchic water [see the anarchic water spell, below]. <b>[SR:No]</b>					
■■■■■	<b>Animate Dead</b>	<b>Necromancy [Evil]</b>	1 standard action	Instantaneous	Touch PH:p.198
<b>[V, S, M] TARGET:</b> One or more corpses touched; <b>EFFECT:</b> This spell turns the bones or bodies of dead creatures into undead skeletons or zombies that follow your spoken commands. The undead can follow you, or they can remain in an area and attack any creature [or just a specific kind of creature] entering the place. They remain animated until they are destroyed. [A destroyed skeleton or zombie can't be animated again.] Regardless of the type of undead you create with this spell, you can't create more HD of undead than twice your caster level with a single casting of animate dead. [The desecrate spell doubles this limit] The undead you create remain under your control indefinitely. No matter how many times you use this spell, however, you can control only 4 HD worth of undead creatures per caster level. If you exceed this number, all the newly created creatures fall under your control, and any excess undead from previous castings become uncontrolled. [You choose which creatures are released.] If you are a cleric, any undead you might command by virtue of your power to command or rebuke undead do not count toward the limit. Skeletons: A skeleton can be created only from a mostly intact corpse or skeleton. The corpse must have bones. If a skeleton is made from a corpse, the flesh falls off the bones. Zombies: A zombie can be created only from a mostly intact corpse. The corpse must be that of a creature with a true anatomy. Material Component: You must place a black onyx gem worth at least 25 gp per Hit Die of the undead into the mouth or eye socket of each corpse you intend to animate. The magic of the spell turns these gems into worthless, burned-out shells. <b>[SR:No]</b>

This bonus increases by 1 for every four caster levels above 5th [to +3 at 9th, +4 at 13th, and a maximum of +5 at 17th]. First, the target gains the Alertness feat. Second, the target's Constitution score increases by 2. Third, the target becomes completely immune to snake venom and yuan-ti poison. The target assumes a more feral and snakelike appearance [slitted pupils, elongated teeth, and so on] and is considered a yuan-ti for the purposes of all spells and effects [such as being subject to a ranger's favored enemy bonus against yuan-ti, not being able to form a ghost if slain, and so on]. This spell was created by the yuan-ti to temporarily bolster their ranks with followers in a short period of time. Most other clerics would never consider casting this spell. The spell is normally used on willing victims, since it grants the caster no control over the target. The bridge must be anchored to solid objects at both ends, but otherwise can be at any angle. Like a wall of force, it must be continuous and unbroken when formed. Armblade of the Sword Archon: One of the target's arms reshapes into a blade that functions as a +1 flaming longsword or +1 holy longsword [caster's choice]. The caster may also choose to create a short sword version instead of the normal longsword-sized blade. The target cannot be h o l d i n g anything in the affected arm, and the a r m b l a d e cannot be disarmed or Sundered. Eyes of the Firre: Red flames fill the target's eyes. Once per round, as a standard action, the target can deal 2d6 points of fire damage to any single creature or object within 60 feet, simply by gazing at it [no attack roll required]. Horns of the Cervidial: Ramllike horns sprout from the target's head. The target can charge an opponent with its deadly horns. Any summoned or called creature struck by the horns is dismissed instantly. Wings of the Astral Deva: Angelic wings sprout from the target's back, allowing the target to fly at a speed of 100 ft./ [good]. <b>Create Food and Water</b>	<b>Conjuration (Creation)</b>	10 minutes	24 hours; see text	Close (55 ft.)	PH:p.214
<b>[V, S] TARGET:</b> Food and water to sustain 36 humans or 12 horses for 24 hours; <b>EFFECT:</b> The food that this spell creates is simple fare of your choice-highly nourishing, if rather bland. Food so created decays and becomes inedible within 24 hours, although it can be kept fresh for another 24 hours by casting a purify food and water spell on it. The water created by this spell is just like clean rain water, and it doesn't go bad as the food does. <b>[SR:No]</b>					
<b>Create Lantern Archon</b>	<b>Conjuration (Creation) [Good, Light, Sanctifi</b>	hour	Instantaneous	Close (55 ft.)	CV:54

<b>Cure Serious Wounds</b>	<b>Conjuration (Healing) [Water Shugenja]</b>	1 standard action	Instantaneous	Touch	PH:p.216

<b>Curse of Arrow Attraction</b>	<b>Transmutation</b>	1 standard action	1 round/level	Medium (220 ft.)	PH2:p.109
<b>[V,S,M] TARGET:</b> One creature; <b>EFFECT:</b> Subjects AC against any ranged attack is -5, including projectile weapons, thrown weapons, and ranged attacks. In addition, any critical threats are automatically confirmed. <b>[SR:Yes; DC:21, Will negates]</b>					
<b>Curse of Petty Failing</b>	<b>Necromancy</b>	1 standard action	12 minutes	Close (55 ft.)	MH:p.35

<b>Darkfire</b>	<b>Evocation [Fire]</b>	1 standard action	1 round/level [D]	0 ft.	SC:p.59
<b>[V,S] TARGET:</b> Flame in your palm; <b>EFFECT:</b> Dark flames appear in your hand. You can hurl them or use them to touch enemies. The flames appear in your open hand and harm neither you nor your equipment. They emit no light but produce the same amount of heat as an actual fire. Beginning the following round, you can strike opponents with a melee touch attack, dealing 1d6 points of fire damage per two caster levels [maximum 5d6]. Alternatively, you can hurl the flames up to 120 feet as a thrown weapon. When doing so, you make a ranged touch attack [with no range penalty] and deal the same damage as with the melee attack. No sooner do you hurl the flames than a new set appears in your hand. The darkfire is invisible to normal vision but can be seen with darkvision as easily as a normal flame can be seen in darkness [this means that darkfire can be used as a signal or beacon for creatures with darkvision]. The spell does not function underwater. <b>[SR:Yes]</b>					
<b>Daylight</b>	<b>Evocation [Light, Fire Shugenja]</b>	1 standard action	120 minutes [D]	Touch	PH:p.216
<b>[V, S] TARGET:</b> Object touched; <b>EFFECT:</b> The object touched sheds light as bright as full daylight in a 60-foot radius, and dim light for an additional 60 feet beyond that. Creatures that take penalties in bright light also take them while within the radius of this magical light. Despite its name, this spell is not the equivalent of daylight for the purposes of creatures that are damaged or destroyed by bright light. If daylight is cast on a small object that is then placed inside or under a light- proof covering, the spell's effects are blocked until the covering is removed. Daylight brought into an area of magical darkness [or vice versa] is temporarily negated, so that the otherwise prevailing light conditions exist in the overlapping areas of effect. Daylight counters or dispels any darkness spell of equal or lower level, such as darkness. <b>[SR:No]</b>					
<b>Death Lock</b>	<b>Necromancy [Ectomancy]</b>	1 action	120 minutes	Close (55 ft.)	GW:p.51
<b>[V, S] TARGET:</b> One creature; <b>EFFECT:</b> If the subject creature dies while the spell is in effect, its soul immediately passes on to the True Afterlife and cannot form a ghost. The subject can still be raised from the dead or even brought back as a ghost by magic [such as with the raise ghost spell]; this spell only prevents a newly slain creature from forming a ghost of its own volition. <b>[SR:Yes; DC:21, Will negates]</b>					
<b>Deeper Darkness</b>	<b>Evocation [Darkness]</b>	1 standard action	12 days [D]	Touch	PH:p.217
<b>[V, M/DF] TARGET:</b> Object touched; <b>EFFECT:</b> This spell functions like darkness, except that the object radiates shadowy illumination in a 60-foot radius and the darkness lasts longer. Daylight brought into an area of deeper darkness [or vice versa] is temporarily negated, so that the otherwise prevailing light conditions exist in the overlapping areas of effect. Deeper darkness counters and dispels any light spell of equal or lower level, including daylight and light. <b>[SR:No]</b>					
<b>Defile Snow and Ice</b>	<b>Evocation [Cold, Evil]</b>	1 standard action	12 minutes	Medium (220 ft.)	Fr:p.92

<b>Deific Bastion</b>	<b>Transmutation</b>	1 standard action	1 round/level	Touch	CC:p.119
<b>[V, S, DF] TARGET:</b> Shield or heavy armor touched; <b>EFFECT:</b> Calling upon your patron for protection, you imbue your defenses with an unnatural resilience. You must either be holding a shield or wearing heavy armor to cast this spell. The shield or armor gains a +1 enhancement bonus plus an additional special ability that depends on your deity, as given on the table below. This enhancement bonus is defensive only; it does not cause a shield to function as a magic weapon if it is used to make a shield bash. The enhancement bonus of the armor or shield is +2 if your caster level is 9th-11th, +3 if it's 12th-14th level, +4 if it's 15th-16th, and +5 if it's 18th or higher. <b>[SR:Yes (harmless, object); DC:21, Fortitude negates (harmless, object)]</b>					
<b>Delay Death</b>	<b>Necromancy</b>	1 immediate action	1 round/level	Close (55 ft.)	SC:p.63
<b>[V,S,DF] TARGET:</b> One creature; <b>EFFECT:</b> The subject of this powerful spell is unable to die from hit point damage. While under the protection of this spell, the normal limit of -9 hit points before a character dies is extended without limit. A condition or spell that destroys enough of the subject's body so as to not allow raise dead to work, such as a disintegrate effect, still kills the creature, as does death brought about by ability score damage, level drain, or a death effect. The spell does not prevent the subject from entering the dying state by dropping to -1 hit points. It merely prevents death as a result of hit point loss. If the subject has fewer than -9 hit points when the spell's duration expires, it dies instantly. <b>[SR:Yes (harmless); DC:21, Will negates (harmless)]</b>					
<b>Demon Dirge</b>	<b>Transmutation</b>	1 standard action	1d6 rounds; see text	Close (55 ft.)	SC:p.63
<b>[V,S,DF] TARGET:</b> Living creature; <b>EFFECT:</b> Demon dirge deals 2d6 points of damage each round for the duration of the spell to any creature that has both the chaotic and evil subtypes [such as a howler or a demon]. No saving throw is allowed against this damage. If the target creature also possesses the tanar'ri subtype [MM 316], the spell has a much more powerful effect. In addition to the damage, a tanar'ri is stunned for the duration of the spell unless it succeeds on a Fortitude save. <b>[SR:Yes; DC:21, NWill half]</b>					
<b>Detect Metal and Minerals</b>	<b>Divination</b>	1 action	Concentration, up to 120 minutes	60 ft.	Rac:p.189

<b>Devil Blight</b>	<b>Transmutation</b>	1 standard action	1d6 rounds	Close (55 ft.)	SC:p.64
<b>[V,S,M,DF] TARGET:</b> Living creature; <b>EFFECT:</b> This spell deals 2d6 points of damage per round for the duration of the spell to creatures that have both the lawful and evil subtypes [such as a barghest or a devil]. No saving throw is allowed against this damage. If the target creature also possesses the baatezu subtype [MM 306], it must succeed on a Fortitude save or be stunned for the duration of the spell. <b>[SR:Yes; DC:21, None or Fortitude partial; see text]</b>					
<b>Dispel Magic</b>	<b>Abjuration [Abjuration Domain, Antimagic</b>	1 standard action	Instantaneous	Medium (220 ft.)	PH:p.223
<b>[V, S] TARGET:</b> One spellcaster, creature, or object; or 20-ft.-radius burst; <b>EFFECT:</b> You can use dispel magic to end ongoing spells that have been cast on a creature or object, to temporarily suppress the magical abilities of a magic item, to end ongoing spells [or at least their effects] within an area, or to counter another spellcaster's spell. A dispelled spell ends as if its duration had expired. Some spells, as detailed in their descriptions, can't be defeated by dispel magic. Dispel magic can dispel [but not counter] spell-like effects just as it does spells. Note: The effect of a spell with an instantaneous duration can't be dispelled, because the magical effect is already over before the dispel magic can take effect. You choose to use dispel magic in one of three ways: a targeted dispel, an area dispel, or a counterspell: Targeted Dispel: One object, creature, or spell is the target of the dispel magic spell. You make a dispel check [1d20 + your caster level, maximum +10] against the spell or against each ongoing spell currently in effect on the object or creature. The DC for this dispel check is 11 + the spell's caster level. If you succeed on a particular check, that spell is dispelled; if you fail, that spell remains in effect. If you target an object or creature that is the effect of an ongoing spell [such as a monster summoned by monster summoning], you make a dispel check to end the spell that conjured the object or creature. If the object that you target is a magic item, you make a dispel check against the item's caster level. If you succeed, all the item's magical properties are suppressed for 1d4 rounds, after which the item recovers on its own. A suppressed item becomes nonmagical for the duration of the effect. An interdimensional interface [such as a bag of holding] is temporarily closed. A magic item's physical properties are unchanged: A suppressed magic sword is still a sword [a masterwork sword, in fact]. Artifacts and deities are unaffected by mortal magic such as this. You automatically succeed on your dispel check against any spell that you cast yourself. Area Dispel: When dispel magic is used in this way, the spell affects everything within a 20-foot radius. For each creature within the area that is the subject of one or more spells, you make a dispel check against the spell with the highest caster level. If that check fails, you make dispel checks against progressively weaker spells until you dispel one spell [which discharges the dispel magic spell so far as that target is concerned] or until you fail all your checks. The creature's magic items are not affected. For each object within the area that is the target of one or more spells, you make dispel checks as with creatures. Magic items are not affected by an area dispel. For each ongoing area or effect spell whose point of origin is within the area of the dispel magic spell, you can make a dispel check to dispel the spell. For each ongoing spell whose area overlaps that of the dispel magic spell, you can make a dispel check to end the effect, but only within the overlapping area. If an object or creature that is the effect of an ongoing spell [such as a monster summoned by monster summoning] is in the area, you can make a dispel check to end the spell that conjured that object or creature [returning it whence it came] in addition to attempting to dispel spells targeting the creature or object. You may choose to automatically succeed on dispel checks against any spell that you have cast. Counterspell: When dispel magic is used in this way, the spell targets a spellcaster and is cast as a counterspell. Unlike a true counterspell, however, dispel magic may not work; you must make a dispel check to counter the other spellcaster's spell. <b>[SR:No]</b>					
<b>Divine Retaliation</b>	<b>Evocation [Force]</b>	1 swift action	1 round	0 ft.	PH2:p.110
<b>[V,S,DF] TARGET:</b> Magic weapon of force; <b>EFFECT:</b> Create divine weapon that mimics deity's favored weapon. Attack modifier is caster level + Str or Wis modifier [your choice]. Damage is the same as base weapon + 1-1/2 Str or Wis modifier [your choice]. The weapon strikes for like amount against any creature that attacks you. <b>[SR:No]</b>					
<b>Dominate Vermin</b>	<b>Transmutation</b>	1 standard action	1 minute/level	Close (55 ft.)	DrU:p.61
<b>[V, S, DF; Drow] TARGET:</b> One vermin; <b>EFFECT:</b> You invest your psyche into a single vermin creature, granting it your Intelligence. While it is so affected, you can direct it with simple commands such as "Attack," "Run," and "Fetch." Since you are in absolute control of the creature, it even follows suicidal commands. You can continue to direct the vermin as long as it remains within range. You need not see it to control it. Changing your instructions or giving a new command is the equivalent of redirecting a spell, so it is a move action. If the vermin is slain, your mind is forced out of the creature violently. The experience deals 1d4 points of Wisdom damage to you. <b>[SR:Yes; DC:21, Will negates]</b>					
<b>Downdraft</b>	<b>Evocation [Air]</b>	1 standard action	Instantaneous	Long (880 ft.)	SC:p.72
<b>[V,S,M] TARGET:</b> Cylinder [20-ft. radius, 100 ft. high]; <b>EFFECT:</b> Downdraft sends a column of turbulent air rushing toward the earth. Airborne creatures caught in the area of a downdraft must succeed on a Reflex save or immediately plummet up to 100 feet straight downward, taking falling damage [1d6 points of damage per 10 feet fallen] if the downdraft makes them hit the ground or collide with an object. Those who succeed on the Reflex save plummet only 50 feet. Creatures already on the ground must succeed on a Reflex save or be knocked prone by the spell. Material Component: A balsa-wood bird carving, which is crushed underfoot. <b>[SR:Yes; DC:21, Reflex partial; see text]</b>					
<b>Earthen Shield</b>	<b>Conjuration (Creation)</b>	1 action	1 minute/level [D]	Close (55 ft.)	DCS:p.107
<b>[V, S] TARGET:</b> Wall of earth up 5 feet long/level and 1 foot thick [S]; <b>EFFECT:</b> This spell creates a small, localized wall of earth, which rises from the ground. You create one wall section 5 feet long, 5 feet tall, and 1 foot thick per level. For example, a 7th-level caster would create a wall 5 feet tall and 1 foot thick that was 20 feet long and then turned and continued another 15 feet. The earthen shield cannot be conjured so that it occupies the same space as a creature or another object. The earthen shield must be vertical and must rest upon a firm foundation, merging with existing earth. You can make the wall up to 10 feet tall by stacking one section on top of another, but that is the maximum height the earthen shield can reach. You can make the wall 2 or more feet thick by stacking one section behind another. The earthen shield is defensive in nature, used to provide cover from attackers. Each 5-foot length of the shield has 100 hit points per foot of thickness. Creatures can hit the shield automatically, and its hardness is 0. A section of shield whose hit points drop to 0 is breached. If a creature tries to break through the wall with a single effort, the DC for the Strength check is 15 + 5 per foot of thickness [on a successful check, a 5-foot section of the wall is destroyed]. The earthen shield requires a DC 15 climb check. <b>[SR:No]</b>

[V, S, M] TARGET: 10-ft.-radius burst; <i>EFFECT</i> : This spell transforms a magic potion into a volatile substance that can be hurled out to the specified range. The spell destroys the potion and releases a 10-foot-radius burst of energy at the point of impact. The caster must specify the energy type [acid, cold, electricity, fire, or sonic] when the spell is cast. The potion deals 1d6 points of damage [of the appropriate energy type] per spell level of the potion [maximum 3d6]. [V,S] TARGET: All creatures within a 20-ft.-radius burst centered on you; <i>EFFECT</i> : When you cast energy vortex, you choose one of four energy types: acid, cold, electricity, or fire. A blast of that energy type bursts in all directions from you, dealing 1d8 points of damage +1 point per caster level 20 to nearby creatures other than you. If you are willing to take the damage yourself, you deal twice as much damage. You don't get a Reflex save, but spell resistance applies, as do any resistances and immunities you have to the energy type. The descriptor of this spell is the same as the energy type you choose when you cast it. [SR:Yes; DC:21, Reflex half]

[V,S,M] TARGET: Creature touched; <i>EFFECT</i> : The subject receives the protection of a divine power commensurate with the value of the expended material component. Only one of the benefits described below applies per casting of this spell; they do not stack. By expending 250 gp, you grant the subject damage reduction 5/magic; resistance to acid, cold, electricity, fire, and sonic 10; and spell resistance equal to your caster level. By expending 1,000 gp, you grant the subject damage reduction 10/magic; resistance to acid, cold, electricity, fire, and sonic 15; and spell resistance equal to your caster level +5. By expending 10,000 gp, you grant the subject damage reduction 20/magic; resistance to acid, cold, electricity, fire, and sonic 20; and spell resistance equal to your caster level +10. [V,S,M] TARGET: Creature touched; <i>EFFECT</i> : The subject gains the ability to deal greater damage against larger creatures. For every size category of an opponent bigger than the subject of the spell, the subject deals an extra 1d6 points of damage on any successful melee attack. For example, a Medium creature would deal an extra 1d6 points of damage against a Large creature, 2d6 against Huge, 3d6 against Gargantuan, or 4d6 against a Colossal creature. Material Component: A dragon's claw or a giant's fingernail. [SR:Yes [harmless]; DC:21, Fortitude negates [harmless]]

[V,S,M] TARGET: Nonmagical weapon touched; <i>EFFECT</i> : You can temporarily turn any single normal or masterwork melee weapon into a magic, flaming one. For the duration of the spell, the weapon acts as a +1 flaming burst weapon. Material Component: A lump of phosphorus, touched to the target weapon. [SR:No]						
<div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> </div> <div>Footsteps of the Divine</div>	Transmutation	1 standard action	1 round/level [D]	Personal	CC:p.120	
[V, S, DF] TARGET: You; <i>EFFECT</i> : Your body twists and reshapes itself, allowing you brief freedom from the confines of a wholly humanoid shape. Upon casting this spell, you briefly acquire a new movement.MoDE and speed, as given on the table below. Unlike most deity-variable spells, footsteps of the divine does not limit you to the option offered by your own deity; you are free to choose any option presented on the table. If you choose an option offered by a deity other than your own, however, the spell duration is halved. You can choose only one option per casting. Your assumption of a new movement.MoDE, if any, imposes certain physical changes on you. For instance, if footsteps of the divine grants you flight, you grow wings; if it grants you a burrow speed, you grow heavy digging claws; and so forth. A "-" entry indicates that you gain no new movement type, but your base speed increases by the amount indicated. At any point before the duration expires, you can choose to employ a burst of truly inhuman speed. Doing so adds an additional +10 feet to your speed per round remaining in the spell's duration. However, this effect lasts for only a single round, after which the spell ends.

[V, S] TARGET: One ghost or naturally incorporeal undead; <i>EFFECT</i> : The target creature is enveloped in a violet haze that forces it to manifest fully for the duration of the spell. Forced manifestation counters and dispels forced incorporeality. [SR:Yes; DC:21, Will negates]						
<div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> </div> <div>Fuse Arms</div>	Transmutation	1 standard action	10 minutes/level	Touch	SC:p.100	
[V,S] TARGET: Creature with at least two arms or tentacles touched; <i>EFFECT</i> : You cause a creature's multiple arms or tentacles to fuse together into a single pair of stronger limbs. Only limbs that the creature can use as arms or grasping limbs are affected by the spell [so basilisks and monstrous centipedes, neither of which use their limbs to attack or manipulate objects, are unaffected]. For every set of limbs fused into the primary set of limbs, the creature gains +4 to Strength when using those fused limbs [affecting activities that would use those limbs, but not activities relying on its bite, legs, and so on]. For example, a girallon under the effect of this spell would have one pair of arms and Strength 26 for the purpose of using those arms. A behir, which has three pairs of limbs that it can use as arms, would end up with one pair of arm-limbs with a +8 bonus to Strength for those arms [its six legs would be unaffected]. The loss of limbs might reduce the number of attacks available to the subject. If the subject has only two arms or tentacles, they are fused into a single limb, and the creature gains a +4 bonus to Strength on attack rolls made with that limb. [S, M/DF] TARGET: Willing corporeal creature touched; <i>EFFECT</i> : The subject and all its gear become insubstantial, misty, and translucent. Its material armor [including natural armor] becomes worthless, though its size, Dexterity, deflection bonuses, and armor bonuses from force effects still apply. The subject gains damage reduction 10/magic and becomes immune to poison and critical hits. It can't attack or cast spells with verbal, somatic, material, or focus components while in gaseous form. [This does not rule out the use of certain spells that the subject may have prepared using the feats Silent Spell, Still Spell, and Eschew Materials.] The subject also loses supernatural abilities while in gaseous form. If it has a touch spell ready to use, that spell is discharged harmlessly when the gaseous form spell takes effect. A gaseous creature can't run, but it can fly at a speed of 10 feet [maneuverability perfect]. It can pass through small holes or narrow openings, even mere cracks, with all it was wearing or holding in its hands, as long as the spell persists. The creature is subject to the effects of wind, and it can't enter water or other liquid. It also can't manipulate objects or activate items, even those carried along with its gaseous form. Continuously active items remain active, though in some cases their effects may be moot. Arcane Material Component: A bit of gauze and a wisp of smoke. [SR:No]

[V,S] TARGET: One weapon or fifty projectiles [all in contact at time of casting]; <i>EFFECT</i> : Ghost touch weapon makes a weapon magically capable of dealing damage normally to incorporeal creatures, regardless of its enhancement bonus. [An incorporeal creature's 50% chance to avoid damage does not apply to attacks made with weapons under the effect of this spell.] A ranged weapon affected by this spell does not bestow the ability on its ammunition. The weapon can be picked up and moved by an incorporeal creature at any time. A manifesting ghost can wield the weapon against corporeal foes. Essentially, a weapon under the effect of this spell counts as either corporeal or incorporeal at any given time, whichever is more beneficial to the wielder. [V,S,M] TARGET: Creature touched; <i>EFFECT</i> : You give the subject an additional pair of arms. Each of its arms-new and old-ends in a clawed hand with fingers and an opposable thumb. The creature's original arms [if any] are its primary arms, and new limbs are secondary limbs [if the subject had no arms, the arms created by the spell are its primary arms]. The creature gains four claw attacks, each using its base attack bonus + its Str modifier for attack rolls. Each claw deals 1d4 points of damage + the subject's Str modifier, and if an opponent is struck by two or more claws in 1 round, the subject can rend it for an additional 2d4 points of damage + 1-1/2 times its Str modifier. A creature cannot use normal weapons and the claw attacks in the same round, and the subject does not gain additional claw attacks from a high base attack bonus. Material Component: A few strands of girallon hair. [SR:Yes [harmless]; DC:21, Fortitude negates [harmless]]

[V, S, M] TARGET: Object touched or up to 60 sq. ft.; <i>EFFECT</i> : As glyph of warding, except that instead of a spell effect or a blast of energy, the spell unleashes a burst of positive or negative energy, depending on whether you channel positive or negative energy. When you cast this spell, it uses one of your turning attempts for the day. If you have a feat or special ability that alters your turning check [such as Empower Turning], you may apply that modifier to the turning or rebuking stored in the glyph. When the glyph is triggered, the turning or rebuking attempt functions as if you were making the turning roll. A successful turning or rebuking attempt causes the undead to flee the glyph. If the result is that the undead are commanded, they guard the area of the glyph for 24 hours and then are released from the effects of the command. The commanded undead do not serve you. [V, S, M] TARGET: Object touched or up to 60 sq. ft; <i>EFFECT</i> : This powerful inscription harms those who enter, pass, or open the warded area or object. A glyph of warding can guard a bridge or passage, ward a portal, trap a chest or box, and so on. You set the conditions of the ward. Typically, any creature entering the warded area or opening the warded object without speaking a password [which you set when casting the spell] is subject to the magic it stores. Alternatively or in addition to a password trigger, glyphs can be set according to physical characteristics [such as height or weight] or creature type, subtype, or kind. Glyphs can also be set with respect to good, evil, law, or chaos, or to pass those of your religion. They cannot be set according to class, Hit Dice, or level. Glyphs respond to invisible creatures normally but are not triggered by those who travel past them ethereally. Multiple glyphs cannot be cast on the same area. However, if a cabinet has three drawers, each can be separately warded. When casting the spell, you weave a tracery of faintly glowing lines around the warding sigil. A glyph can be placed to conform to any shape up to the limitations of your total square footage. When the spell is completed, the glyph and tracery become nearly invisible. Glyphs cannot be affected or bypassed by such means as physical or magical probing, though they can be dispelled. Mislead, polymorph, and nondetection [and similar magical effects] can fool a glyph, though nonmagical disguises and the like can't. Read magic allows you to identify a glyph of warding with a DC 13 Spellcraft check. Identifying the glyph does not discharge it and allows you to know the basic nature of the glyph [version, type of damage caused, what spell is stored]. Note: Magic traps such as glyph of warding are hard to detect and disable. A rogue [only] can use the Search skill to find the glyph and Disable Device to thwart it. The DC in each case is 25 + spell level, or 28 for glyph of warding. Depending on the version selected, a glyph either blasts the intruder or activates a spell. Blast Glyph: A blast glyph deals 1d8 points of damage per two caster levels [maximum 5d8] to the intruder and to all within 5 feet of him or her. This damage is acid, cold, fire, electricity, or sonic [caster's choice, made at time of casting]. Each creature affected can attempt a Reflex save to take half damage. Spell resistance applies against this effect. Spell Glyph: You can store any harmful spell of 3rd level or lower that you know. All level-dependent features of the spell are based on your caster level at the time of casting the glyph. If the spell has a target, it targets the intruder. If the spell has an area or an amorphous effect the area or effect is centered on the intruder. If the spell summons creatures, they appear as close as possible to the intruder and attack. Saving throws and spell resistance operate as normal, except that the DC is based on the level of the spell stored in the glyph. Material Component: You trace the glyph with incense, which must first be sprinkled with powdered diamond worth at least 200 gp. [SR:No (object) and Yes; see text; DC:21, See text]

[V] TARGET: You; <i>EFFECT</i> : You create a silvery glow around your body that provides illumination to a radius of 60 feet. You gain a :20 circumstance penalty on Hide checks made while under the effect of this spell. For the duration of the spell, you gain a +2 sacred bonus to Dexterity, and your base land speed increases by 10 feet. Your touch attacks and any melee weapons you wield become infused with this power as well. They are treated as good-aligned weapons for the purpose of overcoming damage reduction.

[V, S, DF (E)] TARGET: Creature touched; <i>EFFECT</i> : You bestow a prescient unborn soul on the creature touched, giving him an uncanny ability to anticipate danger. As an immediate action, the target creature can activate the guardian spirit. While active, the spirit's prescience provides the recipient of the spell with a +2 insight bonus on Armor Class, Reflex saving throws, Dexterity checks [including initiative checks], and Dexterity-based skill checks. The guardian spirit remains active for 1 minute, and then its power is expended and the spell ends. No creature can be the target of more than one guardian spirit spell simultaneously. If a second is cast before the first has been discharged, the second spell dissipates to no effect. ## Cleric Spells

<b>Hamatula Barbs</b>	<b>Transmutation</b>	1 standard action	10 minutes/level	Touch	SC:p.109
<b>[V,S,M] TARGET:</b> Creature touched; <b>EFFECT:</b> Any creature hitting the subject of this spell with a handheld weapon or a natural weapon takes 1d8 points of slashing and piercing damage from the subject's barbs. This damage does not apply to attackers using reach weapons, such as longspears. The subject itself is not harmed by its own barbs. Arcane Material Component: A barb from a hamatula. <b>[SR:Yes [harmless]; DC:21, Fortitude negates]</b>					
<b>Hammer of Righteousness</b>	<b>Evocation [Force, Good]</b>	1 standard action	Instantaneous	Medium (220 ft.)	BE:p.100
<b>[V, S, Sacrifice] TARGET:</b> Magic warhammer of force; <b>EFFECT:</b> A great warhammer of positive energy springs into existence, launches toward a target that you can see within the range of the spell, and strikes unerringly. The hammer of righteousness deals 1d6 points of damage per caster level to the target, or 1d8 points of damage per caster level if the target is evil. The caster can decide to deal nonlethal damage instead of lethal damage with the hammer, or can split the damage evenly between the two types. How the damage is split must be decided before damage is rolled. The hammer is considered a force effect and has no miss chance when striking an incorporeal target. A successful Fortitude save halves the damage. Sacrifice: 1d3 points of Strength damage. <b>[SR:Yes; DC:21, Fortitude half]</b>					
<b>Handfang</b>	<b>Necromancy [Evil]</b>	1 action	12 rounds	Touch	Rac:p.190
<b>[V, S] TARGET:</b> Creature touched; <b>EFFECT:</b> You create a fanged, biting mouth in the palm of your hand. <b>[SR:No; DC:21, Reflex half]</b>					
<b>Heart's Ease</b>	<b>Enchantment (Compulsion) [Mind-Affecting]</b>	1 standard action	Permanent	Close (55 ft.)	BE:p.100
<b>[V, S, Df] TARGET:</b> One creature/level; <b>EFFECT:</b> Heart's ease cures emotional wounds in the same way that heal wipes away physical ones. The subjects are cured of any fear effect, despair effect [such as the crushing despair spell], or similar maddening condition, including charms and compulsions [such as charm person, dominate person, and similar spells]. It removes any lingering psychological effects of torture [including the increased effectiveness of torture devices, as described in the Book of Vile Darkness]. It cures confusion and insanity, restores 2d4 points of Wisdom damage [but not permanent Wisdom drain], and leaves the targets feeling refreshed and at peace. <b>[SR:Yes (harmless); DC:21, Will negates (harmless)]</b>					
<b>Helping Hand</b>	<b>Evocation</b>	1 standard action	12 hours	5 miles	PH:p.239
<b>[V, S, Df] TARGET:</b> Ghostly hand; <b>EFFECT:</b> You create the ghostly image of a hand, which you can send to find a creature within 5 miles. The hand then beckons to that creature and leads it to you if the creature is willing to follow. When the spell is cast, the hand appears in front of you. You then specify a person [or any creature] by physical description, which can include race, gender, and appearance but not ambiguous factors such as level, alignment, or class. When the description is complete, the hand streaks off in search of a subject that fits the description. The amount of time it takes to find the subject depends on how far away she is. Distance   Time to Locate 100 ft. or less   1 round   1,000 ft.   1 minute   1 mile   10 minutes   2 miles   1 hour   3 miles   2 hours   4 miles   3 hours   5 miles   4 hours   Once the hand locates the subject, it beckons the creature to follow it. If the subject does so, the hand points in your direction, indicating the most direct feasible route. The hand hovers 10 feet in front of the subject, moving before it at a speed of as much as 240 feet per round. Once the hand leads the subject back to you, it disappears. The subject is not compelled to follow the hand or act in any particular way toward you. If the subject chooses not to follow, the hand continues to beckon for the duration of the spell, then disappears. If the spell expires while the subject is en route to you, the hand disappears; the subject must then rely on her own devices to locate you. If more than one subject in a 5-mile radius meets the description, the hand locates the closest creature. If that creature refuses to follow the hand, the hand does not seek out a second subject. If, at the end of 4 hours of searching, the hand has found no subject that matches the description within 5 miles, it returns to you, displays an outstretched palm [indicating that no such creature was found], and disappears. The ghostly hand has no physical form. It is invisible to anyone except you and a potential subject. It cannot engage in combat or execute any other task aside from locating a subject and leading it back to you. The hand can't pass through solid objects but can ooze through small cracks and slits. The hand cannot travel more than 5 miles from the spot it appeared when you cast the spell. <b>[SR:No]</b>					
<b>Hesitate</b>	<b>Enchantment (Compulsion) [Mind-Affecting]</b>	1 immediate action	1 round/level [D]; see text	Close (55 ft.)	PH2:p.114
<b>[V,S] TARGET:</b> One living creature; <b>EFFECT:</b> Creature can only take move action on its t'urn; retry save each round [swift action]. <b>[SR:Yes; DC:21, Will negates; see text]</b>					
<b>Hold Person or Ghost</b>	<b>Enchantment (Compulsion) [Ectomancy, Mi]</b>	1 action	12 rounds [D]	Medium (220 ft.)	GW:p.54
<b>[V, S, F/Df] TARGET:</b> One humanoid or ghost of Medium-size or smaller; <b>EFFECT:</b> As hold person, except that it also affects ghosts. <b>[SR:Yes; DC:21, Will negates]</b>					
<b>Holy Storm</b>	<b>Conjuration (Creation) [Good, Water]</b>	1 standard action	1 round/level [D]	20 ft.	SC:p.115
<b>[V,S,M,Df] TARGET:</b> Cylinder [20-ft. radius, 20 ft. high]; <b>EFFECT:</b> A driving rain falls around you. It falls in a fixed area once created. The storm reduces hearing and visibility, resulting in a -4 penalty on Listen, Spot, and Search checks. It also applies a -4 penalty on ranged attacks made into, out of, or through the storm. Finally, it automatically extinguishes any unprotected flames and has a 50% chance to extinguish protected flames [such as those of lanterns]. The rain damages evil creatures, dealing 2d6 points of damage per round [evil outsiders take double damage] at the beginning of your turn. Material Component: A flask of holy water [25 gp]. <b>[SR:No]</b>					
<b>Ice Axe</b>	<b>Evocation [Cold]</b>	1 standard action	1 round/level [D]	0 ft.	SC:p.118
<b>[V,S,M] TARGET:</b> Battleaxe-shaped weapon of swirling ice; <b>EFFECT:</b> This spell creates a battleaxe-shaped formation of jagged, fast-swirling ice shards in your hand. You are automatically considered proficient with the ice axe. Attacks with the ice axe are melee touch attacks. The axe deals 2d12 points of cold damage +1 point per two caster levels 10 with a successful hit. You cannot be disarmed of the ice axe nor can it be sundered. Since the axe is virtually weightless, your Strength modifier does not apply on damage rolls. If your base attack bonus is high enough to allow for multiple attacks in a round, you can make them with the ice axe. If you choose to hold something other than the ice axe in your hand or use the hand in some other way, the ice axe vanishes until the hand is empty again. Material Component: A shard of ice, glass, or crystal. <b>[SR:Yes]</b>					
<b>Ice Shape</b>	<b>Transmutation [Cold]</b>	1 standard action	Instantaneous	Touch	Fr:p.95

<b>Interplanar Message</b>	<b>Evocation [Language-Dependent]</b>	1 standard action	24 hours/level	One creature	SC:p.124
<b>[V,S] TARGET:</b> One creature; <b>EFFECT:</b> This spell allows you to send a limited message of twenty-five words or less to the targeted creature, who can be on another plane when the message is received. Casting the spell takes a standard action, during which you touch the creature you intend to communicate with. That creature should be able to understand a language you know [otherwise, when the magic is activated, the creature knows that you sent the message, but has no idea what the message is]. At any time afterward, you can send your interplanar message to that creature. The message pops into the target's mind, awake or asleep, and the target is aware that the message has been delivered. If the message arrives when the target is asleep, it might appear as a vivid dream that the target remembers upon awakening. This spell does not obligate nor force the creature you communicate with to act. The target cannot reply to tell you its plans or intentions. The message travels through the Astral Plane to reach its target, so the spell cannot reach planes separate from [not coterminous to or coexistent with] the Astral Plane. You can have only one interplanar message active at any given time. <b>[SR:Yes [harmless]; DC:21, Will negates [harmless]]</b>					
<b>Investiture Of The Bearded Devil</b>	<b>Transmutation [Evil, Investiture]</b>	1 standard action	1 minute/level	Close (55 ft.)	FCI:p.102
<b>[V, S, M] TARGET:</b> One living creature; <b>EFFECT:</b> With a rush of sinister green light, you invest the target with infernal energy, drawing power from a bearded devil to fuel the spell. You cause the target to grow a long, ropy mass of callused tissue from his chin that vaguely resembles a beard. This beard flails about as though it were alive. If the subject successfully hits an adjacent opponent with at least one melee attack in a round, it also automatically hits with its beard, dealing an extra 2d8 points of damage. The subject also gains resistance to fire 5. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the bearded devil]. While this spell is in effect, magic weapons with the evil outsiderbane special ability have full effect against the subject of the investiture. After the spell's duration expires [or if it is dispelled or ended through some other means], the subject is fatigued for 1 minute. Material Component: A fist-sized chunk of brimstone. <b>[SR:Yes (harmless); DC:21, Will negates (harmless)]</b>					
<b>Investiture Of The Chain Devil</b>	<b>Transmutation [Evil, Investiture]</b>	1 standard action	1 minute/level	Close (55 ft.)	FCI:p.102
<b>[V, S, M] TARGET:</b> One living creature; <b>EFFECT:</b> With a rush of red light and the faint clanking of many chains, you invest the target with the power of a chain devil. While under the effect of this spell, the target is infused with the magical energies and malignant will of a chain devil. While the spell is in effect, the subject's reach increases by 5 feet, and the subject's maximum number of attacks of opportunity made each round increases by one. In addition, the subject gains resistance to fire 5. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the chain devil]. While this spell is in effect, magic weapons with the evil outsiderbane special ability have full effect against the subject of the investiture. After the spell's duration expires [or if it is dispelled or ended through some other means], the subject is fatigued for 1 minute. <b>Invisibility Purge</b>	<b>Evocation</b>	1 standard action	12 minutes [D]	Personal	PH:p.245

<b>Invoke the Cerulean Sign</b>	<b>Evocation</b>	1 Standard Action	Instantaneous	30 ft	Lom:null
<b>[S] TARGET:</b> Multiple aberrations whose combined total Hit Dice do not exceed twice caster level in a spread emanating from the character to the extreme of the range; <b>EFFECT:</b> The cerulean sign is an ancient symbol said to embody the purifyof the natural world, and as such it is anathema to aberrations. While druids and rangers are the classes most often known to cast this ancient spell, its magic is nearly universal and can be mastered by all spellcasting classes. When you cast this spell, you trace the cerulean sign in the air with a hand, leaving a glowing blue rune in the air for a brief moment before it flashes and fills the area of effect with a pulse of cerulean light. Any aberration within the area must make a Fortitude saving throw or suffer the following ill effects. Closer aberrations are affected first. Aberration Hit = Dice Effect: Up to caster level +10 None; Up to caster level +5 Sickened; Up to caster level Nauseated; Up to caster level -5 Dazed; Up to caster level -10 Stunned; Each effect lasts for 1 round. None: The aberration suffers no ill effect, even if it fails the saving throw. Sickened: The aberration takes a -2 penalty on attack rolls, saving throws, skill checks, and ability checks for 1 round. Nauseated: The aberration cannot attack, cast spells, concentrate on spells, or do anything but take a single move action for 1 round. Dazed: The aberration can take no actions, but has no penalty to its Armor Class, for 1 round. Stunned: The aberration drops everything held, can't take actions, takes a -2 penalty to AC, and loses its Dexterity bonus to AC [if any] for 1 round. Once a creature recovers from an effect, it moves up one level on the table. Thus, a creature that is stunned by this spell is dazed the round after that, nauseated the round after that, sickened the round after that, and then recovers fully the next round. <b>[SR:No; DC:21, Fortitude Negates]</b>					
<b>Knight's Move</b>	<b>Transmutation (Teleportation)</b>	1 swift action	Instantaneous	5 ft./2 levels; see text	SC:p.129
<b>[V,S,Df] TARGET:</b> You; <b>EFFECT:</b> You can teleport with a limited distance and a circumspect form of movement. You can instantly move up to 5 feet per two caster levels with this spell, but you must end this movement in a square that leaves you flanking an enemy.					
<b>Know Bloodline</b>	<b>Divination</b>	1 standard action	Instantaneous	Close (55 ft.)	LE:p.32

<b>Know Opponent</b>	<b>Divination</b>	1 standard action	Instantaneous	Close (55 ft.)	SC:p.129
<b>[S,Df] TARGET:</b> One creature; <b>EFFECT:</b> You gauge the strengths and weaknesses of an opponent to gain combat advantages. Upon casting this spell, you learn a number of strengths or weaknesses of the target equal to one, plus one strength or weakness per two caster levels [maximum four]. You can choose to learn strengths, weaknesses, or some combination thereof that you specify. If a creature has more strengths or weaknesses than you can learn with a single casting, you learn the most powerful ones first. Thus, if a monster can use finger of death at will and has resistance to sonic 5, you would learn about finger of death first. Strengths can include attack forms and special abilities [including spelllike abilities or supernatural abilities]. Weaknesses include vulnerability to an energy type. For example, suppose a 7th-level cleric casts know opponent on a blackarmored warrior, choosing to learn one strength and two weaknesses. The warrior fails his save, and the DM informs the cleric's player that the opponent has the ability to drain energy [a strength], is adversely affected by sunlight, and can be repelled by a holy symbol [both weaknesses]. The cleric then concludes that he faces a vampire and breaks out the wooden stakes. <b>[SR:Yes; DC:21, Will negates]</b>

<b>[V,S] TARGET:</b> One creature; <b>EFFECT:</b> You learn any special qualities, vulnerabilities, and resistances the target creature has. attacks. The spell identifies resistances and vulnerabilities granted by spell effects. For example, if cast upon a balor, you learn that it has damage reduction 15/cold iron and good; spell resistance 28; immunity to poison, fire, and electricity; resistance to acid 10 and cold 10; and that it does not have any particular vulnerabilities. **[SR:Yes; DC:21, Will negates]**

Light of Venya	Evocation [Good, Light]	1 standard action	10 minutes/level [D]	Medium (220 ft.)	SC:p.132
<b>[V,S] TARGET:</b> You and up to two rays; see text; <b>EFFECT:</b> This spell functions like light of Lunia, except that a softy pearly radiance is created. Your light rays deal 3d6 points of damage, or 6d6 points of damage against undead and evil outsiders. Alternatively, you can choose for the ray to heal 1d6 points of damage + your divine spellcaster level maximum 1d6+10 to a living, non-evil creature. <b>[SR:Yes; see text]</b>					
Light of Wisdom	Abjuration	1 swift action	1 round/level, or until discharged	Touch	CC:p.124
<b>[V, S, DF] TARGET:</b> Holy symbol touched; <b>EFFECT:</b> A cool, blue radiance pours forth from your extended holy symbol, increasing your power against the foul scourge of the undead. When you cast light of wisdom upon your holy symbol, your effective turning level increases by 1 per three caster levels. These bonus levels apply only for the purpose of determining the most powerful undead that your turning check can affect and whether or not the undead you turn are destroyed outright. The increase has no bearing on the amount of turning damage you deal with a successful turn attempt. <b>[SR:No]</b>					
Locate Node	Divination	1 standard action	12 minutes	12 miles	CR:31
<b>[V,S,F,DF] TARGET:</b> Circle, centered on you, with a radius of 12 miles; <b>EFFECT:</b> Finds closest node in a 12 mile radius. <b>[SR:No]</b>					
Locate Object	Divination [Water Shugenja]	1 standard action	12 minutes	Long (880 ft.)	PH:p.249
<b>[V, S, F/DF] TARGET:</b> Circle, centered on you, with a radius of 880 ft.; <b>EFFECT:</b> You sense the direction of a well-known or clearly visualized object. You can search for general items, in which case you locate the nearest one of its kind if more than one is within range. Attempting to find a certain item requires a specific and accurate mental image; if the image is not close enough to the actual object, the spell fails. You cannot specify a unique item unless you have observed that particular item firsthand [not through divination]. The spell is blocked by even a thin sheet of lead. Creatures cannot be found by this spell. Polymorph any object fools it. Arcane Focus: A forked twig. <b>[SR:No]</b>					
Magic Circle against Chaos	Abjuration [Lawful]	1 standard action	120 minutes	Touch	PH:p.249
<b>[V, S, M/DF] TARGET:</b> 10-ft.-radius emanation from touched creature; <b>EFFECT:</b> This spell functions like magic circle against evil, except that it is similar to protection from chaos instead of protection from evil, and it can imprison a nonlawful called creature. <b>[SR:No; see text; DC:21, Will negates (harmless)]</b>					
Magic Circle against Evil	Abjuration [Good]	1 standard action	120 minutes	Touch	PH:p.249
<b>[V, S, M/DF] TARGET:</b> 10-ft.-radius emanation from touched creature; <b>EFFECT:</b> All creatures within the area gain the effects of a protection from evil spell, and no nongood summoned creatures can enter the area either. You must overcome a creature's spell resistance in order to keep it at bay [as in the third function of protection from evil], but the deflection and resistance bonuses and the protection from mental control apply regardless of enemies' spell resistance. This spell has an alternative version that you may choose when casting it. A magic circle against evil can be focused inward rather than outward. When focused inward, the spell binds a nongood called creature [such as those called by the lesser planar binding, planar binding, and greater planar binding spells] for a maximum of 24 hours per caster level, provided that you cast the spell that calls the creature within 1 round of casting the magic circle. The creature cannot cross the circle's boundaries. If a creature too large to fit into the spell's area is the subject of the spell, the spell acts as a normal protection from evil spell for that creature only. A magic circle leaves much to be desired as a trap. If the circle of powdered silver laid down in the process of spellcasting is broken, the effect immediately ends. The trapped creature can do nothing that disturbs the circle, directly or indirectly, but other creatures can. If the called creature has spell resistance, it can test the trap once a day. If you fail to overcome its spell resistance, the creature breaks free, destroying the circle. A creature capable of any form of dimensional travel [astral projection, blink, dimension door, etherealness, gate, plane shift, shadow walk, teleport, and similar abilities] can simply leave the circle through that means. You can prevent the creature's extradimensional escape by casting a dimensional anchor spell on it, but you must cast the spell before the creature acts. If you are successful, the anchor effect lasts as long as the magic circle does. The creature cannot reach across the magic circle, but its ranged attacks [ranged weapons, spells, magical abilities, and the like] can. The creature can attack any target it can reach with its ranged attacks except for the circle itself. You can add a special diagram [a two-dimensional bounded figure with no gaps along its circumference, augmented with various magical sigils] to make the magic circle more secure. Drawing the diagram by hand takes 10 minutes and requires a DC 20 Spellcraft check. You do not know the result of this check. If the check fails, the diagram is ineffective. You can take 10 when drawing the diagram if you are under no particular time pressure to complete the task. This task also takes 10 full minutes. If time is no factor at all, and you devote 3 hours and 20 minutes to the task, you can take 20. A successful diagram allows you to cast a dimensional anchor spell on the magic circle during the round before casting any summoning spell. The anchor holds any called creatures in the magic circle for 24 hours per caster level. A creature cannot use its spell resistance against a magic circle prepared with a diagram, and none of its abilities or attacks can cross the diagram. If the creature tries a Charisma check to break free of the trap [see the lesser planar binding spell], the DC increases by 5. The creature is immediately released if anything disturbs the diagram—even a straw laid across it. However, the creature itself cannot disturb the diagram either directly or indirectly, as noted above. This spell is not cumulative with protection from evil and vice versa. Arcane Material Component: A little powdered silver with which you trace a 3-foot-diameter circle on the floor [or ground] around the creature to be warded. <b>[SR:No; see text; DC:21, Will negates (harmless)]</b>

Meld into Stone	Transmutation [Earth, Earth Shugenja]	1 standard action	120 minutes	Personal	PH:p.252
<b>[V, S, DF] TARGET:</b> You; <b>EFFECT:</b> Meld into stone enables you to meld your body and possessions into a single block of stone. The stone must be large enough to accommodate your body in all three dimensions. When the casting is complete, you and not more than 100 pounds of nonliving gear merge with the stone. If either condition is violated, the spell fails and is wasted. While in the stone, you remain in contact, however tenuous, with the face of the stone through which you melded. You remain aware of the passage of time and can cast spells on yourself while hiding in the stone. Nothing that goes on outside the stone can be seen, but you can still hear what happens around you. Minor physical damage to the stone does not harm you, but its partial destruction [to the extent that you no longer fit within it] expels you and deals you 5d6 points of damage. The stone's complete destruction expels you and slays you instantly unless you make a DC 18 Fortitude save. Any time before the duration expires, you can step out of the stone through the surface that you entered. If the spell's duration expires or the effect is dispelled before you voluntarily exit the stone, you are violently expelled and take 5d6 points of damage. The following spells harm you if cast upon the stone that you are occupying: Stone to flesh expels you and deals you 5d6 points of damage. Stone shape deals you 3d6 points of damage but does not expel you. Transmute rock to mud expels you and then slays you instantly unless you make a DC 18 Fortitude save, in which case you are merely expelled. Finally, passwall expels you without damage. <b>[SR:No]</b>					
Nauseating Breath	Conjuration (Creation)	1 standard action	Instantaneous	30 ft.	SC:p.146
<b>[V,S,M] TARGET:</b> Cone-shaped burst; <b>EFFECT:</b> You breathe out a cone of nauseating vapors. Any creature in the area must succeed on a Fortitude save or be nauseated for 1d6 rounds. Material Component: A piece of fish at least one day old. <b>[SR:No; DC:21, Fortitude negates]</b>					
Obscure Object	Abjuration [Antimagic Domain]	1 standard action	8 hours [D]	Touch	PH:p.258
<b>[V, S, M/DF] TARGET:</b> One object touched of up to 1200 lbs; <b>EFFECT:</b> This spell hides an object from location by divination [scrying] effects, such as the scrying spell or a crystal ball. Such an attempt automatically fails [if the divination is targeted on the object] or fails to perceive the object [if the divination is targeted on a nearby location, object, or person]. Arcane Material Component: A piece of chameleon skin. <b>[SR:Yes (object); DC:21, Will negates (object)]</b>					
Path of the Exalted	Divination	1 standard action	1 decision; see text	Personal	BE:p.103
<b>[V, Abstinence] TARGET: ; EFFECT:</b> Path of the exalted allows the caster to consult her deity [or an agent of her deity] to help make a difficult decision. This decision is usually more complex than a simple morality question. It may involve strategizing, choosing a particular lead to follow in an investigation, deciding who to help, or other difficult choices. The deity or agent simply helps the character examine a known situation from a number of different angles and makes a recommendation about the correct path to take. This spell does not reveal unknown factors, but merely helps the caster analyze known elements. The spell ends when the deity or agent has provided sufficient guidance for the caster to arrive at a decision. If the caster is out of favor with her deity, this spell may not work until the caster atones. Abstinence Component: The caster must abstain from casting Divination spells for 24 hours prior to the casting of this spell.					
Phieran's Resolve	Abjuration [Good]	1 standard action	1 minute/level	20 ft.	BE:p.103
<b>[V, S, DF, Sacrifice] TARGET:</b> One good creature/level in a 20-ft.-radius burst centered on you; <b>EFFECT:</b> Phieran's resolve [named after the exalted god of suffering, endurance, and perseverance] was devised to comb a t wielders of vile magic. This spell grants targets a +4 sacred bonus on saving throws against spells with the evil descriptor. Sacrifice: 1d3 points of Strength damage. <b>[SR:Yes (harmless); DC:21, Will negates (harmless)]</b>					
Planar Familiar	Transmutation	10 minutes	Instantaneous	Touch	SA:p.14
<b>[V S DF XP] TARGET:</b> Living creature touched; <b>EFFECT:</b> In order to cast this spell, you must have a familiar, special mount, animal companion, or other companion acquired as a class ability. The spell does not function on outsiders or undead. When you cast the spell, the target creature undergoes a transformation into a celestial, fiendish, axiomatic, or anarchic creature, depending on the alignment of your patron deity [or your alignment, if you have no patron deity]. If your patron deity is good, the creature becomes celestial. If your patron deity is evil, the creature becomes fiendish. If your patron deity is lawful neutral, the creature becomes axiomatic, and if your patron deity is chaotic neutral, the creature becomes anarchic. The axiomatic and anarchic creature templates are detailed in Manual of the Planes. If the target creature is your familiar, it gains energy resistance, fast healing, damage reduction, and additional damage for its smite attack as though its Hit Dice were equal to your character level. Otherwise, use its actual Hit Dice to determine these qualities. If the target creature becomes axiomatic, its linked minds ability applies to you [and only to you]. You cannot cast this spell on another character's companion creature. Most creatures consider the transformation harmless and beneficial, but if the creature resists, a successful Fortitude save negates the spell. XP Cost: 500 XP. <b>[SR:Yes (harmless); DC:21, Fortitude negates (harmless)]</b>					
Prayer	Enchantment (Compulsion) [Mind-Affecting]	1 standard action	12 rounds	40 ft.	PH:p.264
<b>[V, S, DF] TARGET:</b> All allies and foes within a 40-ft.-radius burst centered on you; <b>EFFECT:</b> You bring special favor upon yourself and your allies while bringing disfavor to your enemies. You and your each of your allies gain a +1 luck bonus on attack rolls, weapon damage rolls, saves, and skill checks, while each of your foes takes a -1 penalty on such rolls. <b>[SR:Yes]</b>					
Protection from Dessication	Abjuration	1 standard action	120 minutes or until discharged	Touch	SA:p.119
<b>[V,S,DF] TARGET:</b> Living creature touched; <b>EFFECT:</b> Warded creature immune to dehydration until the spell has absorbed 100 damage. <b>[SR:Yes (harmless); DC:21, Fort negates (harmless)]</b>					
Protection from Energy	Abjuration [WujenEarth, WujenFire, WujenI	1 standard action	120 minutes or until discharged	Touch	PH:p.266
<b>[V, S, DF] TARGET:</b> Creature touched; <b>EFFECT:</b> Protection from energy grants temporary immunity to the type of energy you specify when you cast it [acid, cold, electricity, fire, or sonic]. When the spell absorbs 12 points per caster level of energy damage [to a maximum of 120 points at 10th level], it is discharged. Note: Protection from energy overlaps [and does not stack with] resist energy. If a character is warded by protection from energy and resist energy, the protection spell absorbs damage until its power is exhausted. <b>[SR:Yes (harmless); DC:21, Fortitude negates (harmless)]</b>

The corpse remains charged with this energy for up to 24 hours. If an undead creature eats a full meal of the corpse's flesh within this time [a humanlike undead creature, such as a ghoul, generally taking 10 minutes], the undead gains fast healing 1 upon completing its feast, which lasts for the next 5 minutes. This effect does not stack with any fast healing the undead has from other sources. This spell does not allow the undead to regrow or attach lost body parts. Eating the flesh discharges the spell from the corpse. You can cast this spell multiple times on a corpse, allowing more than one undead to benefit from eating it, though a single undead gorging itself on multiple "meals" does not gain any extra benefit while the first meal is in effect [the fast healing does not stack]. A typical Medium corpse is usually enough for ten such meals, a Small corpse five, Tiny two, and Diminutive one. A living creature that eats a charged corpse must succeed on a Fortitude saving throw or immediately contract filth fever [DMG 292; no incubation time]. It does not provide the means for the subject to move in that direction. A safety spell points out the shortest distance out of a poisonous cloud, or the direction one should dig to reach the surface if entombed in earth. It does not function against the maze spell, because that spell deals no physical damage. Nor does the spell provide knowledge of or protection against the creatures that inhabit those safe places. In the D&amp;D cosmology [DMG 150], safety has the following effects when cast on specific planes. Plane of Shadow: Shortest route out of darklands. Elemental Plane of Air: Nearest windproof shelter, shortest route out of smoke bank. Elemental Plane of Earth: Nearest air pocket or open cavern. Elemental Plane of Fire: Shortest route out of magma pools or other unusually hot places. Elemental Plane of Water: Nearest pocket of breathable air; shortest route out of hot spot, ice pocket, or red tide. Negative Energy Plane: Nearest doldrum area with the minor negative- dominant trait. Positive Energy Plane: Nearest edge zone with the minor positive- dominant trait. Limbo: Nearest area of stabilized limbo. Pandemonium: Nearest shelter from a windstorm. Carceri: Shortest route out of a Minethys sandstorm. Gehenna: Nearest flat ledge, nearest shelter from Mungoth's acidic snow. Nine Hells: Nearest shelter from fireballs on Avernus, rockslides on Malbolge, or cold on Cania. Achéron: Nearest shelter from Ocanthus bladestorms. On planes you create yourself, safety might provide other information. This spell is mostly used in hostile environments, such as one of the Inner Planes, to locate the nearest pocket of habitable space. If safety is cast and then followed by a plane shift spell [PH 262], the plane shift sends the subject of safety to a place of relative safety on that plane. It is transported to a pocket of air on the Elemental Plane of Water, for example, or a cool spot on the Elemental Plane of Fire. <b>[SR:No or Yes [harmless]; DC:21, None or Will negates [harmless]]</b></div> </div> </div>	Abjuration	1 standard action	10 minutes/level	Touch	SC:p.179

<b>[V,S] TARGET:</b> You; <b>EFFECT:</b> After you cast this spell, the next spell you cast within the duration that requires concentration to maintain is maintained for you until the sonorous hum spell expires. This effect allows you to cast other spells, even another spell that also requires concentration. If the spell maintained by the sonorous hum has a shorter duration than that of this spell, the maintained spell expires as it normally would, and you gain no further benefits from this casting of sonorous hum. The sound created by the spell is as loud as a person in armor walking at a slow pace trying not to make noise [normally a DC 5 Listen check to detect]. You can end the spell as a free action. For example, you could cast this spell, then cast detect thoughts, and this spell maintains the concentration on detect thoughts while you cast discern lies and maintain concentration on that spell yourself. You control all aspects of both spells, so you could change the orientation of the detect thoughts effect and select a different target for your discern lies spell in the same round. <b>[V, S] TARGET:</b> You; <b>EFFECT:</b> Bright, clear light sprouts from your body, quickly flaring before fading to a faint white pulse. This spell infuses your body with energy drawn from the Positive Energy Plane, making it easier to repair injuries. Whenever you cast or are the target of a conjuration [healing] spell, you can choose for the spell to heal a number of extra points of damage equal to twice the spell's level. If such a spell heals at least 10 points of damage, it also removes the fatigued condition from the target [or reduces exhaustion to fatigue]. If soul of light and soul of anarchy are active on you at the same time, you gain damage reduction 3/evil or lawful. If soul of light and soul of order are active on you at the same time, you gain damage reduction 3/chaotic or evil. Soul of light counters and dispels soul of shadow, and vice versa. <b>[V, S] TARGET:</b> You; <b>EFFECT:</b> Flecks of darkness whirl in your eyes, and your shadow seems to grow and writhe, echoing darkness within you. This spell infuses your body with energy drawn from the Negative Energy Plane. Whenever you cast or are the target of an inflict spell, you can choose for the spell to deal a number of extra points of damage equal to twice the spell's level. [Only undead casters typically choose for such spells to "deal" extra damage to them.] If you cast such a spell that deals at least 10 points of damage to any one target, it also removes the fatigued condition from you [or reduces exhaustion to fatigue]. If soul of shadow and soul of anarchy are active on you at the same time, you gain damage reduction 3/good or lawful. If soul of shadow and soul of order are active on you at the same time, you gain damage reduction 3/chaotic or good. Soul of shadow counters and dispels soul of light, and vice versa. <b>[V,S] TARGET:</b> Undead creature touched; <b>EFFECT:</b> For the duration of the spell, the undead creature is subject to extra damage from critical hits [and thus sneak attacks], nonlethal damage, ability drain, energy drain, fatigue, exhaustion, and damage to its physical ability scores [though it still lacks a Constitution score and thus can't take Constitution damage] as if it were alive. It loses its immunity to effects that require a Fortitude save, as well as its invulnerability to poison, sleep effects, paralysis, stunning, disease, and death effects. However, an undead affected by this spell gains a bonus on its Fortitude saves equal to its Charisma bonus [if any]. [The bonus doesn't apply to Fortitude saves against effects that also affect objects.] It must breathe, eat, and sleep just like a normal living creature [though the last two aren't likely to come into play thanks to the spell's short duration]. While it is under the effect of this spell, both negative energy [such as inflict spells] and positive energy [such as cure spells] heal damage to the undead creature, rather than damaging it. ☐☐☐☐☐ <b>Speak with Dead</b>	Necromancy [Language-Dependent]	10 minutes	12 minutes	10 ft.	PH:p.281
<b>[V, S, DF] TARGET:</b> One dead creature; <b>EFFECT:</b> You grant the semblance of life and intellect to a corpse, allowing it to answer several questions that you put to it. You may ask one question per two caster levels. Unasked questions are wasted if the duration expires. The corpse's knowledge is limited to what the creature knew during life, including the languages it spoke [if any]. Answers are usually brief, cryptic, or repetitive. If the creature's alignment was different from yours, the corpse gets a Will save to resist the spell as if it were alive. If the corpse has been subject to speak with dead within the past week, the new spell fails. You can cast this spell on a corpse that has been deceased for any amount of time, but the body must be mostly intact to be able to respond. A damaged corpse may be able to give partial answers or partially correct answers, but it must at least have a mouth in order to speak at all. This spell does not let you actually speak to the person [whose soul has departed]. It instead draws on the imprinted knowledge stored in the corpse. The partially animated body retains the imprint of the soul that once inhabited it, and thus it can speak with all the knowledge that the creature had while alive. The corpse, however, cannot learn new information. Indeed, it can't even remember being questioned. This spell does not affect a corpse that has been turned into an undead creature. <b>[SR:</b> No; <b>DC:</b> 21, Will negates; see text]					
☐☐☐☐☐ <b>Spiderbind</b>	Transmutation	1 standard action	12 rounds	Close (55 ft.)	CV:58
<b>[V,S,M] TARGET:</b> 6 spider or spiderlike creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> Affected creatures are affected as a slow spell, reduced to one move or attack action during the round. Additionally, they take a -1 penalty on attack rolls, AC, and Reflex saves. They move at half their normal speed rounded down. Their poison attacks don't work for the duration. While the spell is prepared, you get a +2 circumstance save bonus against poison. <b>[SR:</b> Yes; <b>DC:</b> 21, Fortitude negates]					
☐☐☐☐☐ <b>Spikes</b>	Transmutation	1 standard action	1 hour/level	Touch	SC:p.202
<b>[V,S,M] TARGET:</b> Wooden weapon touched; <b>EFFECT:</b> This spell functions like brambles [page 38], except that the affected weapon gains a +2 enhancement bonus on its attack rolls, and its threat range is doubled. This effect does not stack with other effects that increase a weapon's threat range, such as the Improved Critical feat. <b>[SR:</b> No]					
☐☐☐☐☐ <b>*Stone Shape</b>	Transmutation [Earth, WuJenEarth, Earth SI]	1 standard action	Instantaneous	Touch	PH:p.284
<b>[V, S, M/DF] TARGET:</b> Stone or stone object touched, up to 22 cu. ft.; <b>EFFECT:</b> You can form an existing piece of stone into any shape that suits your purpose. While it's possible to make crude coffers, doors, and so forth with stone shape, fine detail isn't possible. There is a 30% chance that any shape including moving parts simply doesn't work. Arcane Material Component: Soft clay, which must be worked into roughly the desired shape of the stone object and then touched to the stone while the verbal component is uttered. <b>[SR:</b> No]

☐☐☐☐☐ <b>Subdue Aura</b>	Abjuration	1 standard action	10 minutes/ level	Touch	CC:p.128
<b>[V, S] TARGET:</b> Creature or object touched; <b>EFFECT:</b> The normally formidable aura that marks you as a servant of a higher power recedes, leaving few traces of your allegiance visible to creatures that can see such marks. This spell masks the target's aura, making it appear less powerful than it really is. For every two caster levels, the target of a subdue aura spell appears to have 1 fewer Hit Die than it really does. If the target has no aura, the spell has no effect. <b>[SR:</b> Yes [object]; <b>DC:</b> 21, Will negates [object]]					
☐☐☐☐☐ <b>Summon Monster III</b>	Conjuration (Summoning)	1 round	12 rounds [D]	Close (55 ft.)	PH:p.286
<b>[V, S, F/DF] TARGET:</b> One or more summoned creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like summon monster I, except that you can summon one creature from the 3rd-level list, 1d3 creatures of the same kind from the 2nd-level list, or 1d4+1 creatures of the same kind from the 1st-level list. <b>[SR:</b> No]

☐☐☐☐☐ <b>Suppress Glyph</b>	Abjuration	1 standard action	1 minute/level	100 ft.	SC:p.216
<b>[V,S] TARGET:</b> 100-ft.-radius emanation centered on you; <b>EFFECT:</b> You gain an enhanced awareness of magical writing within range. Magical writing such as a glyph of warding, explosive runes, sepia snake sigil, or symbol is covered by a blue nimbus of light [which sheds light equal to a candle]. This effect reveals the location of the writing without triggering it. For every source of magical writing, you can make a dispel check 10 against a DC equal to 11 + the writing's caster level. If you are successful, the magical writing is suppressed for 1 minute per caster level. You and other creatures could then read a book guarded by explosive runes, or open a drawer guarded by a glyph of warding, or pass through a doorway protected by a symbol without effect. This spell covers and negates any active or triggered magical writing [such as a quickly scribed symbol of fear or a triggered symbol of death], although creatures that have already succumbed to the effect of the writing are unaffected. Once this spell ends, all magical writing in the area can be triggered normally, and active or triggered writings resume their function if they have any duration left. <b>[SR:</b> Yes [object]; <b>DC:</b> 21, Will negates [object]]					
☐☐☐☐☐ <b>Telepathic Bond, Lesser</b>	Divination [Mind-Affecting]	1 standard action	120 minutes	30 ft.	CD:p.183

☐☐☐☐☐ <b>Telepathy Tap</b>	Divination	1 standard action	1 round/level [D]	Personal	BE:p.110
<b>[Sacrifice] TARGET:</b> 10-ft./level-radius emanation; <b>EFFECT:</b> You can overhear the telepathic conversations of other creatures within the spell's area. Telepathy tap does not allow you to detect the uncommunicated thoughts of creatures or understand conversations spoken in languages you do not comprehend. In an area where numerous telepathic conversations are occurring at the same time, you must specify the creatures you wish to overhear during a given round. You can separate and decipher the telepathic messages of a number of creatures equal to 1 + your Intelligence bonus. Telepathy tap does not allow you to overhear the telepathic conversations of creatures protected by a mind blank spell, nor does it grant the ability to telepathically communicate with other creatures. Sacrifice: 1d3 points of Strength damage. <b>[SR:</b> No]					
☐☐☐☐☐ <b>Tremor</b>	Evocation [Earth]	1 standard action	1 round/3 levels	Medium (220 ft.)	SC:p.223
<b>[V,S,DF] TARGET:</b> 40-ft.-radius spread; <b>EFFECT:</b> This minor quake is not strong enough to damage structures. The effect lasts for 1 round per three caster levels, during which time any spellcaster on the ground in the area must succeed on a Concentration check [DC 15 + spell level] or lose any spell she is casting. A creature attempting to use a skill that would provoke attacks of opportunity [such as Disable Device, Heal, Open Lock, and Use Rope, among others] must succeed on a DC 15 Concentration check, or the action automatically fails and is wasted. Each creature in the area must make a Reflex save each round or be knocked prone. <b>[SR:</b> No; <b>DC:</b> 21, See text]					
☐☐☐☐☐ <b>Unholy Storm</b>	Conjuration (Creation) [Evil, Water]	1 standard action	1 round/level [D]	Personal	SC:p.227
<b>[V,S,M,DF] TARGET:</b> Cylinder [20-ft.-radius, 20 ft. high]; <b>EFFECT:</b> A driving rain falls around you. It falls in a fixed area once created. The storm reduces hearing and visibility, resulting in a -4 penalty on Listen, Spot, and Search checks. It also applies a -4 penalty on ranged attacks made into, out of, or through the storm. Finally, it automatically extinguishes any unprotected flames and has a 50% chance to extinguish protected flames [such as those of lanterns]. The rain damages good creatures, dealing 2d6 points of damage per round [good outsiders take double damage]. Material Component: A flask of unholy water [25 gp]. <b>[SR:</b> No]					
☐☐☐☐☐ <b>Unliving Weapon</b>	Necromancy [Evil]	1 round	1 hour/level	Touch	BV:BoVD

<b>[V,S] TARGET:</b> Living creature touched; <b>EFFECT:</b> This spell functions like lesser vigor, except as noted here and that it grants fast healing 2. You suffuse yourself with power, gaining 5 temporary hit points. Using this power again when an earlier manifestation has not expired merely replaces the older temporary hit points [if any remain] with the newer ones. Augment: For every additional power point you spend, the number of temporary hit points you gain increases by 5. <b>[SR:</b> Yes [harmless]; <b>DC:</b> 21, Will negates [harmless]]

<div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <div> <div>Vision of the Omniscient Eye</div> <div>[V, S] <b>TARGET:</b> You; <b>EFFECT:</b> Your eyes briefly flash with brilliant light, opening your mind to encompass every object nearby. You gain great vision, allowing you to see everything in the surrounding area clearly. You gain a +10 insight bonus on Spot checks and immunity to being dazzled or blinded [if you are already dazzled or blinded, you can see normally for the duration of the spell]. Additionally, if you cast this while under the effect of see invisibility, true seeing, or any other spell that allows you to see invisible creatures, you can activate a faerie fire effect [as the spell] on any invisible creature or object within 60 feet as a swift action. Doing this ends the duration of vision of the omniscient eye; the faerie fire effect lasts for 1 minute. The wall is opaque to all other creatures, though you can see through it without difficulty. A wall of light has no physical substance and does not otherwise hinder attacks, movement, or spells passing through it, although it blocks line of sight for other creatures. A creature that passes through a wall of light becomes dazzled for the duration of the spell. Spell resistance applies when passing through the wall. Sightless creatures and those already dazzled are not affected by passing through a wall of light. A wall of light sheds light equivalent to a daylight spell. Wall of light counters or dispels any darkness spell of equal or lower level. Material Component: A pinch of powdered sunstone. Mud, oil, snow, quicksand, running water, ice, and even lava can be traversed easily, since the subjects' feet hover an inch or two above the surface. [Creatures crossing molten lava still take damage from the heat because they are near it.] The subjects can walk, run, charge, or otherwise move across the surface as if it were normal ground. If the spell is cast underwater [or while the subjects are partially or wholly submerged in whatever liquid they are in], the subjects are borne toward the surface at 60 feet per round until they can stand on it. <div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <div> <div>Weapon of Energy</div> <div>[V, S, DF] <b>TARGET:</b> One weapon; <b>EFFECT:</b> You cause a weapon to gain the ability to deal energy damage in addition to its other abilities, similar to how a flaming burst weapon deals extra fire damage on a hit or critical hit. The weapon can deal acid, cold, electricity, fire, or sonic damage, chosen by you at the time of casting. The weapon deals +1d6 damage of that energy type on a successful hit. On a critical hit, the weapon deals an additional +1d10 points of energy damage. If the weapon's critical multiplier is x3, add +2d10 points of energy damage instead, and if the multiplier is x4, add +3d10 points of bonus energy damage. This spell can be cast on a weapon that already deals energy damage, but if the weapon already creates the same type of damage as the spell, the effects do not stack. For example, if cast on a +1 flaming longsword to give it additional fire damage, the spell has no effect, but it can give the weapon any of the other types of energy damage. This spell has a subtype that is the same as the energy created by the target weapon. For example, weapon of energy is a fire spell when used to give a weapon bonus fire damage. This transmutation doubles the threat range of the weapon. If the spell is cast on sling bullets or other bludgeoning projectiles, the weapon of impact effect on a particular projectile ends after one use, whether or not the missile strikes its intended target. You can use the weapon as if you had proficiency with it even if you normally do not. The weapon gains a +1 enhancement bonus on attack rolls and damage rolls and an additional special ability [see the list below]. A double weapon gains this enhancement bonus and special ability for only one of its two ends, as chosen by you. When you reach caster level 9th, the enhancement bonus of the weapon increases to +2. At 12th level, the bonus rises to +3, at 15th level it is +4, and at 18th level it becomes +5. The list below includes deities from the core pantheon as well as those given here. It is 2 feet thick and of considerable strength. It is a roaring blast sufficient to blow away any bird smaller than an eagle, or tear papers and similar materials from unsuspecting hands. [A Reflex save allows a creature to maintain its grasp on an object.] Tiny and Small flying creatures cannot pass through the barrier. Loose materials and cloth garments fly upward when caught in a wind wall. Arrows and bolts are deflected upward and miss, while any other normal ranged weapon passing through the wall has a 30% miss chance. [A giant-thrown boulder, a siege engine projectile, and other massive ranged weapons are not affected.] Gases, most gaseous breath weapons, and creatures in gaseous form cannot pass through the wall [although it is no barrier to incorporeal creatures]. While the wall must be vertical, you can shape it in any continuous path along the ground that you like. It is possible to create cylindrical or square wind walls to enclose specific points. Moving upward is similar to walking up a hill. The maximum upward or downward angle possible is 45 degrees, at a rate equal to one-half the air walker's normal speed. A strong wind [21+ mph] can push the subject along or hold it back. At the end of its turn each round, the wind blows the air walker 5 feet for each 5 miles per hour of wind speed. The creature may be subject to additional penalties in exceptionally strong or turbulent winds, such as loss of control over movement or physical damage from being buffeted about. Should the spell duration expire while the subject is still aloft, the magic falls slowly. The subject floats downward 60 feet per round for 1d6 rounds. If it reaches the ground in that amount of time, it lands safely. If not, it falls the rest of the distance, taking 1d6 points of damage per 10 feet of fall. Since dispelling a spell effectively ends it, the subject also descends in this way if the air walk spell is dispelled, but not if it is negated by an antimagic field. You can cast air walk on a specially trained mount so it can be ridden through the air. When you cast this spell, choose one non-neutral aspect of your own alignment-chaos, evil, good, or law. [If you are neutral, you can select whichever alignment you wish each time you cast this spell.] You are immediately surrounded in a 20-foot aura of invisible energy associated with the chosen alignment component. Anyone in that area who shares that alignment component gains a bonus, and anyone with the opposed alignment component must make a Fortitude save or take a penalty. The values of these.MODifiers and the features to which they apply are given on the following table. These.MODifiers end when the affected creature leaves the spell's area. Alignment Bonus Penalty Chaos +1 on attack rolls -1 on saving throws Evil +1 on damage rolls -1 to Armor Class Good +1 on saving throws -1 on attack rolls Law +1 to Armor Class -1 on damage rolls At any point before the duration expires, you can choose to unleash the spell's remaining power in a 60-foot burst that deals 1d4 points of damage per round of duration remaining [maximum 15d4] to each creature of the opposed alignment in the area. Cleric Spells					
Assay Spell Resistance	Divination	1 swift action	1 round/level	Personal	SC:p.17
[V,S] TARGET: You; <b>EFFECT:</b> This spell gives you a +10 bonus on caster level checks to overcome the spell resistance of a specific creature. Assay resistance is effective against only one specific creature per casting, and you must be able to see the creature when you cast the spell.					
Astral Hospice	Conjuration [Teleportation]	1 standard action	24 hours/level	Close (55 ft.)	SC:p.17
[V,S,M] TARGET: See text; <b>EFFECT:</b> This spell can be cast only upon the Astral Plane [DMG 154]. It opens up a small planar portal to a demiplane where natural healing can occur [unlike on the Astral Plane itself]. The firm surface of the demiplane is roughly 50 feet square, and the demiplane extends 50 feet above the surface. The demiplane's traits [including time, gravity, and magic] match those of the Material Plane, and the demiplane is self-contained; walking to one end returns a character to the point from which he began. The demiplane has no unusual planar traits. The only way in or out of the demiplane is through the entrance created by you, and only those named or described by you upon the casting of the spell can enter. The portal continues to exist and remains visible on the Astral Plane only while the hospice demiplane exists. When you leave the demiplane, the portal seals shut and vanishes. Anyone still in the hospice demiplane at that time appears on the Astral Plane at the location of the hospice's entrance. Material Component: A single flawless gemstone of at least 250 gp value.					
Aura of the Sun	Abjuration [Light]	1 standard action	12 rounds [D]	10 ft.	LE:p.30

Beast Claws	Transmutation	1 Standard Action	12 rounds	Personal	CD:p.151-152

Bleakness	Evocation [Darkness, Evil]	1 standard action	1 round/level [D]	Close (55 ft.)	PH2:p.104
[V,S,DF] TARGET: 20-ft.-radius emanation centered on a point in space; <b>EFFECT:</b> Living creatures take 1d6 points of damage each round. Any effect that prevents negative damage prevents the damage [death ward]. Undead gain turn +4 turn resistance and fast healing 3 while in the area of effect. Also dispels any light spell of equal or lower level. [SR:No]					
Blessing of the Righteous	Evocation [Good]	1 standard action	1 round/level	40 ft.	PH2:p.104
[V,S,DF] TARGET: All allies in a 40-ft.-radius burst centered on you; <b>EFFECT:</b> You and your allies melee and ranged attacks deal an extra 1d6 holy damage, weapons are considered good-aligned for overcoming DR. [SR:Yes (harmless); DC:22, Will negates (harmless)]					
Blindsight	Transmutation	1 standard action	1 minute/level	Touch	SC:p.32
[V,S] TARGET: Creature touched; <b>EFFECT:</b> This spell grants the subject the blindsight ability [MM 306] effective out to 30 feet. [SR:Yes (harmless); DC:22, Will negates (harmless)]					
Blindsight, Greater	Transmutation	1 standard action	1 minute/level	Touch	SC:p.32
[V,S] TARGET: Creature touched; <b>EFFECT:</b> This spell functions like blindsight, except as noted above and that the blindsight granted by the spell is effective out to 60 feet. [SR:Yes (harmless); DC:22, Will negates (harmless)]					
Blood of the Martyr	Necromancy [Healing] [Good]	1 standard action	Instantaneous	Medium (220 ft.)	BE:p.92
[V, S] TARGET: Willing creature; <b>EFFECT:</b> You may transfer your own hit points directly to a target creature within range. You must transfer at least 20 points. Transferred hit points are damage to you. The creature takes your transferred hit points as if receiving a cure wounds spell and cannot gain more hit points than its maximum allows; any excess points are lost. This spell transfers only actual hit points, not temporary hit points. An unconscious target is considered a "willing creature" for purposes of this spell. [SR:Yes]					
Briartangle	Transmutation	Standard Action	12 minutes [D]	Long (880 ft.)	PG:p.100
[V, S, DF] TARGET: Plants in a 40-ft.-radius spread; <b>EFFECT:</b> Each entangled creature takes 1d8+6 in each subsequent round it attempts to break free or move it takes a like amount of damage. [SR:Yes; DC:22, Reflex half]					
Castigate	Evocation [Sonic]	1 standard action	Instantaneous	10 ft.	SC:p.44
[V] TARGET: 10-ft. radius burst centered on you; <b>EFFECT:</b> This spell has no effect on creatures that cannot hear. All creatures whose alignment differs from yours on both the law-chaos and the good-evil axes take 1d4 points of damage per caster level [maximum 10d4]. All creatures whose alignment differs from yours on one component take half damage, and this spell does not deal damage to those who share your alignment. For example, a lawful good cleric who casts this spell deals full damage to any creature that is not lawful and not good, half damage to any creature that is lawful or good [but not both], and no damage to lawful good creatures. A Fortitude saving throw reduces damage by half. [SR:Yes; DC:22, Fortitude half]					
Celestial Brilliance	Evocation [Good, Light]	1 standard action	1 day/level [D]	Touch	BE:p.94
[V, S] TARGET: Object touched; <b>EFFECT:</b> The object touched sheds light brighter than bright sunlight, channeled directly from the celestial realms. The light extends to a 120-foot radius: bright light to 60 feet and dim light in another 60 feet. Creatures with light sensitivity take twice the usual penalty when they are within 60 feet of the object. Undead creatures take 1d6 points of damage each round they are within the bright light. Evil outsiders, as well as undead creatures that are specifically harmed by sunlight, take 2d6 points of damage each round in the bright light. Celestial brilliance brought into an area of magical darkness [or vice versa] is temporarily negated, so that the otherwise prevailing light conditions exist in the overlapping areas of effect. Celestial brilliance counters or dispels any darkness spell of equal or lower level, such as deeper darkness. [SR:No]					
Celestial Fortress	Conjuration (Creation) [Good, Sanctified]	10 minutes	24 hours [D]	Close (55 ft.)	CV:53
[V,S,DF] TARGET: 20 ft. square structure; <b>EFFECT:</b> Creates a simple flat-roofed fort with a sturdy door, fireplace, but no windows. It is protected by consecrate and magic circle against evil. Creating it drains you of 1d2 points of Constitution. [SR:No]

Claws of the Savage	Transmutation [Evil]	1 standard action	10 minutes/level	Touch	BV:BoVD
[V, S] TARGET: One creature; <b>EFFECT:</b> Subject gains claws that deal damage based on size. [SR:No]					
Confound	Enchantment (Compulsion)	1 standard action	1 round/level	Close (55 ft.)	CC:p.118
[V, S, DF] TARGET: One creature; <b>EFFECT:</b> Your opponent's eyes try to follow your gestures while you cast, and they fail to refocus when you finish. You render the target unable to follow your movements effectively. The subject takes a -2 penalty on attack rolls made against you, and you gain a +2 circumstance bonus on attack rolls made against it. If you worship a deity that provides access to the Trickery domain-even if you did not choose that domain-these.MODiffers rise to -3 and +3, respectively. Furthermore, the subject cannot make attacks of opportunity against you. If you successfully cast this spell on the same subject in each of 2 consecutive rounds, these beneficial effects extend to your allies as well. [SR:Yes; DC:22, Will negates]					
Conjure Ice Beast IV	Conjuration (Creation) [Cold]	1 round	12 rounds [D]	Close (55 ft.)	Fr:p.91
[V,S,DF] TARGET: One or more conjured ice creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> Creates a creature to fight for you. [SR:No]					
Consumptive Field	Necromancy [Death, Evil]	1 standard action	1 round/level	30 ft.	SC:p.51
[V,S] TARGET: 30-ft.-radius emanation, centered on you; <b>EFFECT:</b> All creatures in the area with fewer than 0 hit points that fail their saving throws die, and you gain 1d8 temporary hit points and a +2 bonus to Strength for each death caused by this spell and until the spell's duration expires. Additionally, your effective caster level increases by one per death caused by this spell, to a maximum increase of half your original caster level, improving spell effects that are dependent on caster level. [This increase in effective caster level does not grant you access to more spells, and it does not increase the duration of this spell.] Creatures that fall to -1 hit points or lower in the area after the spell is cast are likewise subject to its effect. No creature can be affected by this spell more than once per casting, regardless of the number of times that the area of the spell passes over them					

Cleric Spells					
effect. The spell does not prevent the subject from entering the dying state by dropping to -1 hit points. It merely prevents death as a result of hit point loss. If the subject has fewer than -9 hit points when the spell's duration expires, it dies instantly. <b>[SR:Yes [harmless]; DC:22, Will negates [harmless]]</b>					
□□□□□ <b>Diamond Spray</b>	<b>Evocation [Good]</b>	1 standard action	Instantaneous	60 ft.	BE:p.96
<b>[V, S, M] TARGET:</b> Cone-shaped burst; <b>EFFECT:</b> A blast of diamondlike shards springs from your hand and extends outward in a glittering cone. The cone dazzles evil creatures in the area for 2d6 rounds. The spell also deals 1d6 points of damage per caster level [maximum 10d6]. The damage affects only evil creatures. A successful Reflex save reduces the damage by half but does not negate the dazzling effect. Material Component: Diamond dust worth at least 100 gp. <b>[SR:Yes; DC:22, Reflex half]</b>					
□□□□□ <b>Dimensional Anchor</b>	<b>Abjuration [Earth Shugenja]</b>	1 standard action	12 minutes	Medium (220 ft.)	PH:p.221
<b>[V, S] TARGET:</b> Ray; <b>EFFECT:</b> A green ray springs from your outstretched hand. You must make a ranged touch attack to hit the target. Any creature or object struck by the ray is covered with a shimmering emerald field that completely blocks extradimensional travel. Forms of movement barred by a dimensional anchor include astral projection, blink, dimension door, ethereal jaunt, etherealness, gate, maze, plane shift, shadow walk, teleport, and similar spell-like or psionic abilities. The spell also prevents the use of a gate or teleportation circle for the duration of the spell. A dimensional anchor does not interfere with the movement of creatures already in ethereal or astral form when the spell is cast, nor does it block extradimensional perception or attack forms. Also, dimensional anchor does not prevent summoned creatures from disappearing at the end of a summoning spell. <b>[SR:Yes [object]]</b>					
□□□□□ <b>Discern Lies</b>	<b>Divination [Air Shugenja]</b>	1 standard action	Concentration, up to 12 rounds	Close (55 ft.)	PH:p.221
<b>[V, S, DF] TARGET:</b> 12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> Each round, you concentrate on one subject, who must be within range. You know if the subject deliberately and knowingly speaks a lie by discerning disturbances in its aura caused by lying. The spell does not reveal the truth, uncover unintentional inaccuracies, or necessarily reveal evasions. Each round, you may concentrate on a different subject. <b>[SR:No; DC:22, Will negates]</b>					
□□□□□ <b>Dismissal</b>	<b>Abjuration [Earth Shugenja]</b>	1 standard action	Instantaneous	Close (55 ft.)	PH:p.222
<b>[V, S, DF] TARGET:</b> One extraplanar creature; <b>EFFECT:</b> This spell forces an extraplanar creature back to its proper plane if it fails a special Will save [DC = spell's save DC - creature's HD + your caster level]. If the spell is successful, the creature is instantly whisked away, but there is a 20% chance of actually sending the subject to a plane other than its own. <b>[SR:Yes; DC:22, Will negates; see text]</b>					
□□□□□ <b>Divination</b>	<b>Divination</b>	10 minutes	Instantaneous	Personal	PH:p.224
<b>[V, S] TARGET:</b> You; <b>EFFECT:</b> Similar to augury but more powerful, a divination spell can provide you with a useful piece of advice in reply to a question concerning a specific goal, event, or activity that is to occur within one week. The advice can be as simple as a short phrase, or it might take the form of a cryptic rhyme or omen. If your party doesn't act on the information, the conditions may change so that the information is no longer useful. The base chance for a correct divination is 70% + 1% per caster level, to a maximum of 90%. If the dice roll fails, you know the spell failed, unless specific magic yielding false information is at work. As with augury, multiple divinations about the same topic by the same caster use the same dice result as the first divination spell and yield the same answer each time. Material Component: Incense and a sacrificial offering appropriate to your religion, together worth at least 25 gp. <b>[SR:No]</b>					
□□□□□ <b>Divine Interdiction</b>	<b>Abjuration</b>	1 standard action	1 round/level	Close (55 ft.)	SC:p.70
<b>[V] TARGET:</b> 10-ft.-radius emanation centered on a creature, object, or point in space; <b>EFFECT:</b> This spell can be cast at a point in space, but the effect is stationary unless cast on a mobile object. The spell can be cast on a creature, and the effect then radiates from the creature and moves as it moves. A creature can attempt a Will save to negate the spell, and spell resistance, if any, applies if the spell is cast on a creature. Divine interdiction interferes with a cleric's connection to her divine source of power, resulting in a temporary loss of the ability to turn or rebuke creatures and loss of granted domain powers. Paladins, blackguards, and other classes capable of rebuking and turning also suffer a temporary loss of this ability. This affects the subject's ability to channel energy through the use of a turn or rebuke attempt, and so also interferes with the use of many divine feats. <b>[SR:Yes or No [object]; see text; DC:22, Will negates or None [object]; see text]</b>					
□□□□□ <b>Divine Power</b>	<b>Evocation</b>	1 standard action	12 rounds	Personal	PH:p.224
<b>[V, S, DF] TARGET:</b> You; <b>EFFECT:</b> Calling upon the divine power of your patron, you imbue yourself with strength and skill in combat. Your base attack bonus becomes equal to your character level [which may give you additional attacks], you gain a +6 enhancement bonus to Strength, and you gain 1 temporary hit point per caster level. <b>[SR:No]</b>					
□□□□□ <b>Doomtide</b>	<b>Illusion (Pattern)</b>	1 standard action	1 round/level	80 ft.	SC:p.70
<b>[V,S,DF] TARGET:</b> Eight 10-ft. cubes extending straight from you; <b>EFFECT:</b> Creatures within the area must make Will saves or be dazed for 1 round. Any creature moving into the mist, or a creature that begins its turn in the mist, must succeed on a Will save or also be dazed for 1 round. The mist filling the area obscures all sight, including darkvision, beyond 5 feet. A creature within 5 feet has concealment. Creatures farther away have total concealment. When you cast the spell, you decide if the effect remains stationary or if its point of origin moves straight away from you at a rate of 10 feet per round. A moderate wind disperses the effect in 4 rounds; a strong wind disperses the mist in 1 round. <b>[SR:Yes; DC:22, Will negates]</b>					
□□□□□ <b>Dweomer of Transference</b>	<b>Evocation</b>	1 minute	12 rounds	Close (55 ft.)	XPH:PsionicSpells.rtf
<b>[V, S] TARGET:</b> One willing psionic creature; <b>EFFECT:</b> With this spell, you form a radiating corona around the head of a psionic ally, then convert some of your spells into psionic power points. When you finish casting dweomer of transference, a red-orange glow surrounds the psionic creature's head. For the duration of the spell, any spells cast at the subject don't have their usual effect, instead converting themselves harmlessly into psionic energy that the subject can use as energy for psionic powers. You can cast any spell you like at the subject, even area spells, effect spells, and spells for whom the subject would ordinarily not be a legitimate target. The spells don't do anything other than provide the subject with power points, but you must still cast them normally, obeying the component and range requirements listed in the description of each spell. For each spell you cast into the dweomer of transference, the psionic creature gets temporary power points, according to the following table. The transference isn't perfectly efficient. The temporary power points acquired through a dweomer of transference dissipate after 1 hour if they haven't already been spent. <b>[SR:Yes [Harmless]; DC:22, Will Negates [Harmless]]</b>					
□□□□□ <b>Earth Reaver</b>	<b>Transmutation [Fire]</b>	1 standard action	Instantaneous	Medium (220 ft.)	SC:p.75
<b>[V,S] TARGET:</b> 20-ft.-radius spread; <b>EFFECT:</b> Creatures and objects within the area take 4d6 points of damage from the impact of the rock shards, as well as 3d6 points of fire damage; no saving throw applies to the damage. Creatures in the area must also succeed on a Reflex saving throw or be knocked prone. <b>[SR:Yes; DC:22, Reflex partial]</b>					
□□□□□ <b>Energy Vortex</b>	<b>Evocation [Choose:Acid, Cold, Fire, Electrici]</b>	1 standard action	Instantaneous	20 ft.	SC:p.81
<b>[V,S] TARGET:</b> All creatures within a 20-ft.-radius burst centered on you; <b>EFFECT:</b> When you cast energy vortex, you choose one of four energy types: acid, cold, electricity, or fire. A blast of that energy type bursts in all directions from you, dealing 1d8 points of damage +1 point per caster level 20 to nearby creatures other than you. If you are willing to take the damage yourself, you deal twice as much damage. You don't get a Reflex save, but spell resistance applies, as do any resistances and immunities you have to the energy type. The descriptor of this spell is the same as the energy type you choose when you cast it. <b>[SR:Yes; DC:22, Reflex half]</b>					
□□□□□ <b>Essentia Lock</b>	<b>Abjuration</b>	1 standard action	12 rounds [D]	Medium (220 ft.)	MoI:p.101
<b>[V, S, F/DF] TARGET:</b> One creature; <b>EFFECT:</b> When you cast essentia lock, you freeze the subject's current allocation of essentia in place. The target is unable to shift essentia to or from any soulmelds, feats, or other essentia receptacles he might possess, and must maintain his current allocation of essentia for the duration of the spell. Creatures without essentia are unaffected by this spell. Arcane Focus: A tiny padlock made of silver [10 gp]. <b>[SR:Yes]</b>					
□□□□□ <b>Extend Tentacles</b>	<b>Transmutation</b>	1 standard action	Instantaneous	Personal	SC:p.86
<b>[V] TARGET:</b> You; <b>EFFECT:</b> This spell lengthens your tentacles, increasing the reach of your tentacle attacks by 5 feet. The tentacles attack as normal. If you do not already have tentacles, the spell has no effect on you.					
□□□□□ <b>Fell the Greatest Foe</b>	<b>Transmutation</b>	1 standard action	1 round/level	Touch	SC:p.90
<b>[V,S,M] TARGET:</b> Creature touched; <b>EFFECT:</b> The subject gains the ability to deal greater damage against larger creatures. For every size category of an opponent bigger than the subject of the spell, the subject deals an extra 1d6 points of damage on any successful melee attack. For example, a Medium creature would deal an extra 1d6 points of damage against a Large creature, 2d6 against Huge, 3d6 against Gargantuan, or 4d6 against a Colossal creature. Material Component: A dragon's claw or a giant's fingernail. <b>[SR:Yes [harmless]; DC:22, Fortitude negates [harmless]]</b>					
□□□□□ <b>Freedom of Movement</b>	<b>Abjuration</b>	1 standard action	120 minutes	Personal or touch	PH:p.233
<b>[V, S, M, DF] TARGET:</b> You or creature touched; <b>EFFECT:</b> This spell enables you or a creature you touch to move and attack normally for the duration of the spell, even under the influence of magic that usually impedes movement, such as paralysis, solid fog, slow, and web. The subject automatically succeeds on any grapple check made to resist a grapple attempt, as well as on grapple checks or Escape Artist checks made to escape a grapple or a pin. The spell also allows the subject to move and attack normally while underwater, even with slashing weapons such as axes and swords or with bludgeoning weapons such as flails, hammers, and maces, provided that the weapon is wielded in the hand rather than hurled. The freedom of movement spell does not, however, allow water breathing. Material Component: A leather thong, bound around the arm or a similar appendage. <b>[SR:Yes [harmless]; DC:22, Will negates [harmless]]</b>					
□□□□□ <b>Freeze Armor</b>	<b>Transmutation [Cold]</b>	1 standard action	12 rounds	Close (55 ft.)	Fr:p.94-95
<b>[V,S] TARGET:</b> Metal equipment of 12 creatures; <b>EFFECT:</b> Freezes metal armor, immobilizing and damaging the wearer. Target suffers -6 to hit, -8 to Dex and can't move; see text. <b>[SR:Yes; DC:22, Fort partial]</b>					
□□□□□ <b>Frostburn</b>	<b>Necromancy [Cold]</b>	1 standard action	Instantaneous	Touch	Fr:p.95
<b>[V,S,DF] TARGET:</b> Creature touched; <b>EFFECT:</b> Deal 3d12+12 damage or heal likewise on cold subtype. <b>[SR:Yes; DC:22, Fort half]</b>					
□□□□□ <b>Ghost Bane Weapon</b>	<b>Transmutation</b>	1 action	12 hours	Touch	GW:p.53
<b>[V, S, DF] TARGET:</b> Weapon touched; <b>EFFECT:</b> You give a weapon the ghost bane property in addition to any other properties it has. Against ghosts, your weapon's enhancement bonus [if any] is 2 higher than normal and it deals an extra 2d6 points of damage. The spell has no effect if cast upon a weapon that already has the ghost bane property. At caster level 9th and higher, the weapon gains a +1 enhancement bonus if it is not already a magic weapon. Alternatively, you can affect up to 50 arrows, bolts, or bullets. The projectiles must be of the same type, and they have to be together, such as in the same quiver. Projectiles [but not thrown weapons] lose their ghost bane property when fired. Any weapon affected by this spell glows with witchlight [see the Witchlight feat]. <b>[SR:Yes [harmless, object]; DC:22, Will negates [harmless, object]]</b>					
□□□□□ <b>Ghost Touch Weapon</b>	<b>Transmutation</b>	1 standard action	1 minute/level	Close (55 ft.)	SC:p.102
<b>[V,S] TARGET:</b> One weapon or fifty projectiles [all in contact at time of casting]; <b>EFFECT:</b> Ghost touch weapon makes a weapon magically capable of dealing damage normally to incorporeal creatures, regardless of its enhancement bonus. [An incorporeal creature's 50% chance to avoid damage does not apply to attacks made with weapons under the effect of this spell.] A ranged weapon affected by this spell does not bestow the ability on its ammunition. The weapon can be picked up and moved by an incorporeal creature at any time. A manifesting ghost can wield the weapon against corporeal foes. Essentially, a weapon under the effect of this spell counts as either corporeal or incorporeal at any given time, whichever is more beneficial to the wielder. <b>[SR:Yes [harmless,object]; DC:22, Will negates [harmless,object]]</b>					
□□□□□ <b>Giant Vermin</b>	<b>Transmutation</b>	1 standard action	12 minutes	Close (55 ft.)	PH:p.235
<b>[V, S, DF] TARGET:</b> Up to three vermin, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> You turn three normal-sized centipedes, two normal-sized spiders, or a single normal-sized scorpion into larger forms. Only one type of vermin can be transmuted [so a single casting cannot affect both a centipede and a spider], and all must be grown to the same size. The size to which the vermin can be grown depends on your level; see the table below. Any giant vermin created by this spell do not attempt to harm you, but your control of such creatures is limited to simple commands ["Attack," "Defend," "Stop," and so forth]. Orders to attack a certain creature when it appears or guard against a particular occurrence are too complex for the vermin to understand. Unless commanded to do otherwise, the giant vermin attack whoever or whatever is near them. Caster Level [Vermin Size 9th or lower   Medium 10th-13th   Large 14th-17th   Huge 18th-19th   Gargantuan 20th or higher   Colossal <b>[SR:Yes]</b>					
□□□□□ <b>Glacial Globe of Invulnerability</b>	<b>Abjuration [Cold]</b>	1 standard action	12 rounds [D]	10 ft.	Fr:p.96

□□□□□ <b>Glowing Orb</b>	<b>Evocation [Light]</b>	1 standard action	Permanent	Touch	SC:p.106
<b>[V,S,F] TARGET:</b> Magical, controllable light source; <b>EFFECT:</b> This spell places a magical light source inside a glass sphere roughly the size of a human fist. You can control the light level generated by a glowing orb by mental command [a standard action], provided that the orb is within 30 feet of you. The light level ranges from no light at all to illumination within a 60-foot radius. There is no limit to the number of glowing orbs you can possess, and you can control their light levels independently or in concert. If a glowing orb is smashed, the magic is lost. If you die, however, an orb retains its magic. Any character with an Intelligence or Wisdom of at least 13 can gain control of an orb simply by touching it. Focus: A glass sphere [50 gp] into which the light is placed. An orb usable for this purpose has hardness 0 and 2 hit points. <b>[SR:No]</b>					
□□□□□ <b>Greater Status</b>	<b>Divination</b>	1 standard action	1 hour/level	Touch	BE:p.100
<b>[V, S, DF] TARGET:</b> One creature touched/3 levels; <b>EFFECT:</b> As status [described in the Player's Handbook], but you can also cast a limited selection of spells through the link, as if you were touching the target. You can cast any spell that meets the following conditions: .Level: 0, 1st, or 2nd . Range: Touch . Target: Creature touched . Saving Throw: Harmless For example, if you become aware [through the greater status spell] that one of your linked companions is dying, you can cast cure moderate wounds to try to revive her. <b>[SR:Yes [harmless]; DC:22, Will negates [harmless]]</b>					
□□□□□ <b>Hand of the Faithful</b>	<b>Abjuration [See text]</b>	1 minute	1 hour/level	10 ft.	SC:p.109
<b>[V,S,DF] TARGET:</b> 10-ft.-radius emanation centered on a point in space; <b>EFFECT:</b> You create an immobile zone of warding that is permeable to those of your religion but repels all others. Creatures that have the same deity as you, or are wearing the holy symbol of your deity, can enter and move within the warded area unhindered. Other creatures that try to enter or move within the area must make a Fortitude save each round or be stunned for 1 round. If the creature's only action is to try to move completely out of the area, the ward does not hinder it. Once a creature succeeds on its saving throw, it is no longer affected by that casting of hand of the faithful. This spell has the alignment components of your deity, so if your deity is good and lawful, this is a lawful and good spell. <b>[SR:Yes; DC:22, Fortitude negates]</b>

<b>[V, S, DF] TARGET:</b> Creature touched; see text; <b>EFFECT:</b> You transfer some of your currently prepared spells, and the ability to cast them, to another creature. Only a creature with an Intelligence score of at least 5 and a Wisdom score of at least 9 can receive this bestowal. Only cleric spells from the schools of abjuration, divination, and conjuration [healing] can be transferred. The number and level of spells that the subject can be granted depends on its Hit Dice; even multiple castings of imbue with spell ability can't exceed this limit. HD of Recipient [Spells Imbued 2 or lower  One 1st-level spell 3-4  One or two 1st-level spells 5 or higher  One or two 1st-level spells and one 2nd-level spell The transferred spell's variable characteristics [range, duration, area, and the like] function according to your level, not the level of the recipient. In the meantime, you remain responsible to your deity or your principles for the use to which the spell is put. <b>[V,S,DF] TARGET:</b> You; <b>EFFECT:</b> When you cast this spell, you assume the physical appearance and many of the qualities and abilities of a bearded devil [MM 52]. While under the effect of the spell, your creature type changes to outsider [baatezu, evil, lawful], and your size changes to Medium. You have the space and reach of a bearded devil 0. You gain a +2 profane bonus to Strength and Constitution and darkvision out to 60 feet. You grow a snaky beard. Whenever you take a full attack action, you can use the beard to make an additional attack each round at your highest attack bonus plus all appropriate modifiers. A successful attack deals 1d8 points of damage + your Str modifier. This attack overcomes damage reduction as if it were an evil weapon. Creatures hit by the beard attack must make a Fortitude saving throw 2147483647 or be affected by the devil chills disease [DMG 292]. You gain the ability to speak and understand Infernal.					
☐☐☐☐☐Inflict Critical Wounds	Necromancy	1 standard action	Instantaneous	Touch	PH:p.244
<b>[V, S] TARGET:</b> Creature touched; <b>EFFECT:</b> This spell functions like inflict light wounds, except that you deal 4d8 points of damage +1 point per caster level [maximum +20]. <b>[SR:</b> Yes; <b>DC:</b> 22, Will half]					
☐☐☐☐☐Investiture Of The Amnizu	Transmutation [Evil, Investiture]	1 standard action	1 minute/level	Close (55 ft.)	FCI:p.101
<b>[V, S, M] TARGET:</b> One living creature; <b>EFFECT:</b> With a flash of red light and a sound like the screams of a thousand suffering souls, you invest the target with infernal energy, drawing power from an amnizu to power the spell. You infuse a target with the intellect-sapping power and slippery mind of an amnizu. While under the effect of this spell, the target can, each round as a standard action, make a single melee touch attack. A touched creature takes 1d4 points of Intelligence damage. The subject of this spell can use this touch attack once per two caster levels. The subject of this spell also becomes immune to any effect that would damage, drain, or otherwise reduce its own Intelligence score. In addition, the subject gains resistance to fire 5. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the amnizu]. While this spell is in effect, magic weapons with the evil outsider bane special ability have full effect against the subject of the investiture. After the spell's duration expires [or if it is dispelled or ended through some other means], the subject is fatigued for 1 minute. Material Component: A fist-sized chunk of brimstone. <b>[SR:</b> Yes (harmless); <b>DC:</b> 22, Will negates (harmless)]					
☐☐☐☐☐Investiture Of The Erinyes	Transmutation [Evil, Investiture]	1 standard action	1 minute/level	Close (55 ft.)	FCI:p.102
<b>[V, S, M] TARGET:</b> One living creature; <b>EFFECT:</b> With the sound of flapping wings, you grant the target the power of an erinyes. The target gains the sinister allure of an erinyes. While the spell is in effect, the subject can beckon a creature it can see clearly, forcing it to approach unless the creature succeeds on a Will save against the spell's save DC. On a failed save, the creature can do nothing on its next action except to attempt to move closer to the subject of investiture of the erinyes. The beckoned creature will not take obviously suicidal actions, such as walking off the edge of a cliff. However, it will move normally through squares threatened by other creatures. This is a mind-affecting compulsion effect. Once the beckoned creature enters an adjacent square, or if it was already in an adjacent square, it takes no further action that round. The subject of this spell can use this effect once per three caster levels. In addition, the subject gains resistance to fire 5. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the erinyes]. While this spell is in effect, magic weapons with the evil outsider bane special ability have full effect against the subject of the investiture. After the spell's duration expires [or if it is dispelled or ended through some other means], the subject is fatigued for 1 minute. Material Component: A fist-sized chunk of brimstone. <b>[SR:</b> Yes (harmless); <b>DC:</b> 22, Will negates (harmless); see text]					
☐☐☐☐☐Investiture Of The Harvester Devil	Transmutation [Evil, Investiture]	1 standard action	1 minute/level	Close (55 ft.)	FCI:p.103
<b>[V, S, M] TARGET:</b> One living creature; <b>EFFECT:</b> A deep chuckle sounds as you complete the incantation, and motes of violet light surround the target, imbuing it with infernal energy drawn from a harvester devil. The target of this spell deals horrific, lingering wounds with its melee attacks. If it successfully strikes an opponent with a melee attack, it causes an infernal wound that deals an extra 1d6 points of damage each round until the creature dies, or until the struck creature is the recipient of a DC 20 Heal check, a cure spell, or a heal spell. A creature can be affected by the lingering damage of only one such infernal wound at a time. In addition, the subject gains resistance to fire 5. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the harvester devil]. While this spell is in effect, magic weapons with the evil outsider bane special ability have full effect against the subject of the investiture. After the spell's duration expires [or if it is dispelled or ended through some other means], the subject is fatigued for 1 minute. Material Component: A fist-sized chunk of brimstone. <b>[SR:</b> Yes (harmless); <b>DC:</b> 22, Will negates (harmless)]

moon blade are melee touch attacks. Its strike saps vitality or life force, causing no visible wounds but dealing 1d8 points of damage +1 point per two caster levels 10 to any type of creature except undead. Undead are visibly wounded by a moon blade. Their substance boils away from its touch, and they take 2d8 points of damage +1 point per caster level 20 or below. The blade is immaterial, and your Strength modifier does not apply to the damage. A successful moon blade strike temporarily scrambles magic. On the target's next turn after a hit from a moon blade, the creature must make a Concentration check to use any spell or spell-like ability. The DC is equal to 10 + damage dealt + spell level. [An opponent hit by a moon blade while casting a spell must make the usual Concentration check to avoid losing the spell in addition to the check on its next turn.] Arcane Material Component: A small candy made with wintergreen oil. ☐☐☐☐☐Moral Facade	Abjuration	1 standard action	24 hours	Close (55 ft.)	CC:p.125
[V, S] TARGET: One creature or object; <b>EFFECT:</b> With an uttered incantation and a motion of your hand, you surround your target with a haze that prevents others from discerning its true nature. By casting this spell, you cloak the target in an effect that gives a false alignment reading to all divination spells. At the time of casting, you must designate the alignment that you wish the spell to reveal. [SR:Yes (object); DC:22, Will negates (object)]					
☐☐☐☐☐Mystic Aegis	Abjuration	1 immediate action	Instantaneous	Personal	PH2:p.120
[V,D,F] TARGET: You; <b>EFFECT:</b> You cast mystic aegis immediately when you are targeted by a hostile spell. You gain Spell Resistance 12 + your caster level.					
☐☐☐☐☐Nature's Rampart	Conjuration (Creation)	10 minutes	Instantaneous	Medium (220 ft.)	SA:p.14
[V S M Df] TARGET: Structure up to 40 ft. square; <b>EFFECT:</b> You shape a natural setting into a formidable defensive position. Usually this is used to prepare an open outdoor area such as a hillside or a forest, but a large natural cavern could be shaped into a divine rampart. Artificial structures or features are not affected, although a divine rampart could be positioned to fill a gap between two buildings or barricade an unpaved road. The effects of the spell depend on the terrain: Open Outdoor Site: A rampart or dike of earth 5 feet high and 5 feet thick at its base rises immediately behind a shallow ditch 5 feet wide and 5 feet deep along the perimeter of the site. Creatures behind the dike receive 75% cover. Attackers approaching on foot must scramble down into the ditch and then 10 feet up the dike [Climb DC 10]. Rough Outdoor Site or Cavern: Loose stones and boulders, deadwood, and patches of dense briars are arranged to form a defensible wall 5 feet high and 2 feet thick at the base around the perimeter of the site. Creatures behind the wall receive 75% cover. Marshy or Low-Lying Site: In areas such as marsh, bog, swamp, or tundra, divine rampart cannot raise a wall, but instead creates a water-filled ditch 10 feet wide and 5 feet deep. Creatures forced to wade the ditch are reduced to one-eighth their normal movement [minimum 5 feet] and cannot charge or run. Material Components: A small quartz gem engraved with the image of an exquisite tiny castle, worth at least 100 gp. [SR:No]					
☐☐☐☐☐Nchaser's Glowing Orb	Evocation [Light]	Standard Action	Permanent	Touch	PG:p.107

☐☐☐☐☐Negative Energy Aura	Necromancy	1 standard action	1 round/level	Personal	SC:p.146
[V,S] TARGET: 10-ft.-radius emanation; <b>EFFECT:</b> Each round on your turn, every living creature within 10 feet of you loses 1 hit point per three caster levels [maximum 5]. Undead creatures instead gain 2 hit points per round [though they can't exceed their full normal hit point total from this effect]. Characters with immunity to negative energy effects are not affected by this aura. The aura does not affect you.					
☐☐☐☐☐Neutralize Poison	Conjuration (Healing) [Water Shugenja]	1 standard action	120 minutes	Touch	PH:p.257
[V, S, M/Df] TARGET: Creature or object of up to 12 cu. ft. touched; <b>EFFECT:</b> You detoxify any sort of venom in the creature or object touched. A poisoned creature suffers no additional effects from the poison, and any temporary effects are ended, but the spell does not reverse instantaneous effects, such as hit point damage, temporary ability damage, or effects that don't go away on their own. The creature is immune to any poison it is exposed to during the duration of the spell. Unlike with delay poison, such effects aren't postponed until after the duration - the creature need not make any saves against poison effects applied to it during the length of the spell. This spell can instead neutralize the poison in a poisonous creature or object for the duration of the spell, at the caster's option. Arcane Material Component: A bit of charcoal. [SR:Yes (harmless, object); DC:22, Will negates (harmless, object)]					
☐☐☐☐☐Open Least Chakra	Transmutation	1 standard action	24 hours	Touch	MoI:p.103
[V, S] TARGET: Creature touched; <b>EFFECT:</b> You use magical energies to pry open one chakra, allowing a creature to form a chakra bind that it otherwise could not. [The spell has no effect on chakras to which soulmelds or magic items are already bound; in other words, it does not allow you to double bind to a chakra.] You can open a creature's crown, feet, or hands chakra with this spell. A creature benefiting from this spell can bind a soulmeld or magic item to his opened chakra just as if he had gained the ability to form a chakra bind from a feat or class feature. [SR:Yes (harmless); DC:22, Will negates (harmless)]					
☐☐☐☐☐Panacea	Conjuration (Healing)	1 standard action	Instantaneous	Touch	SC:p.152
[V,S] TARGET: Creature touched; <b>EFFECT:</b> This spell channels positive energy into a creature to wipe away its afflictions. It immediately ends any of the following conditions affecting the subject: blinded, confused, dazed, dazzled, deafened, diseased, exhausted, fatigued, frightened, nauseated, panicked, paralyzed, shaken, sickened, and stunned. It negates sleep effects and the effect of the feebledrink spell, and ends any additional effects from poison, as the neutralize poison spell. It also cures 1d8 points of damage + 1 point per caster level 20. Panacea does not remove ability damage, negative levels, or drained levels. Used against an undead creature, panacea deals damage instead of curing the creature [which takes half damage if it makes a Will saving throw], but it has no other effect. [SR:Yes [harmless]; DC:22, Will half [harmless]; see text]					
☐☐☐☐☐Planar Ally, Lesser	Conjuration (Calling) [See Text]	10 minutes	Instantaneous	Close (55 ft.)	PH:p.261
[V, S, DF, XP] TARGET: One called elemental or outsider of 6 HD or less; <b>EFFECT:</b> By casting this spell, you request your deity to send you an elemental or outsider [of 6 HD or less] of the deity's choice. If you serve no particular deity, the spell is a general plea answered by a creature sharing your philosophical alignment. If you know an individual creature's name, you may request that individual by speaking the name during the spell [though you might get a different creature anyway]. You may ask the creature to perform one task in exchange for a payment from you. Tasks might range from the simple to the complex. You must be able to communicate with the creature called in order to bargain for its services. The creature called requires a payment for its services. This payment can take a variety of forms, from donating gold or magic items to an allied temple, to a gift given directly to the creature, to some other action on your part that matches the creature's alignment and goals. Regardless, this payment must be made before the creature agrees to perform any services. The bargaining takes at least 1 round, so any actions by the creature begin in the round after it arrives. A task taking up to 1 minute per caster level requires a payment of 100 gp per HD of the creature called. For a task taking up to 1 hour per caster level, the creature requires a payment of 500 gp per HD. A long-term task, one requiring up to one day per caster level, requires a payment of 1,000 gp per HD. A nonhazardous task requires only half the indicated payment, while an especially hazardous task might require a greater gift. Few if any creatures will accept a task that seems suicidal [remember, a called creature actually dies when it is killed, unlike a summoned creature]. However, if the task is strongly aligned with the creature's ethos, it may halve or even waive the payment. At the end of its task, or when the duration bargained for expires, the creature returns to its home plane [after reporting back to you, if appropriate and possible]. Note: When you use a calling spell that calls an air, chaotic, earth, evil, fire, good, lawful, or water creature, it is a spell of that type. XP Cost: 100 XP. [SR:No]					
☐☐☐☐☐Planar Exchange, Lesser	Conjuration (Calling)	1 round	1 round/level [D]	0 ft.	SC:p.159
[V,S,DF] TARGET: One called creature; <b>EFFECT:</b> When you cast this spell, you call a celestial brown bear [MM 269], celestial griffon [MM 139], fiendish dire ape [MM 62], or fiendish tiger [MM 281], at your option, to your precise location. At the same instant, you are transported to that creature's home plane, where you exist in stasis for the duration of the spell. To a casual observer, it appears that you have transformed into the called creature [though an onlooker who makes a DC 25 Spot check notices the slight gap in time between your disappearance and the creature's appearance]. If the called creature would not fit in the place you occupied when you cast the spell, the spell fails. If the called creature is slain, you take 2d6 points of damage, the spell ends, and you are returned to your origin plane in the space last occupied by the called creature. A celestial creature [MM 31] called by this spell gains damage reduction 5/magic; resistance to acid 5, cold 5, and electricity 5; spell resistance equal to its HD +5; and a smite evil attack that provides a bonus equal to its HD on one damage roll. A fiendish creature [MM 107] called by this spell gains damage reduction 5/magic; resistance to acid 5 and fire 5; spell resistance equal to its HD +5; and a smite good attack that provides a bonus equal to its HD on one damage roll. You have full control over the creature's actions and can perceive the environment around the called creature as if you were seeing through its eyes, hearing through its ears, and so on. While in stasis, you can't take any actions other than to control the called creature or to dismiss the spell, nor can anything on the creature's home plane affect you in any way. You also can't perceive anything around your body's location. When you dismiss the spell, or when the creature is slain, you appear in the creature's location, and it is returned to its home plane. When you use a calling spell that calls a chaotic, evil, good, or lawful creature, it is a spell of that type. [SR:No]					
☐☐☐☐☐Planar Tolerance	Abjuration	1 immediate action	1 hour/level	20 ft.	SC:p.159
[V] TARGET: One creature/level in a 20-ft. radius burst centered on you; <b>EFFECT:</b> This spell functions like avoid planar effects [page 19], except as noted above. [SR:Yes [harmless]]					
☐☐☐☐☐Poison	Necromancy	1 standard action	Instantaneous; see text	Touch	PH:p.262
[V, S, DF] TARGET: Living creature touched; <b>EFFECT:</b> Calling upon the venomous powers of natural predators, you infect the subject with a horrible poison by making a successful melee touch attack. The poison deals 1d10 points of temporary Constitution damage immediately and another 1d10 points of temporary Constitution damage 1 minute later. Each instance of damage can be negated by a Fortitude save [DC 10 + 1/2 your caster level + your Wis modifier]. [SR:Yes; DC:22, Fortitude negates; see text]					
☐☐☐☐☐Positive Energy Aura	Conjuration (Healing)	1 standard action	1 round/level	Personal	SC:p.161
[V,S] TARGET: 10-ft.-radius emanation centered on you; <b>EFFECT:</b> Each round on your turn, every living creature within 10 feet of you gains 1 hit point per three caster levels [maximum 5]. Creatures can't exceed their full normal hit point totals as a result of this effect. Undead creatures take 2 points of damage per round. Characters with immunity to positive energy effects are not affected by this aura. A positive energy aura does not affect you. [SR:No]					
☐☐☐☐☐Profane Item	Transmutation	1 full round	Permanent until discharged	Touch	CC:p.126
[V, S, DF] TARGET: Object touched; <b>EFFECT:</b> Negative forces flow through your hands and into the object you hold, filling it with a darkly glowing power that gleams for a moment, then subsides. You imbue a touched object with latent negative energy. If the item thereafter touches or is touched by an animal or plant of any alignment, or by an outsider or shapchanger of good alignment, the negative energy discharges with a loud snap, dealing 1d4 points of negative energy damage per caster level [maximum 10d4] to that creature. If the creature discharging the item is an animal or plant, it must save against fear or flee in terror [or cower, if it cannot move] for 1d4 minutes. On a successful save, the creature is merely shaken for the same length of time. If the creature discharging the item is a shapchanger, an image of its natural form or most common alternate form appears for 1d4 rounds, superimposed over its body, revealing its true nature to all witnesses. Profane item counters and dispels sacred item [see below]. [SR:Yes (object); DC:22, Will negates (object)]					
☐☐☐☐☐Pronouncement of Fate	Necromancy	1 standard action	12 rounds	Close (55 ft.)	HH:p.132
[V, S] TARGET: One creature; <b>EFFECT:</b> To invoke this spell, you speak the name of an offense that your target has committed. Then you speak the inevitable doom that will fall upon her as a result of her transgression. [The target need neither understand nor even hear this pronouncement.] An affected target takes a -4 penalty on attack rolls, damage rolls, saving throws, and checks for the duration of the spell. If the offense you named was committed against you personally [although not necessarily against you alone], the target also has a 50% chance of losing all actions on her turn for the duration of the spell. The spell's power can be more difficult to resist, depending on who suffered from the offense specified by the casting. If you were personally affected by the offense [in the DM's judgment], then the target can only hope to reduce the deleterious effects of the spell by half on a successful Will save. You receive a +4 bonus on your caster level check to overcome the spell resistance of any creature whose crime affected you personally. A successful save in these circumstances results in the target taking a -2 penalty on attack rolls, damage rolls, saving throws, and checks. In addition, she has a 25% chance to lose all her actions for the duration of the spell. Any target whose offense did not affect you personally gets her full spell resistance, and a successful Will save negates the effects of the pronouncement of fate. [SR:Special; DC:22, Will negates or Will partial; see text]					
☐☐☐☐☐Proper State	Necromancy [Ectomancy]	1 full round	Instantaneous	Close (55 ft.)	GW:p.56
[V, S, DF] TARGET: One willing incorporeal undead; <b>EFFECT:</b> You transform a willing incorporeal undead creature into a ghost. If its previous class and level are unknown, it becomes a ghost of the same race as you, with warrior levels equal to its undead Hit Dice. If the undead's previous race, class, and level were known [such as if the undead were a former ally that became the spawn of a shadow], it becomes a ghost of its former self. In any case, the creature's character level is no greater than the Hit Dice it had as an undead. For example, a 5th-level dwarf fighter that became a shadow's spawn and was turned into a ghost with this spell would now be a 2nd-level fighter. Levels lost in this manner are handled as if the character had lost levels from an undead's energy drain attack. A creature redeemed with this spell retains the alignment it had as an undead creature, although it is not strongly attached to that alignment and can change it over time or with the aid of an atonement spell. Because only humanoids can become ghosts, this spell works only on incorporeal undead that are vaguely humanoid. For example, it cannot convert a spectral steed [a horselike undead], a nightwing nightshade [a batlike creature], a nightwalker nightshade [a giantlike creature], or a nightcrawler [a wormlike creature] into a ghost. [SR:No]					
☐☐☐☐☐Psychic Poison	Abjuration [Evil]	10 minutes	1 hour/level	Close (55 ft.)	BV:BoVD
[V, S, M/DF] TARGET: 50-ft-radius spread, or one single object or creature that can fit that area; <b>EFFECT:</b> Poisons those casting Divination or Mind-Affecting spells at object, creature or area. [SR:No]					
☐☐☐☐☐Raise Ghost	Conjuration (Healing) [Ectomancy]	1 minute	Instantaneous	Touch	GW:p.57
[V, S, M DF] TARGET: Dead creature touched; <b>EFFECT:</b> As raise dead, except that this spell can bring back only a ghost who has been killed. It does not restore life to a dead body, but instead brings back a slain ghost as a ghost. The spell requires some of the ghost's original ectoplasm [some of the ghost's ectoplasm that has been preserved with magic or alchemy is sufficient]. Alternatively, you may cast it on a dead creature's body to bring it back as a ghost. The creature's soul is aware that it will return as a ghost instead of a living creature and can refuse to accept the spell if it does not want this to happen. This form of the spell works only on creatures that can become ghosts. As with other forms of this magic, if cast within the Manifest Ward, a raised ghost does not lose a level or a Constitution point when brought back from the dead. [SR:Yes (harmless)]

[V S Df] TARGET: All allies and foes within a 60-ft. radius burst centered on you; <b>EFFECT:</b> By reciting a sacred passage or declaration from your holy writings, you bring special favor upon yourself and your allies while bringing disfavor to your foes. You and your allies gain a +2 luck bonus on attack rolls, weapon damage rolls, saves, and skill checks, while foes suffer a -2 penalty on such rolls. The spell affects all allies within the spell's area at the moment you cast it. Your allies gain a +2 luck bonus to AC, on attack rolls, and on saving throws, or a +3 luck bonus if they worship the same deity as you. Divine Focus: In addition to your holy symbol, this spell requires a sacred text as a divine focus. [SR:Yes]

<b>[V, S, M] TARGET:</b> Creature touched; <b>EFFECT:</b> This spell functions like lesser restoration, except that it also dispels negative levels and restores one experience level to a creature who has had a level drained. The drained level is restored only if the time since the creature lost the level is equal to or less than one day per caster level. A character who has a level restored by restoration has exactly the minimum number of experience points necessary to restore him or her to his or her previous level. Restoration cures all temporary ability damage, and it restores all points permanently drained from a single ability score [your choice if more than one is drained]. It also eliminates any fatigue or exhaustion suffered by the target. Restoration does not restore levels or Constitution points lost due to death. For instance, if three of your allies have been mind blasted by mind flayers and two others have been turned into toads by baleful polymorph spells, you must choose to affect either the mind blast [granting three new save attempts] or the baleful polymorphs [granting two new save attempts]. <b>[SR:Yes (harmless); DC:22, Will negates (harmless)]</b>

Your target functions as if a raise dead spell [PH 268] had been cast upon her, except that she does not lose a level and has half of her full normal hit points. She is alive [not undead] for the duration of the spell and can be healed normally, but dies as soon as the spell ends. <b>[V, S, DF] TARGET:</b> Object touched; <b>EFFECT:</b> Protective forces flow through your hands into the object you hold, suffusing it with a golden glow that shines for a moment, then subsides. You imbue a touched object with latent positive energy. If the item thereafter touches or is touched by an undead creature of any alignment, or by an outsider or shapechanger of evil alignment [other than yourself], the positive energy discharges with a flash of light, dealing 1d4 points of positive energy damage per caster level [maximum 10d4] to that creature. If the creature discharging the item is undead, it must save against fear or flee in terror [or cower, if it cannot move] for 1d4 minutes. On a successful save, the creature is merely shaken for the same length of time. If the creature discharging the item is a shapechanger, an image of its natural form or most common alternate form appears for 1d4 rounds, superimposed over its body, revealing its true nature to all witnesses. <b>[V, S] TARGET:</b> Living creature touched; <b>EFFECT:</b> The energy of life flows through you, warming your hand-and indeed your very soul. But instead of swiftly infusing that life into others to heal their wounds, you feed it slowly and gradually into your ally. You implant a tiny seed of positive energy into the subject's soul. This seed of life grants the subject fast healing 2 for the duration of the spell, in much the same way as vigorSC. At any point before the duration expires, the subject can exhaust the remaining positive energy in a sudden burst of healing as a standard action. When this option is exercised, roll a number of d4s equal to one-half the spell's remaining duration, rounded down [for example, 5d4 if the spell has 11 rounds remaining]. The result is the number of hit points of damage instantly healed. Using this option ends the spell immediately. <b>[SR:Yes (harmless); DC:22, Will negates (harmless)]</b>

The subject recognizes you if it knows you. It can answer in like manner immediately. A creature with an Intelligence score as low as 1 can understand the sending, though the subject's ability to react is limited as normal by its Intelligence score. Even if the sending is received, the subject is not obligated to act upon it in any manner. If the creature in question is not on the same plane of existence as you are, there is a 5% chance that the sending does not arrive. Shadow natives that are also undead or vulnerable to light take an additional 2d10 points of damage if they fail a second Fortitude save. Creatures that fail either Fortitude save cannot use spell-like or supernatural abilities to open any portal to the Plane of Shadow for 3d6 minutes. <div> <div></div> <div></div> <div></div> <div></div> </div> <b>Spark Shield</b>	<b>Evocation [Electricity]</b>	1 action	1 round/level [D]	Personal	DCS:p.111
<b>[V, S, M, DF] TARGET:</b> You; <b>EFFECT:</b> This spell surrounds you in an aura of crackling electricity, both offering protection against electrical attacks as well as causing damage to each creature who attacks in melee. Any creature striking you with its body or handheld weapons deals normal damage, but at the same time the attacker takes 1d4 points of electrical damage +1 point per caster level 15. If they strike you with a metal weapon, or are wearing metal armor, or carrying a lot of metal, they take 2d4 points of electrical damage +2 points per caster level 15. If a creature has spell resistance, it applies to this damage. Creatures wielding weapons with exceptional reach, such as longspears, are not subject to this damage if they attack you unless the weapon is at least 1/2 metal in composition [a spear or polearm is not]. Against electrical attacks, you take only half damage. If that attack allows a Reflex save for half damage, you take no damage on a successful save. When casting this spell, you appear to be sheathed in tiny lightning bolts that undulate across your body. The electricity provides equal illumination to a torch [20 feet]. The color of the electricity is blue-white, though the color can be almost any hue as determined by the caster. <b>[V, S, DF] TARGET:</b> Creature touched; <b>EFFECT:</b> The warded creature is immune to the effects of one specified spell for every four levels you have. The spells must be of 4th level or lower. The warded creature effectively has unbeatable spell resistance regarding the specified spell or spells. Naturally, that immunity doesn't protect a creature from spells for which spell resistance doesn't apply. Spell immunity protects against spells, spell-like effects of magic items, and innate spell-like abilities of creatures. It does not protect against supernatural or extraordinary abilities, such as breath weapons or gaze attacks. Only a particular spell can be protected against, not a certain domain or school of spells or a group of spells that are similar in effect. <b>[V, S, DF] TARGET:</b> 12 20-ft. squares; <b>EFFECT:</b> Rocky ground, stone floors, and similar surfaces shape themselves into long, sharp points that blend into the background. Spike stones impede progress through an area and deal damage. Any creature moving on foot into or through the spell's area moves at half speed. In addition, each creature moving through the area takes 1d8 points of piercing damage for each 5 feet of movement through the spiked area. Any creature that takes damage from this spell must also succeed on a Reflex save to avoid injuries to its feet and legs. A failed save causes the creature's speed to be reduced to half normal for 24 hours or until the injured creature receives a cure spell [which also restores lost hit points]. Another character can remove the penalty by taking 10 minutes to dress the injuries and succeeding on a Heal check against the spell's save DC. Spike stones is a magic trap that can't be disabled with the Disable Device skill. Note: Magic traps such as spike stones are hard to detect. A rogue [only] can use the Search skill to find spike stones. The DC is 25 + spell level, or DC 29 for spike stones. <b>[SR:Yes; DC:22, Reflex partial]</b>

Spiritual advisor allows you to consult with a spirit, an angel, or some other divine aspect of your deity. This advisor manifests as a barely shimmering orb that floats above one of your shoulders. When it speaks, only you can hear its counsel. As long as the spiritual advisor is present, it helps you recall bits of trivia, history, or other knowledge. This knowledge can be as general or specific as is required, and the information gained grants you a +4 insight bonus on all Knowledge checks while the spell is in effect. You can even attempt checks with Knowledge skills in which you have no skill ranks or retry a Knowledge check you failed before casting the spell.

This spell adds a taint of evil to your magic, granting you special potency against your good-aligned enemies. Your spells gain the evil descriptor. Any spell you cast of 3rd level or lower deals +50% damage to good-aligned creatures. As part of the casting of this spell, if you are a Sorcerer you can sacrifice one Sorcerer spell slot of 5th to 9th level; doing this increases the maximum level of spells affected by touch of the blackened soul to the level of the sacrificed slot minus 1. For example, if you spend a 4th-level slot to cast the spell and a 5th-level spell slot to augment it, you would deal extra damage to goodaligned creatures with spells of 4th level or lower. Against undead, your weapon's enhancement bonus is 2 higher than normal, and it deals an extra 2d6 points of damage against undead. The spell has no effect if cast upon a weapon that already has the undead bane special ability. Alternatively, you can affect up to fifty arrows, bolts, or bullets. To succeed in unshaping the soulmeld, you must make a caster level check 15 against a DC of 11 + the meldshaper level of the soulmeld [add +4 to the DC if the soulmeld is bound to a chakra]. If the unshaped soulmeld was bound to one of the target's chakras, the target takes damage equal to 3d6 points plus 1 additional point per caster level 15. The spell must be cast so that it rests on a solid surface. Once cast, the wall is immobile. The sand is sufficiently thick to block ranged attacks, providing normal cover appropriate for its size, but creatures can attempt to force their way through it. Moving through a wall of sand is difficult, requiring a full-round action and a Strength check. A creature moves 5 feet through a wall of sand for every 5 points by which its Strength check result exceeds 10. Creatures within a wall of sand are considered blinded and deafened, and they are unable to speak or breathe. Thus, they might begin to suffocate [DMG 304] if they remain within the wall too long. Spells with verbal components cannot be cast within the wall, and any other spell requires a successful Concentration check [DC 20 + spell level]. Creatures with reach can attempt to attack through the wall, but targets have total concealment and total cover, and the attacker must have a general idea where the target is located. <div> <div> <div></div> <div></div> <div></div> <div></div> <div></div> </div> <div> <div>Weapon Of Energy</div> <div> <div>[V, S, DF] <b>TARGET:</b> One weapon; <b>EFFECT:</b> You cause a weapon to gain the ability to deal energy damage in addition to its other abilities, similar to how a flaming burst weapon deals extra fire damage on a hit or critical hit. The weapon can deal acid, cold, electricity, fire, or sonic damage, chosen by you at the time of casting. The weapon deals +1d6 damage of that energy type on a successful hit. On a critical hit, the weapon deals an additional +1d10 points of energy damage. If the weapon's critical multiplier is x3, add +2d10 points of energy damage instead, and if the multiplier is x4, add +3d10 points of bonus energy damage. This spell can be cast on a weapon that already deals energy damage, but if the weapon already creates the same type of damage as the spell, the effects do not stack. For example, if cast on a +1 flaming longsword to give it additional fire damage, the spell has no effect, but it can give the weapon any of the other types of energy damage. This spell has a subtype that is the same as the energy created by the target weapon. For example, weapon of energy is a fire spell when used to give a weapon bonus fire damage. <b>[SR:None; DC:22, Fortitude (object, harmless)]</b></div> </div> </div> </div>	Transmutation	1 action	1 round/level	Person	SS:p.72

☐☐☐☐☐	<b>Atonement</b>	<b>Abjuration [Water Shugenja]</b>	1 hour	Instantaneous	Touch PH:p.201
<b>[V, S, M, F, DF, XP] TARGET:</b> Living creature touched; <b>EFFECT:</b> This spell removes the burden of evil acts or misdeeds from the subject. The creature seeking atonement must be truly repentant and desirous of setting right its misdeeds. If the atoning creature committed the evil act unwittingly or under some form of compulsion, atonement operates normally at no cost to you. However, in the case of a creature atoning for deliberate misdeeds and acts of a knowing and willful nature, you must intercede with your deity [requiring you to expend 500 XP] in order to expunge the subject's burden. Many casters first assign a subject of this sort a quest [see geas/quest] or similar penance to determine whether the creature is truly contrite before casting the atonement spell on its behalf. Atonement may be cast for one of several purposes, depending on the version selected. Reverse Magical Alignment Change: If a creature has had its alignment magically changed, atonement returns its alignment to its original status at no cost in experience points. Restore Class: A paladin who has lost her class features due to committing an evil act may have her paladinhood restored to her by this spell. Restore Cleric or Druid Spell Powers: A cleric or druid who has lost the ability to cast spells by incurring the anger of his or her deity may regain that ability by seeking atonement from another cleric of the same deity or another druid. If the transgression was intentional, the casting cleric loses 500 XP for his intercession. If the transgression was unintentional, he does not lose XP. Redemption or Temptation: You may cast this spell upon a creature of an opposing alignment in order to offer it a chance to change its alignment to match yours. The prospective subject must be present for the entire casting process. Upon completion of the spell, the subject freely chooses whether it retains its original alignment or acquiesces to your offer and changes to your alignment. No duress, compulsion, or magical influence can force the subject to take advantage of the opportunity offered if it is unwilling to abandon its old alignment. This use of the spell does not work on outsiders or any creature incapable of changing its alignment naturally. Though the spell description refers to evil acts, atonement can also be used on any creature that has performed acts against its alignment, whether those acts are evil, good, chaotic, or lawful. Note: Normally, changing alignment is up to the player. This use of atonement simply offers a believable way for a character to change his or her alignment drastically, suddenly, and definitively. Material Component: Burning incense. Focus: In addition to your holy symbol or normal divine focus, you need a set of prayer beads [or other prayer device, such as a prayer wheel or prayer book] worth at least 500 gp. XP Cost: When cast for the benefit of a creature whose guilt was the result of deliberate acts, the cost to you is 500 XP per casting [see above]. <b>[SR:Yes]</b>

[If a breath weapon would normally allow a Reflex saving throw for half damage, a creature within an aura of evasion that successfully saves takes no damage instead.] Creatures within the spell's area that already have evasion or improved evasion get a +4 bonus on Reflex saving throws against breath weapons. <b>[V, S, DF] TARGET:</b> One living creature; <b>EFFECT:</b> You infuse a target with the essence of a bebilith [MM 42], causing it to gain the mandibles and claws of this demon. The target gains two primary claw attacks [in addition to its normal claw attacks, if any] and a secondary bite attack [replacing its normal bite attack]. The claws deal 1d6 points of damage, and the bite deals 1d8 points [assuming Medium size]. If it is wielding a weapon, the target can attack with either a single claw or a bite as a secondary attack. The target can sunder objects with its claw attacks as if it had the Improved Sunder feat. The target's bite attack carries a poison 0. <b>[V, S, DF] TARGET:</b> One living creature; <b>EFFECT:</b> Your deity's laughter rains down on your suddenly clumsy foe. Bewildering mischance causes extreme bad luck to befall the target. ☐☐☐☐☐	<b>Bleed</b>	<b>Necromancy</b>	1 standard action	1 round/level [D]	Touch CC:p.117
<b>[V, S] TARGET:</b> Living creature touched; <b>EFFECT:</b> Your touch thins the blood of your target, causing it to spill with unnatural ease. For the duration of the spell, the subject bleeds profusely through any open wound. Each new hit from a piercing or slashing weapon or effect that deals damage to the subject also deals 1 point of Constitution damage. This ability damage is not multiplied on a critical hit. Because this spell thins the subject's blood, repeated uses cause additional difficulty. In addition to the extra damage, a target subjected to a second use of this spell before the first has expired also takes a -4 penalty on Fortitude saves against disease, poison, or the sickened and nauseated conditions. Creatures with no discernible anatomy [such as plants and oozes] and those immune to critical hits [such as undead and constructs] are immune to this spell. <b>[SR:Yes; DC:23, Fortitude negates]</b>

Like a fireball spell, blistering radiance erupts if it strikes any material body or solid barrier before attaining the prescribed range, and you must make a successful ranged touch attack to send the sphere through a narrow opening or passage. ☐☐☐☐☐	<b>Break Enchantment</b>	<b>Abjuration [Antimagic Domain]</b>	1 minute	Instantaneous	Close (55 ft.) PH:p.207
<b>[V, S] TARGET:</b> Up to 12 creatures, all within 30 ft. of each other; <b>EFFECT:</b> This spell frees victims from enchantments, transmutations, and curses. Break enchantment can reverse even an instantaneous effect. For each such effect, you make a caster level check [1d20 + caster level, maximum +15] against a DC of 11 + caster level of the effect. Success means that the creature is free of the spell, curse, or effect. For a cursed magic item, the DC is 25. If the spell is one that cannot be dispelled by dispel magic, break enchantment works only if that spell is 5th level or lower. If the effect comes from some permanent magic item break enchantment does not remove the curse from the item, but it does frees the victim from the item's effects. <b>[SR:No; DC:23, See text]</b>

Evil creatures within the spell's area that fail a Will save take a -2 morale penalty on attack rolls and saves against fear effects for the duration of the spell. ☐☐☐☐☐	<b>Commune</b>	<b>Divination</b>	10 minutes	12 rounds	Personal PH:p.211
<b>[V, S, M, DF, XP] TARGET:</b> You; <b>EFFECT:</b> You contact your deity-or agents thereof -and ask questions that can be answered by a simple yes or no. [A cleric of no particular deity contacts a philosophically allied deity.] You are allowed one such question per caster level. The answers given are correct within the limits of the entity's knowledge. "Unclear" is a legitimate answer, because powerful beings of the Outer Planes are not necessarily omniscient. In cases where a one-word answer would be misleading or contrary to the deity's interests, a short phrase [five words or less] may be given as an answer instead. The spell, at best, provides information to aid character decisions. The entities contacted structure their answers to further their own purposes. ☐☐☐☐☐	<b>*Control Winds</b>	<b>Transmutation [Air, Air Shugenja, Storm Dc]</b>	1 standard action	120 minutes	40 ft./level PH:p.214
<b>[V, S] TARGET:</b> 480 ft radius cylinder 40 ft. high; <b>EFFECT:</b> You alter wind force in the area surrounding you. You can make the wind blow in a certain direction or manner, increase its strength, or decrease its strength. The new wind direction and strength persist until the spell ends or until you choose to alter your handiwork, which requires concentration. You may create an "eye" of calm air up to 80 feet in diameter at the center of the area if you so desire, and you may choose to limit the area to any cylindrical area less than your full limit. Wind Direction: You may choose one of four basic wind patterns to function over the spell's area. . A downdraft blows from the center outward in equal strength in all directions. . An updraft blows from the outer edges in toward the center in equal strength from all directions, veering upward before impinging on the eye in the center. . A rotation causes the winds to circle the center in clockwise or counterclockwise fashion. . A blast simply causes the winds to blow in one direction across the entire area from one side to the other. Wind Strength: For every three caster levels, you can increase or decrease wind strength by one level. Each round on your turn, a creature in the wind must make a Fortitude save or suffer the effect of being in the windy area. Strong winds [21+ mph] make sailing difficult. A severe wind [31+ mph] causes minor ship and building damage. A windstorm [51+ mph] drives most flying creatures from the skies, uproots small trees, knocks down light wooden structures, tears off roofs, and endangers ships. Hurricane force winds [75+ mph] destroy wooden buildings, sometimes uproot even large trees, and cause most ships to founder. A tornado [175+ mph] destroys all nonfortified buildings and often uproots large trees. <b>[SR:No; DC:23, Fortitude negates]</b>

□□□□□Curtain of Light	Evocation [Light]	1 standard action	1 round/level [D]	Medium (220 ft.)	BE;p.96
<b>[V, S, Sacrifice] TARGET:</b> Curtain of light whose area is up to one 5-ft. square/level; <b>EFFECT:</b> An immobile, vertical curtain of brilliant light energy springs into existence. This barrier cannot pass through spaces occupied by creatures and objects, but it can bend around them. One side of the curtain, selected by you, sends forth flashes of light, dealing 2d4 points of damage to evil creatures within 10 feet and 1d4 points of damage to evil creatures past 10 feet but within 20 feet. The curtain deals this damage when it appears and at the start of the caster's turn each round. In addition, the curtain deals 2d6 points of damage +1 point of damage per caster level 20 to any evil creature passing through it. Contact with the curtain deals double damage to undead creatures. A curtain of light can be made permanent with a permanency spell. A permanent curtain of light that is destroyed becomes inactive for 10 minutes, and then reforms. Curtain of light counters any magical darkness spell of 5th level or lower with which it comes into contact. Any magical darkness spell of 5th level or higher counters curtain of light. The curtain of light is impervious to all physical attacks and spells except antimagic field, dispel magic, greater dispel magic, and Mordenkainen's disjunction. Sacrifice: 1d4 points of Strength damage. <b>[SR:No; DC:23, See text]</b>					
□□□□□Dancing Web	Evocation [Good]	1 standard action	Instantaneous	Medium (220 ft.)	BE;p.96
<b>[V, S, M/DF] TARGET:</b> 20-ft.-radius burst; <b>EFFECT:</b> This spell creates a burst of magical energy that deals 1d6 points per level of nonlethal damage [maximum 10d6]. Further, evil creatures that fail their saving throw become entangled by lingering threads of magical energy for 1d6 rounds. An entangled creature takes a -2 penalty on attack rolls and a -4 penalty to effective Dexterity; the entangled target can move at half speed but can't run or charge. An entangled creature that attempts to cast a spell must succeed on a DC 15 Concentration check or lose the spell. This spell affects only creatures-objects are unharmed. □□□□□Darts of Life	Conjuration (Healing)	1 standard action	1 minute/level	Close (55 ft.)	CC;p.118
<b>[V, S] TARGET:</b> One or more creatures per round; <b>EFFECT:</b> Small orbs of light circle your head. With a gesture, you cause one to spin off and strike your friend, healing him of damage. You create ten gently pulsing darts of pale blue light that orbit your head like ioun stones. As a free action, you can launch one dart per round at an ally you designate within range. Alternatively, as a standard action, you can launch up to three darts per round at one or more designated allies within range. As a full-round action, you can launch all remaining orbs at one or more allies within range. Each dart heals 1d8 points of damage the target has taken, as though it were a cure spell. Since undead are powered by negative energy, this spell damages them instead of curing their wounds. An undead creature can apply spell resistance to this <b>[SR:Yes]</b>

<b>[V,S] TARGET:</b> You; <b>EFFECT:</b> If you are killed, your body is instantaneously destroyed in an explosion that deals 1d8 points of damage per caster level to everyone in a 30-foot-radius burst. This explosion destroys your body, preventing any form of raising or resurrection that requires part of the corpse. A wish, miracle, or true resurrection spell can restore life. <b>[SR:No]</b>					
□□□□□Dirge of Discord	Enchantment (Compulsion) [Chaos, Sonic]	1 action	2d4 rounds + 12 rounds	Close (55 ft.)	SA;p.5
<b>[V S F] TARGET:</b> 30-ft radius spread; <b>EFFECT:</b> This spell creates an unholy, chaotic dirge that fills the subject's head with the screams of the dying, the wailing of the damned, and the howling of the mad. Affected creatures suffer a -4 profane penalty to attack rolls and Concentration checks, a -8 enhancement penalty to effective Dexterity [with Reflex saves reduced accordingly for the spell's duration], and halved movement due to the subject's equilibrium being thrown off by the dirge. <b>[V, S, DF] TARGET:</b> You and a touched evil creature from another plane; or you and an enchantment or evil spell on a touched creature or object; <b>EFFECT:</b> Shimmering, white, holy energy surrounds you. This power has three effects. First, you gain a +4 deflection bonus to AC against attacks by evil creatures. Second, on making a successful melee touch attack against an evil creature from another plane, you can choose to drive that creature back to its home plane. The creature can negate the effects with a successful Will save [spell resistance applies]. This use discharges and ends the spell. Third, with a touch you can automatically dispel any one enchantment spell cast by an evil creature or any one evil spell. Exception: Spells that can't be dispelled by dispel magic also can't be dispelled by dispel evil. Saving throws and spell resistance do not apply to this effect. <b>[V, S, M/DF] TARGET:</b> One creature; <b>EFFECT:</b> You force a being that is possessing a creature out of its host body. The possessor acts as if it had left its host voluntarily [a ghost appears next to the host, a person using magic jar returns to its receptacle if in range or dies if it is not, and so on]. <b>[V, S] TARGET:</b> One melee weapon; <b>EFFECT:</b> This spell makes a melee weapon deadly to undead. Any undead creature with HD equal to or less than your caster level must succeed on a Will save or be destroyed utterly if struck in combat with this weapon. □□□□□Divine Retribution	Abjuration	1 standard action	10 minutes/level or until discharged	Personal	CC;p.119
<b>[V, S, DF] TARGET:</b> You; <b>EFFECT:</b> You feel your deity's hand hovering over you, ready to smite anyone who harms you. For the duration of this spell, any creature that attacks you-whether with a physical attack, a spell, or by other means-is struck by a retributive effect immediately after you're affected. The retribution deals 1d6 points of damage per caster level you possess [maximum 15d6] and 1d4 points of ability damage. The precise nature of the damage and ability damage are depend upon your deity, as given in the table below, but the damage is always one-half energy and one-half divine power. A successful Will save halves the hit point damage and negates the ability damage. Once the retributive effect takes place, the spell ends. If you do not worship a deity, choose one whose alignment is within one step of your own. You must make this choice when you cast this spell for the first time and cannot subsequently change it, unless your alignment changes in such a way that your previous choice is no longer applicable. You can have only one divine retribution spell in effect at any time. <b>[SR:Yes; DC:23, Will partial]</b>					
□□□□□Doomtide	Illusion (Pattern)	1 standard action	1 round/level	80 ft.	SC;p.70
<b>[V,S,DF] TARGET:</b> Eight 10-ft. cubes extending straight from you; <b>EFFECT:</b> Creatures within the area must make Will saves or be dazed for 1 round. Any creature moving into the mist, or a creature that begins its turn in the mist, must succeed on a Will save or also be dazed for 1 round. The mist filling the area obscures all sight, including darkness, beyond 5 feet. A creature within 5 feet has concealment. Creatures farther away have total concealment. When you cast the spell, you decide if the effect remains stationary or if its point of origin moves straight away from you at a rate of 10 feet per round. A moderate wind disperses the effect in 4 rounds; a strong wind disperses the mist in 1 round. <b>[SR:Yes; DC:23, Will negates]</b>					
□□□□□Door of Decay	Conjuration (Teleportation)	1 standard action	Instantaneous	See text	CC;p.120
<b>[V, S] TARGET:</b> You; <b>EFFECT:</b> You feel yourself pulled forward, into the undead creature you have touched. Your flesh and soul grow cold, and after an instant of maddening emptiness, you reappear elsewhere. You can use the Negative Energy Plane as a conduit in the same fashion that most teleportation magic uses the Astral Plane. Upon casting this spell, you can literally step into an undead creature and emerge from another designated undead creature up to 100 miles away per caster level. If you do not know the precise location of the destination undead, you can select the undead creature you control nearest your desired exit point. Both undead creatures must be your size category or larger and either willing or under your control. [Mindless undead are considered willing only if you control them.] If you worship Wee Jas, Vecna, or another deity associated with both death and magic, you gain a +4 bonus to your caster level for the purpose of determining the maximum distance you can travel. You can bring along objects as long as their weight doesn't exceed your maximum load, but you cannot bring other creatures with you. Special: A dread necromancerHH can learn this spell through the advanced learning class feature, even though it is not a necromancy spell.					
□□□□□Dragonbreath	Evocation	1 standard action	1 round/level	Personal	SC;p.72
<b>[V,S,M/DF] TARGET:</b> You; <b>EFFECT:</b> You gain the ability to breathe a gout of energy as a standard action that mimics a dragon's breath. Once you've used the breath attack, you must wait 1d4 rounds before doing so again. When you cast dragon breath, you choose one true dragon whose breathy you're emulating. If you choose a chromatic dragon, then the spell gains the evil descriptor. If you choose a metallic dragon, then it gains the good descriptor. Particulars for the breath weapons of each of the true dragons are provided below. Chromatic Dragons Black: 30-ft. line of acid, 1d8/2 caster levels [maximum 10d8]; Reflex half. Blue: 30-ft. line of electricity, 1d8/2 caster levels [maximum 10d8]; Reflex half. Green: 15-ft. cone of acid, 1d8/2 caster levels [maximum 10d8]; Reflex half. <b>[V,S] TARGET:</b> 20-ft.-radius spread; <b>EFFECT:</b> Creatures and objects within the area take 4d6 points of damage from the impact of the rock shards, as well as 3d6 points of fire damage; no saving throw applies to the damage. Creatures in the area must also succeed on a Reflex saving throw or be knocked prone. <b>[SR:Yes; DC:23, Reflex partial]</b>					
□□□□□Energetic Healing	Conjuration (Healing)	1 standard action	10 minutes/level or until discharged	Touch	BE;p.98
<b>[V, S, DF] TARGET:</b> One living creature touched; <b>EFFECT:</b> This spell converts magical energy damage into healing power. First, it renders the target immune to one energy type [acid, cold, electricity, fire, or sonic] specified when the spell is cast. Second, whenever the target is subjected to a magical attack of the selected energy type, he instead heals damage equal to 10% of the damage dealt [rounded down]. For example, a creature protected by energetic healing [cold] that would normally take 35 points of cold damage from a cone of cold heals 3 points of damage instead. Once the spell heals a number of hit points equal to 2 per caster level [maximum 30], it is discharged. This spell does not convert nonmagical energy attacks [such as damage from alchemist's fire] into healing. <b>[SR:Yes (harmless)]</b>

□□□□□Fire in the Blood	Transmutation	1 standard action	12 minutes	Personal	HH;p.129
<b>[V, S, M] TARGET:</b> You; <b>EFFECT:</b> This unsettling spell enables you to make deadly weapons of your own arteries and veins. Once the spell is cast, your blood takes on a mystical potency that makes it more corrosive than the strongest acid to anyone who draws it from you. From then on, until the spell's duration has elapsed, anyone who deals slashing or piercing melee damage on you is sprayed with your blood in retribution. The blood deals a cumulative 1d6 points of damage per attack upon your attacker, with no save or spell resistance applicable, up to a maximum of 5d6. Thus, the first time a foe hits you with a slashing or piercing weapon, he instantly takes 1d6 points of damage from the sanguinary backlash. The second time that same foe strikes you, he takes 2d6 points of damage. As soon as any single foe has taken 5d6 points of damage in a single spray from your corrosive blood, the spell ends. Opponents striking you with magical attacks that do not manifest in a slashing or piercing manner, or those striking you with only bludgeoning weapons, do not trigger the retributive blood spray. The arc and direction of the blood spray is

[V, S, DF] TARGET:	Cylinder 10; <b>EFFECT:</b> A flame strike produces a vertical column of divine fire roaring downward. The spell deals 1d6 points of damage per caster level [maximum 15d6]. Half the damage is fire damage, but the other half results directly from divine power and is therefore not subject to being reduced by resistance to fire-based attacks. ☐☐☐☐Hallow	Evocation [Good]	24 hours	Instantaneous	Touch	PH:p.238
[V, S, M, DF] TARGET:	40-ft. radius emanating from the touched point; <b>EFFECT:</b> Hallow makes a particular site, building, or structure a holy site. This has four major effects. First, the site or structure is guarded by a magic circle against evil effect. Second, all Charisma checks made to turn undead gain a +4 sacred bonus, and Charisma checks to command undead take a -4 penalty. Spell resistance does not apply to this effect. [This provision does not apply to the druid version of the spell.] Third, any dead body interred in a hallowed site cannot be turned into an undead creature. Finally, you may choose to fix a single spell effect to the hallowed site. The spell effect lasts for one year and functions throughout the entire site, regardless of the normal duration and area or effect. You may designate whether the effect applies to all creatures, creatures who share your faith or alignment, or creatures who adhere to another faith or alignment. At the end of the year, the chosen effect lapses, but it can be renewed or replaced simply by casting hallow again. Spell effects that may be tied to a hallowed site include aid, bane, bless, cause fear, darkness, daylight, death ward, deeper darkness, detect evil, detect magic, dimensional anchor, discern lies, dispel magic, endure elements, freedom of movement, invisibility purge, protection from energy, remove fear, resist energy, silence, tongues, and zone of truth. Saving throws and spell resistance might apply to these spells' effects. [See the individual spell descriptions for details.] An area can receive only one hallow spell [and its associated spell effect] at a time. Hallow counters but does not dispel unhallow. Material Component: Herbs, oils, and incense worth at least 1,000 gp, plus 1,000 gp per level of the spell to be included in the hallowed area. [SR:See text; DC:23; See text]

☐☐☐☐Healing Circle	Conjuration (Healing)	1 standard action	1 minute/level or until discharged	Personal	CC:p.122
[V, S] TARGET:	You; <b>EFFECT:</b> A circle of warm comfort emanates from you, enveloping those who enter in positive energy. By casting this spell, you create an aura of healing energy upon which your allies can draw to mend their own wounds. The spell has five charges when cast. Once per round as a standard action, a single allied creature within 30 feet can drain one charge from the healing circle. The first charge so drained functions as a cure critical wounds spell, the second as a cure serious wounds spell, the third as a cure.MODerate wounds spell, and the fourth as a cure light wounds spell, and the final charge heals only 5 points of damage. A creature must be conscious to draw a charge from the healing circle. The spell effect delivered by each charge functions as if you had personally cast the associated spell. Thus, the first charge heals 4d8 points of damage +1 point per caster level 20, and so on.

[V,S,DF] TARGET:	One living creature; <b>EFFECT:</b> Places target in suspended animation. [SR:Yes; DC:23; Will negates]				
☐☐☐☐Ice Storm	Evocation [Cold, WuJenWater, Storm Doma]i	standard action	1 full round	Long (880 ft.)	PH:p.243
[V, S, M/DF] TARGET:	Cylinder 20; <b>EFFECT:</b> Great magical hailstones pound down for 1 full round, dealing 3d6 points of bludgeoning damage and 2d6 points of cold damage to every creature in the area. A -4 penalty applies to each Listen check made within the ice storm's effect, and all land movement within its area is at half speed. At the end of the duration, the hail disappears, leaving no aftereffects [other than the damage dealt]. Arcane Material Component: A pinch of dust and a few drops of water. [SR:Yes]				
☐☐☐☐Improved Blindsight					SS:p.67
TARGET: .	<b>EFFECT:</b> As blindsight, except as noted above and that the blindsight granted by the spell has a 60-foot range.				
☐☐☐☐Incarnum Weapon	Conjuration (Creation) [Incarnum]	1 standard action	12 rounds [D]	Medium (220 ft.)	MoI:p.102
[V, S (E)] TARGET:	Large weapon of incarnum; <b>EFFECT:</b> An oversized weapon made of pure incarnum springs into existence and attacks opponents at a distance, as you direct it, dealing 2d6 points of damage per hit. In addition, any living creature struck by the incarnum weapon takes 1 point of Wisdom drain [a successful Will save negates the Wisdom drain]. The weapon takes a form based on your alignment: battleaxe [chaotic], flail [evil], warhammer [good], or longsword [law]. Casters can choose any weapon whose alignment is not opposed to theirs [neutral casters can choose any of the four weapons]. Regardless of the weapon's form, it threatens a critical only on a 20 and deals double damage on a critical hit. The incarnum weapon strikes the opponent you designate, starting with one attack in the round the spell is cast and continuing each round thereafter on your turn. It uses your base attack bonus [possibly allowing it multiple attacks per round in subsequent rounds] plus your Wisdom modifier as its attack bonus. It strikes as a spell, not as a weapon; for example, it can damage creatures that have damage reduction. The weapon always strikes from your direction. It does not get a flanking bonus or help a combatant get one. Your feats or combat actions do not affect the weapon. If the weapon goes beyond the spell range, if it goes out of your sight, or if you are not directing it, it returns to you and hovers. Each round after the first, you can use a move action to redirect the weapon to a new target. If you do not, the weapon continues to attack the previous round's target. On any round that the weapon switches targets, it gets one attack. Subsequent rounds of attacking that target allow the weapon to make multiple attacks if your base attack bonus would allow it to. An incarnum weapon cannot be harmed by physical attacks, but it can be affected by any effect that would affect a spell or a soulmeld. An incarnum weapon's Armor Class against touch attacks is 11 10. Essential: Every point of essentia you invest in the incarnum weapon adds a +1 insight bonus on the weapon's attack rolls and damage rolls and expands the weapon's critical threat range by 1. For example, an incarnum weapon spell with 2 points of essentia invested would have a +2 insight bonus on attack rolls and damage rolls and would have a critical threat range of 18-20. [SR:No; DC:23, Will partial]				
☐☐☐☐Incorporeal Nova	Necromancy [Death]	1 standard action	Instantaneous	Medium (220 ft.)	SC:p.121
[V,S] TARGET:	50-ft.-radius burst; <b>EFFECT:</b> The spell destroys 1d4 HD worth of creatures per caster level [maximum 20d4] in the area. Usually, creatures such as shadows, wraiths, spectres, ghosts, and similar creatures are destroyed, though vampires and living creatures in gaseous form are also affected, as are other incorporeal creatures. Creatures with the fewest HD are affected first; among creatures with equal HD, those that are closest to the point of origin of the burst are affected first. No creature with 9 or more HD is affected, and HD that are not sufficient to affect a creature are wasted. [SR:Yes; DC:23; Will negates]				
☐☐☐☐Inflict Light Wounds, Mass	Necromancy	1 standard action	Instantaneous	Close (55 ft.)	PH:p.244
[V, S] TARGET:	12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> Negative energy spreads out in all directions from the point of origin, dealing 1d8 points of damage +1 point per caster level [maximum +25] to nearby living enemies. Like other inflict spells, mass inflict light wounds cures undead in its area rather than damaging them. A cleric capable of spontaneously casting inflict spells can also spontaneously cast mass inflict spells. [SR:Yes; DC:23; Will half]

■■■■■	<b>Mark of Sin</b>	Enchantment	1 full round	1 round/level or permanent; see text	Touch	CC:p.124
[V, S, DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> You bring forth the subject's inner sins and crimes, causing them to manifest in its appearance and aura. Your successful touch attack leaves a mystical mark upon the subject. After a number of rounds equal to your divine caster level, the subject is entitled to a Will save. Success ends the spell at that point, but failure renders the mark of sin permanent. Though the mark is invisible, all living creatures can sense its presence and are repulsed by it. Thus, they begin their initial interactions with the subject one step nearer to a hostile attitude than they normally would, unless they already know the subject personally. Furthermore, the subject takes a -10 circumstance penalty on all Diplomacy checks designed to change the attitudes of others. [See Diplomacy, PH 71.] In addition, the subject takes a -4 penalty to a specific ability score based on your deity, as given in the table for the divine retribution spell [page 119]. This penalty cannot be removed in any way as long as the mark of sin remains. If you do not worship a deity, you must choose one whose alignment is within one step of your own when you cast this spell for the first time. This choice is for the purpose of this effect only, and you cannot subsequently change it unless your alignment shifts in such a way that your previous choice is no longer applicable. A mark of sin cannot be dispelled, but it can be removed with a break enchantment, limited wish, miracle, remove curse, or wish spell. Remove curse works only if its caster level is equal to or higher than that of the mark of sin. [SR:Yes; DC:23, Will partial]						
■■■■■	<b>Mass Contagion</b>	Necromancy	1 action	Instantaneous	Close (55 ft.)	Rac:p.190
[V, S] <b>TARGET:</b> One or more creatures, no two of whom can be more than 30 ft. apart; <b>EFFECT:</b> Infects subjects with chosen disease. [SR:Yes; DC:23, Fortitude negates]						
■■■■■	<b>Meteoritic Strike</b>	Transmutation [Fire]	1 swift action	1 round or until discharged	0 ft.	PH2:p.120
[V, S] <b>TARGET:</b> Your melee weapon; <b>EFFECT:</b> Your next successful melee attack deal 1d6 + 1d6/4 caster levels fire damage; all adjacent creatures take half the damage [SR applies and Reflex for half of that]. [SR:See text; DC:23, None or Reflex half; see text]						
■■■■■	<b>Monstrous Regeneration</b>	Conjuration (Healing)	1 standard action	1 round/2 levels	Touch	Mag:p.109
[V, S] <b>TARGET:</b> Living creature touched; <b>EFFECT:</b> You give the target the regeneration ability that some monsters possess. Attacks against the creature except fire and acid inflict subdual damage instead of lethal damage. It heals subdual damage at a rate of 4 points per round. A regenerating creature that has been rendered unconscious through subdual damage can be killed with a coup de grace. The attack has to inflict fire or acid damage. Attack forms that don't inflict hit point damage (for example, most poisons and disintegration) ignore regeneration. Regeneration also does not restore hit points lost from starvation, thirst, or suffocation. A regenerating creature can regrow lost portions of its body [although the spell duration is usually not long enough to allow this except for very small portions such as fingers] and can reattach severed limbs as a move-equivalent action. Severed parts that are not reattached wither and die normally. When the spell ends, all the creature's subdual damage is converted to normal damage. [SR:Yes; DC:23, Will half (harmless)]						
■■■■■	<b>Morality Undone</b>	Enchantment [Evil, Mind-Affecting]	1 standard action	10 minutes/level	Close (55 ft.)	BV:BoVD
[V, S, M/DF] <b>TARGET:</b> one nonevil creature; <b>EFFECT:</b> Subject becomes evil. [SR:Yes; DC:23, Will negates]						
■■■■■	<b>Necrotic Skull Bomb</b>	Necromancy	1 swift action	Instantaneous	Close (55 ft.)	CR:32
[V, S, M] <b>TARGET:</b> 20-ft.-radius spread; <b>EFFECT:</b> Exploding skull releases negative energy; living targets each gain 1d4 negative levels which last 12 hours. Undead in the area gain 1d4x5 temporary hp for 1 hour. [SR:Yes; DC:23, Fortitude negates]						
■■■■■	<b>Oath of Blood</b>	Necromancy	1 minute	See below	Close (55 ft.)	HH:p.131
[V, S, M, DF] <b>TARGET:</b> One living creature; <b>EFFECT:</b> Oath of blood functions only when cast on a creature that has recently been subject to a geas or similar spell. It extends the reach of the geas beyond death. If the individual subject to the geas dies before completing the task, oath of blood animates him as an undead creature in order that he might continue his quest. The nature of the undead creature is determined by the caster level of this spell, as per create undead [see page 215 of the Player's Handbook]. Once the task is complete or the original geas [or similar spell] expires, the magic animating the subject ends and he returns to death. Material Component: Grave dirt mixed with powdered onyx worth at least 40 gp per HD of the target. [SR:Yes]						
■■■■■	<b>Parboil</b>	Evocation [Fire]	1 standard action	Instantaneous	Close (55 ft.)	Sa:p.118
[V, S, M/DF] <b>TARGET:</b> 20-ft.-radius spread; <b>EFFECT:</b> Deal 6d6 fire damage and 2d4 intelligence damage. Save takes half damage and no intelligence loss. [SR:Yes; DC:23, Fort partial; See text]						
■■■■■	<b>Pass through Ice</b>	Transmutation	1 standard action	12 rounds [D]	Touch	Fr:p.103
[V, S, DF] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> Pass through ice 15 feet/round and can rise/sink 5 ft/round. [SR:Yes (harmless); DC:23, Yes (harmless)]						
■■■■■	<b>Plague Carrier</b>	Necromancy	1 action	See text	Touch	Rac:p.190
[V, S] <b>TARGET:</b> Living creature touched; <b>EFFECT:</b> Infects subject with chosen disease which has an incubation period where victim is contagious without showing signs. [SR:Yes; DC:23, Fortitude negates]						
■■■■■	<b>Plane Shift</b>	Conjuration (Teleportation)	1 standard action	Instantaneous	Touch	PH:p.262
[V, S, F] <b>TARGET:</b> Creature touched, or up to eight willing creatures joining hands; <b>EFFECT:</b> You move yourself or some other creature to another plane of existence or alternate dimension. If several willing persons link hands in a circle, as many as eight can be affected by the plane shift at the same time. Precise accuracy as to a particular arrival location on the intended plane is nigh impossible. From the Material Plane, you can reach any other plane, though you appear 5 to 500 miles [5d6] from your intended destination. Note: Plane shift transports creatures instantaneously and then ends. The creatures need to find other means if they are to travel back. Focus: A small, forked metal rod. The size and metal type dictates to which plane of existence or alternate dimension the spell sends the affected creatures. [SR:Yes; DC:23, Will negates]						
■■■■■	<b>Psychic Turmoil</b>	Abjuration	1 standard action	12 rounds	Close (55 ft.)	XPH:PsionicSpells.rtf
[V, S, M] <b>TARGET:</b> 40-ft.-radius emanation centered on point in space; <b>EFFECT:</b> With this spell, you create an invisible field that leeches away the power points of psionic characters standing within the emanation. Nonpsionic characters are unaffected. When the spell is cast and at the beginning of each of your subsequent turns, psionic creatures within the area of the psychic turmoil lose 1 power point per manifester level they have. Characters who succeed on a Will save when they first come into contact with the emanation lose only half as many power points [round down] each round. Characters get only one save attempt against any particular psychic turmoil effect, even if they leave the spell's area and later return. Material Component: Five playing cards, which are torn in half when the spell is cast. [SR:Yes; DC:23, Will partial; see text]						
■■■■■	<b>Radiance</b>	Evocation [Good, Light]	1 standard action	1 round/level [D]; see text	60 ft.	PH2:p.122
[V, S, DF] <b>TARGET:</b> 60-ft.-radius emanation centered on you; <b>EFFECT:</b> Undead are dazzled by illumination for the duration they are in the area and 1d6 rounds after they leave. Illuminate as daylight spell. [SR:No]						
■■■■■	<b>Raise Dead</b>	Conjuration (Healing) [Ectomancy]	1 minute	Instantaneous	Touch	PH:p.268
[V, S, M, DF] <b>TARGET:</b> Dead creature touched; <b>EFFECT:</b> You restore life to a deceased creature. You can raise a creature that has been dead for no longer than one day per caster level. In addition, the subject's soul must be free and willing to return. If the subject's soul is not willing to return, the spell does not work; therefore, a subject that wants to return receives no saving throw. Coming back from the dead is an ordeal. The subject of the spell loses one level [or 1 Hit Die] when it is raised, just as if it had lost a level or a Hit Die to an energy-draining creature. If the subject is 1st level, it loses 2 points of Constitution instead [if this would reduce its Con to 0 or less, it can't be raised]. This level/HD loss or Constitution loss cannot be repaired by any means. A character who died with spells prepared has a 50% chance of losing any given spell slot as if it had been used to cast a spell, in addition to losing spell slots for losing a level. A raised creature has a number of hit points equal to its current Hit Dice. Any ability scores damaged to 0 are raised to 1. Normal poison and normal disease are cured in the process of raising the subject, but magical diseases and curses are not undone. While the spell closes mortal wounds and repairs lethal damage of most kinds, the body of the creature to be raised must be whole. Otherwise, missing parts are still missing when the creature is brought back to life. None of the dead creature's equipment or possessions are affected in any way by this spell. A creature who has been turned into an undead creature or killed by a death effect can't be raised by this spell. Constructs, elementals, outsiders, and undead creatures can't be raised. <div>[V,S,M/DF] <b>TARGET:</b> 20-ft.-radius emanation centered on a point in space; <b>EFFECT:</b> Outsiders within the emanation of a subvert planar essence spell find their connection disrupted with the planar forces that created them. Outsiders that fail their saves have their damage reduction and spell resistance each reduced by 10. For example, a barbed devil subject to subvert planar essence would have no damage reduction and spell resistance 13, while a pit fiend would have damage reduction 5/good and silver, and spell resistance 22. An outsider attempts a Fortitude save and checks spell resistance when it first enter the spell's area. If it makes the save or the spell fails to overcome its spell resistance, that creature is thereafter unaffected by this casting of subvert planar essence and can enter and exit the spell area without making further saves. Outsiders that fail their saves and have their spell resistance overcome by the spell are affected as long as they remain within the spell's area, and they are automatically affected if they leave and reenter the area. <div>[V,S,DF] <b>TARGET:</b> One summoned bearded devil; <b>EFFECT:</b> This spell summons a bearded devil [MM 52] from the Nine Hells of Baator. It appears where you designate and acts immediately, on your turn. It understands your speech [regardless of your language], and it follows your commands to the best of its ability. <div>[V,S,M,DF] <b>TARGET:</b> One summoned Medium-sized blood elemental; <b>EFFECT:</b> This spell summons a blood elemental to attack your enemies. It appears where you designate and acts immediately, on your turn. As soon as it arrives, you must designate its target or targets by pointing. If there are multiple creatures in the general area where you point, it attacks them all. Because of the blood elemental's incomprehensible nature [see the Incomprehensible special quality, below], it is not possible to communicate with it by any means that involves language [including a tongues spell or a monk's tongue of the sun and moon ability]. Thus, you cannot redirect its attacks verbally, command it to take other actions, or otherwise control it in any way. A blood elemental cannot be dismissed the way other summoned creatures can. If there are no enemies present, or if the blood elemental destroys all the creatures designated as enemies before the duration of the spell ends, it either returns to its home plane voluntarily [25% chance] or attacks the nearest creature [75% chance], even if that creature is you. If it decides to continue attacking and there are multiple potential targets at the same distance, it chooses the one that seems weakest. When the spell duration expires, the creature disappears at the end of your turn if it has not already departed. Material Component: A drop of blood from a good creature. [SR:No]</div>

These effects last for 1 hour after the creature moves farther than 60 feet from the symbol. Unlike symbol of death, symbol of pain has no hit point limit; once triggered, a symbol of pain simply remains active for 10 minutes per caster level. Note: Magic traps such as symbol of pain are hard to detect and disable. A rogue [only] can use the Search skill to find a symbol of pain and Disable Device to thwart it. <div>[V,S] <b>TARGET:</b> One symbol; <b>EFFECT:</b> This spell functions like symbol of death [PH 289], except that when it is triggered, the symbol begins to attack the minds of spellcasters within 60 feet. Each must attempt a Will saving throw every round they are within range, at the beginning of their turn. Failure means that the highest-level spell prepared by the spellcaster [or highest-level spell slot, if the character casts spells spontaneously] is lost for the day. The symbol remains active for 10 minutes per level or until it has erased fifty levels of spells. The symbol attacks creatures with spell-like abilities as if they had spells, consuming a daily use of the highest-level ability the creature possesses, or suppressing an ability usable at will for 1 round. <div>[V, S, M] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> You confer on the subject the ability to see all things as they actually are. The subject sees through normal and magical darkness, notices secret doors hidden by magic, sees the exact locations of creatures or objects under blur or displacement effects, sees invisible creatures or objects normally, sees through illusions, and sees the true form of polymorphed, changed, or transmuted things. Further, the subject can focus its vision to see into the Ethereal Plane [but not into extradimensional spaces]. The range of true seeing conferred is 120 feet. True seeing, however, does not penetrate solid objects. It in no way confers X-ray vision or its equivalent. It does not negate concealment, including that caused by fog and the like. True seeing does not help the viewer see through mundane disguises, spot creatures who are simply hiding, or notice secret doors hidden by mundane means. In addition, the spell effects cannot be further enhanced with known magic, so one cannot use true seeing through a crystal ball or in conjunction with clairaudience/clairvoyance. <div>[V, S, M] <b>TARGET:</b> 40-ft. radius emanating from the touched point; <b>EFFECT:</b> Unhallow makes a particular site, building, or structure an unholy site. This has three major effects. First, the site or structure is guarded by a magic circle against good effect. Second, all turning checks made to turn undead take a -4 penalty, and turning checks to rebuke undead gain a +4 profane bonus. Spell resistance does not apply to this effect. [This provision does not apply to the druid version of the spell.] Finally, you may choose to fix a single spell effect to the unhallowed site. The spell effect lasts for one year and functions throughout the entire site, regardless of its normal duration and area or effect. You may designate whether the effect applies to all creatures, creatures that share your faith or alignment, or creatures that adhere to another faith or alignment. At the end of the year, the chosen effect lapses, but it can be renewed or replaced simply by casting unhallow again. Spell effects that may be tied to an unhallowed site include aid, bane, bless, cause fear, darkness, daylight, death ward, deeper darkness, detect magic, detect good, dimensional anchor, discern lies, dispel magic, endure elements, freedom of movement, invisibility purge, protection from energy, remove fear, resist energy, silence, tongues, and zone of truth. Saving throws and spell resistance might apply to these spells' effects. [See the individual spell descriptions for details.] An area can receive only one unhallow spell [and its associated spell effect] at a time. Unhallow counters but does not dispel hallow. Material Component: Herbs, oils, and incense worth at least 1,000 gp, plus 1,000 gp per level of the spell to be tied to the unhallowed area. [SR:See text; DC:23, See text]</div>

Anyone passing through it becomes the target of a dispel magic effect [PH 223] at your caster level. A summoned creature targeted in this way can be dispelled by the effect. <div>[V,S] <b>TARGET:</b> A wall of whirling limbs up to 20 ft. long/level, or ring with radius up to 5-ft./2 levels; <b>EFFECT:</b> An immobile, vertical curtain of whirling limbs springs into existence. The limbs resemble your own forelimbs. A creature attempting to move through the wall takes 5d6 points of damage and must succeed on a DC 18 Strength check or become stuck within the wall and unable to move [a charging creature gains a +2 bonus on the Strength check]. The creature takes 5d6 points of damage each round at the beginning of your turn until freed. A creature can free itself with a DC 18 Strength check, or by dealing 30 points of damage to a 5-foot section of wall. A creature that starts its turn next to a wall of limbs must succeed on a DC 18 Strength check or be grabbed by the flailing arms and become stuck, as above. If you evoke the wall so that it appears where creatures are, each creature takes damage as if passing through the wall. Each 5-foot square of the wall has 15 hit points per inch of thickness and hardness 8. A section of wall whose hit points drop to 0 is breached. If a creature tries to break through the wall with a single attack, the DC for the Strength check is 20 + 2 per inch of thickness. Wall of Stone	Conjuration (Creation) [Earth, WujenEarth, 1 standard action	Instantaneous	Medium (220 ft.)	PH:p.299
[V, S, M/DF] TARGET: Stone wall whose area is up to 12 5-ft. squares [S]; <b>EFFECT:</b> This spell creates a wall of rock that merges into adjoining rock surfaces. Warding Gems	Conjuration (Healing)	1 standard action	1 hour/level	Close (55 ft.)	BE:p.111
[V, S, M] TARGET: 1 gem/3 caster levels; <b>EFFECT:</b> You cast this spell upon one or more gems, imbuing them with healing energy. The gems leap from your hand, fly to the target, and begin orbiting the target's head like ioun stones. Each warding gem is a receptacle that holds 10 hp. The target can, as a free action, access the healing energy inside a warding gem; the energy is released as a purple-white arc of divine power that unerringly strikes the target, healing 10 points of damage. The target cannot choose to absorb only a portion of a warding gem's healing power. A warding gem depleted of its healing energy instantly turns to dust. At the end of the spell's duration, any unspent warding gems lose their healing power and fall to the ground; these can be reused for a later spell. A single creature can have no more than five warding gems encircling it at one time. A warding gem has AC 24, hardness 10, and 10 hp; if it's destroyed, any healing Material Components: One 500-gp gem for each warding gem created. [SR:No]					

Zone of Peacebond	Transmutation	1 minute	120 minutes [D]	0	Ct:p.68
[V,S,F] TARGET: 120-ft. emanation, centered on you; <b>EFFECT:</b> As peacebond, but affects all weapons in area. [SR:Yes (o); DC:23, Will negates (o)]					

Zone of Respite	Abjuration	2 rounds	1 minute/level	20 ft.	SC:p.244
[V,S,M] TARGET: 20-ft.-radius emanation centered on you; <b>EFFECT:</b> Smearing blood between your fingers, you inscribe a ward in the air and cast the power of that ward over a wide area. You create a region that is temporarily protected against interplanar intrusion. This includes spells and abilities that use other planes, including dimension door, teleport, plane shift, and travel through such planes as the Astral Plane, the Ethereal Plane, and the Plane of Shadow. Summoning and calling spells do not function within a zone of respite, but existing portals are unaffected by the spell. Creatures on coterminous or coexistent plans [DMG 150] must retreat to the edge of the zone of respite and cannot enter the corresponding area on the coterminous or coexistent plane. Material Component: A small amount of blood from a gorgon. [SR:Yes]					

Zone of Revelation	Divination	1 standard action	1 minute/level	Close (55 ft.)	SC:p.244
[V,S,M/DF] TARGET: 5-ft.-radius/level emanation centered on a point in space; <b>EFFECT:</b> All creatures and objects within a zone of revelation are made visible. This includes invisible creatures, as well as those on coexistent planes such as the Ethereal Plane and the Plane of Shadow [DMG 150]. Natives of these planes do not lose any abilities but are simply made visible. Zone of revelation suppresses but does not dispel invisibility, ethereality, or other spells. Once a formerly invisible object or creature leaves the area, it becomes invisible again. Ethereal creatures in the spell's area become nonethereal until they move beyond the spell's range. Arcane Material Component: A handful of dust from the grave clothes of an undead creature. [SR:Yes]

Name	School	Time	Duration	Range	Source
Adept Spirit, Mass	Divination [Incarnum]	1 standard action	12 hours or until discharged	Close (55 ft.)	Mo:p.98

[V, S, DF (E)] TARGET: Up to one creature/level; <b>EFFECT:</b> As adept spirit, except as noted above. Each target must activate his own adept spirit separately. [SR:Yes (harmless); DC:24, Will negates (harmless)]					
Algid Enhancement	Transmutation [Cold]	1 round	24 hours	Close (55 ft.)	Fr:p.88

[V,S,Coldfire] TARGET: 12 cold creatures; <b>EFFECT:</b> Cold creatures gain +1 Deflection bonus to AC, +1d8 HP, +1 to hit and +2 bonus against fire. See text for further. [SR:No]					
Animate Objects	Transmutation	1 standard action	12 rounds	Medium (220 ft.)	PH:p.199

[V, S] TARGET: 12 small objects; see text; <b>EFFECT:</b> You imbue inanimate objects with mobility and a semblance of life. Each such animated object then immediately attacks whomever or whatever you initially designate. An animated object can be of any nonmagical material. You may animate one Small or smaller object or an equivalent number of larger objects per caster level. A Medium object counts as two Small or smaller objects, a Large object as four, a Huge object as eight, a Gargantuan object as sixteen, and a Colossal object as thirty-two. You can change the designated target or targets as a move action, as if directing an active spell. This spell cannot animate objects carried or worn by a creature. Animate objects can be made permanent with a permanency spell. [SR:No]					
Antilife Shell	Abjuration	1 round	120 minutes [D]	10 ft.	PH:p.199

[V, S, DF] TARGET: 10-ft.-radius emanation, centered on you; <b>EFFECT:</b> You bring into being a mobile, hemispherical energy field that prevents the entrance of most types of living creatures. The effect hedges out animals, aberrations, dragons, fey, giants, humanoids, magical beasts, monstrous humanoids, oozes, plants, and vermin, but not constructs, elementals, outsiders, or undead. This spell may be used only defensively, not aggressively. Forcing an abjuration barrier against creatures that the spell keeps at bay collapses the barrier. [SR:Yes]					
Awaken Undead	Necromancy [Evil]	1 standard action	Instantaneous	Close (55 ft.)	SC:p.21

[V,S,M,XP] TARGET: All mindless undead within a circle of the range; <b>EFFECT:</b> This spell grants intelligence to mindless undead such as skeletons and zombies. Undead creatures with Intelligence scores are unaffected. A mindless undead gains an Intelligence score of 1d6+4, subject to the limitation that an undead cannot be more intelligent than is typical of a living creature of the same kind. A dog skeleton simply has Intelligence 2 [no roll needed], while an orc skeleton makes the die roll but can't have more than Intelligence 8. [See MM 290 for information on skills and feats the creature gains.] Undead regain the armor and weapon proficiencies they had in life [assume the undead were formerly warriors unless the DM specifies otherwise] and will don armor and take up weapons while obeying your commands. A zombie fighter can wear any armor and wield any simple or martial weapon, and a warhorse zombie can wear any armor. Undead also regain any extraordinary racial abilities they had in life, such as poison or scent. Awakened undead gain a +2 profane bonus on their Will saving throws to resist control undead. Awakened undead also gain +2 turn resistance 2. Material Component: A humanoid finger bone. XP Cost: 250 XP. [SR:Yes [harmless]; DC:24, None [harmless]]					
Banishment	Abjuration [Earth Shugenja, Abjuration Dor1	1 standard action	Instantaneous	Close (55 ft.)	PH:p.203

[V, S, F] TARGET: One or more extraplanar creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> A banishment spell is a more powerful version of the dismissal spell. It enables you to force extraplanar creatures out of your home plane. As many as 2 Hit Dice of creatures per caster level can be banished. You can improve the spell's chance of success by presenting at least one object or substance that the target hates, fears, or otherwise opposes. For each such object or substance, you gain a +1 bonus on your caster level check to overcome the target's spell resistance [if any], the saving throw DC increases by 2. Certain rare items might work twice as well as a normal item for the purpose of the bonuses [each providing a +2 bonus on the caster level check against spell resistance and increasing the save DC by 4]. Arcane Focus: Any item that is distasteful to the subject [optional, see above]. [SR:Yes; DC:24, Will negates]					
Barghest's Feast	Necromancy [Evil]	1 standard action	Instantaneous	Touch	SC:p.24

[V,S,M] TARGET: Corpse touched; <b>EFFECT:</b> Black flames flicker over a corpse, utterly consuming it. You destroy the remains of a dead person or creature, preventing any form of raising or resurrection that requires part of the corpse. There is a 50% chance that a wish, miracle, or true resurrection spell cannot restore to life a victim consumed by a barghest's feast spell. Check once for each destroyed creature. If the d% roll fails, the creature cannot be brought back to life by mortal magic. Material Component: A diamond worth 5,000 gp. [SR:Yes [object]; DC:24, Reflex negates [object]]					
Bear's Endurance, Mass	Transmutation	1 standard action	12 minutes	Close (55 ft.)	PH:p.203

[V, S, DF] TARGET: 12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> Mass bear's endurance works like bear's endurance, except that it affects multiple creatures. [SR:Yes; DC:24, Will negates (harmless)]					
Benign Projection	Illusion (Shadow) [Good, Sanctified]	1 standard action	12 rounds [D]	Medium (220 ft.)	CV:53

[V,S,DF+] TARGET: One shadow duplicate of you or just your face; <b>EFFECT:</b> You create an image of you that can shed light as a candle. It can only mimic your actions and speech, but you can cast spells with it from the abjuration, divination, and conjuration [healing] schools. Creating it drains you of 1d2 points of Strength. [SR:Yes; DC:24, Will disbelief (if interacted with)]					
Blade Barrier	Evocation [Force]	1 standard action	12 minutes [D]	Medium (220 ft.)	PH:p.205

[V, S] TARGET: Wall of whirling blades up to 240 ft. long, or a ringed wall of whirling blades with a radius of up to 30 ft; either form 20 ft. high; <b>EFFECT:</b> An immobile, vertical curtain of whirling blades shaped of pure force springs into existence. Any creature passing through the wall takes 1d6 points of damage per caster level [maximum 15d6], with a Reflex save for half damage. If you evoke the barrier so that it appears where creatures are, each creature takes damage as if passing through the wall. Each such creature can avoid the wall [ending up on the side of its choice] and thus take no damage by making a successful Reflex save. A blade barrier provides cover [+4 bonus to AC, +2 bonus on Reflex saves] against attacks made through it. [SR:Yes; DC:24, Reflex half or Reflex negates; see text]					
Bolt of Glory	Evocation [Good]	1 standard action	Instantaneous	Close (55 ft.)	SC:p.35

[V,S,DF] TARGET: Ray; <b>EFFECT:</b> You must succeed on a ranged touch attack with the ray to strike a target. A creature struck takes varying damage, depending on its nature or its home plane of existence and your level. Creatures native to the Negative Energy Plane, evil-aligned outsiders, and all undead creatures take 1d12 points of damage per caster level [maximum 15d12]. Creatures native to the Material Plane or an Elemental Plane, or any other neutral-aligned outsiders, take 1d12 points of damage per two caster levels [maximum 7d12]. Creatures native to the Positive Energy Plane and all good-aligned outsiders are not affected by this spell. Bolts of Bedevilment.MOD This spell grants you the ability to make one ray attack per round. You must succeed on a ranged touch attack with the ray to strike a target. A living creature struck by the ray is dazed for 1d3 rounds if it fails its save. [SR:Yes]

[V, S, M/DF] TARGET: 12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like bull's strength, except that it affects multiple creatures. [SR:Yes (harmless); DC:24, Will negates (harmless)]					
Celestial Blood	Abjuration [Good]	1 round	1 minute/level	Touch	BE:p.94

[V, S, M] TARGET: Nonevil creature touched; <b>EFFECT:</b> You channel holy power to grant the subject some of the protection enjoyed by celestial creatures. The subject gains resistance 10 to acid, cold, and electricity, a +4 bonus on saving throws against poison, and damage reduction 10/evil. Material Component: A vial of holy water, with which you anoint the subject's head. [SR:Yes (harmless)]					
*Chain Lightning	Evocation [Electricity, Fire Shugenja, Storm 1	1 standard action	Instantaneous	Long (880 ft.)	PH:p.208

[V, S, F] TARGET: One primary target, plus 12 secondary targets [each of which must be within 30 ft. of the primary target]; <b>EFFECT:</b> This spell creates an electrical discharge that begins as a single stroke commencing from your fingertips. Unlike lightning bolt, chain lightning strikes one object or creature initially, then arcs to other targets. The bolt deals 1d6 points of electricity damage per caster level [maximum 20d6] to the primary target. After it strikes, lightning can arc to a number of secondary targets equal to your caster level [maximum 20]. The secondary bolts each strike one target and deal half as much damage as the primary one did [rounded down]. Each target can attempt a Reflex saving throw for half damage. You choose secondary targets as you like, but they must all be within 30 feet of the primary target, and no target can be struck more than once. You can choose to affect fewer secondary targets than the maximum. Focus: A bit of fur, a piece of amber, glass, or a crystal rod; plus one silver pin for each of your caster levels. [SR:Yes; DC:24, Reflex half]					
Chasing Perfection	Transmutation	1 standard action	1 minute/level	Touch	PH2:p.106

[V,S,M] TARGET: Creature touched; <b>EFFECT:</b> Subject improves in all ways, +4 enhancement bonus to all ability scores. [SR:Yes (harmless); DC:24, Will negates (harmless)]					
Cloak of Hate	Enchantment [Mind-Affecting]	1 standard action	12 days	Close (55 ft.)	HH:p.128

[V, S, M, DF] TARGET: One living creature; <b>EFFECT:</b> Living beings view the subject of this spell with instinctive hostility. All NPC reactions begin one category worse than they otherwise would [see page 72 of the Player's Handbook], and any Diplomacy checks to moderate those reactions take a -10 circumstance penalty. Furthermore, people view the target in the worst possible light. If, for example, a community is hunting for an unknown murderer, they will assume that the subject of the spell is guilty of the crime. Player characters and NPCs who know the subject well, such as old friends or loved ones, are unaffected. Material Component: One ounce of bile. [SR:Yes; DC:24, Will negates]					
Cloud of the Achaierai	Conjuration (Creation) [Evil]	1 standard action	10 minutes/level	Personal	BV:BoVD

[V, S, Disease] TARGET: 10-ft radius spread; <b>EFFECT:</b> Cloud deals 2d6 damage plus Confusion. Disease: Soul Rot [SR:Yes; DC:24, Fortitude partial]					
Cold Snap	Transmutation [Cold]	1 minute	2d4 hours	1 mile	SC:p.50

[V,S] TARGET: 1-mile-radius circle centered on you; <b>EFFECT:</b> This spell causes a powerful cold front to form, lowering the temperature in the affected area by 5 degrees Fahrenheit per caster level [maximum change of 50 degrees Fahrenheit], to a maximum low of -20 degrees Fahrenheit [see Cold Dangers, DMG 302]. Spells with the cold descriptor deal an extra 1 point of damage per die when cast in the area. [SR:No]

*****	<b>Contingent Spell Lock</b>	Transmutation [Ectomancy]	10 minutes	Instantaneous	Personal	GW:p.50
[V, S, DF] <b>TARGET:</b> You; <b>EFFECT:</b> You transfer some of your currently prepared spells or available spell slots to a hidden part of your soul so that, if you die, when you appear on the Ethereal Plane, you have those spells or spell slots available for use [normally, dying and appearing on the Ethereal Plane causes you to lose all prepared spells and unused spell slots]. You can transfer one spell per spell level that you can cast into this hidden part of your soul. Once you transfer the spells or spell slots in this manner, you cannot access them in any way-it is as if you had used those spell slots. The next time you choose to ready or prepare spells, you may leave those transferred spells or slots in place, or you may recover them along with your other spells or spell slots [which means they would not be available if you died]. The transferred spells or spell slots may be used by your ghost in the normal manner, requiring the appropriate components and so on. If you are raised from the dead, the transferred spells become inaccessible again [although you can choose to recover them the next time you ready or prepare spells, as described above].						
*****	<b>Create Undead</b>	Necromancy [Evil]	1 hour	Instantaneous	Close (55 ft.)	PH:p.215
[V, S, M] <b>TARGET:</b> One corpse; <b>EFFECT:</b> Baneguard [12th caster level], Direguard [16th caster level]. A much more potent spell than animate dead, this evil spell allows you to create more powerful sorts of undead: ghouls, ghasts, mummies, and mohrgs. The type or types of undead you can create is based on your caster level, as shown on the table below. Caster Level   Undead Created 11th or lower   Ghoul 12th-14th   Ghast 15th-17th   Mummy 18th or higher   Mohrg You may create less powerful undead than your level would allow if you choose. Created undead are not automatically under the control of their animator. If you are capable of commanding undead, you may attempt to command the undead creature as it forms. This spell must be cast at night. Material Component: A clay pot filled with grave dirt and another filled with brackish water. The spell must be cast on a dead body. You must place a black onyx gem worth at least 50 gp per HD of the undead to be created into the mouth or eye socket of each corpse. The magic of the spell turns these gems into worthless shells. [SR:No]

[V, S] <b>TARGET:</b> 12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like mass cure light wounds, except that it cures 2d8 points of damage +1 point per caster level [maximum +30]. *****	<b>Disjoin</b>	Abjuration	1 action	Instantaneous	Close 0	DCS:p.106
[V, S, XP] <b>TARGET:</b> One creature, magical effect, or object; <b>EFFECT:</b> You choose a single magical effect or magic item to disjoin. A disjoined spell or magic item is separated into its individual magic components. This ends a spell or spell-like effect in the same manner as dispel magic. A permanent magic item is suppressed [inoperative] for 1 round per caster level, and must make a successful Will save or be turned into a normal item. An item in a creature's possession uses its own Will save bonus or its possessor's, whichever is better. If you cast this spell on a creature, you can choose to target a specific item or spell effect on that creature. If you do not designate a specific spell effect or item, disjoin affects a randomly determined spell effect or magic item affecting the creature or in its possession. XP Cost: 200 XP [SR:No; DC:24, Will negates (object)]						
*****	<b>Dispel Magic, Greater</b>	Abjuration [Abjuration Domain]	1 standard action	Instantaneous	Medium (220 ft.)	PH:p.223
[V, S] <b>TARGET:</b> One spellcaster, creature, or object; or 20-ft.-radius burst; <b>EFFECT:</b> This spell functions like dispel magic, except that the maximum caster level on your dispel check is +20 instead of +10. Additionally, greater dispel magic has a chance to dispel any effect that remove curse can remove, even if dispel magic can't dispel that effect. [SR:No]						
*****	<b>Eagle's Splendor, Mass</b>	Transmutation	1 standard action	12 minutes	Close (55 ft.)	PH:p.225
[V, S, M/DF] <b>TARGET:</b> 12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like eagle's splendor, except that it affects multiple creatures. [SR:Yes; DC:24, Will negates (harmless)]						
*****	<b>Energy Immunity</b>	Abjuration	1 standard action	24 hours	Touch	SC:p.80
[V,S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> This abjuration grants a creature and its equipment complete immunity to damage from one of the five energy types-acid, cold, electricity, fire, or sonic. Energy immunity absorbs only hit point damage, so the recipient could still suffer side effects such as drowning in acid, being deafened by a sonic attack, or becoming immobilized in ice [and thus helpless]. Energy immunity overlaps protection from energy and resist energy. As long as energy immunity is in effect, the other spells absorb no damage. [SR:Yes (harmless)]						
*****	<b>Exalted Raiment</b>	Abjuration	1 standard action	1 minute/level	Touch	BE:p.99
[V, DF, Sacrifice] <b>TARGET:</b> Robe, garment, or outfit touched; <b>EFFECT:</b> You imbue a robe, priestly garment, or outfit of regular clothing with divine power. The spell bestows the following effects for its duration: . +1 sacred bonus to AC per five caster levels [maximum +4 at 20th level] . Damage reduction 10/evil . Spell resistance 5 + 1 per caster level [maximum SR 25 at 20th level] . Reduces ability damage due to spellcasting by 1, to a minimum of 1 point [but does not reduce the sacrifice cost for casting this spell] Only a good-aligned creature gains the benefits of this spell; creatures of nongood alignment can wear the exalted raiment but gain no spell benefits from doing so. Sacrifice: 1d4 points of Strength damage. [SR:Yes (harmless, object); DC:24, Will negates (harmless, object)]						
*****	<b>Eyes of the Oracle</b>	Divination	1 standard action	1 round/level or until expended	Personal	DM:p.66
[V, S, M] <b>TARGET:</b> You; <b>EFFECT:</b> Vague, translucent shadows of your body's form move just out of sync with your own motions, a visible sign that you exist in two places in time. You can see into the future, slightly anticipating your opponents' next moves. You gain a +2 insight bonus to Armor Class and a +2 insight bonus on Reflex saves. Additionally, at the end of your turn, you can ready a single standard action regardless of the number of actions taken this turn. Thus, you can move at your movement rate, make a single attack, and then at the end of your turn ready an action to cast a single spell with a casting time of one standard action. This behaves as a readied action in all other ways, including the change in your initiative. If you take the readied action, the spell's effect ends immediately. Special: If you are of the dragonblood subtype [see page 4], your bonus to Armor Class and on Reflex saves improves to +3.						
*****	<b>Find the Path</b>	Divination	3 rounds	120 minutes	Personal or touch	PH:p.230
[V, S, F] <b>TARGET:</b> You or creature touched; <b>EFFECT:</b> The recipient of this spell can find the shortest, most direct physical route to a specified destination, be it the way into or out of a locale. The locale can be outdoors, underground, or even inside a maze spell. Find the path works with respect to locations, not objects or creatures at a locale. The location must be on the same plane as you are at the time of casting. The spell enables the subject to sense the correct direction that will eventually lead it to its destination, indicating at appropriate times the exact path to follow or physical actions to take. For example, the spell enables the subject to sense trip wires or the proper word to bypass a glyph of warding. The spell ends when the destination is reached or the duration expires, whichever comes first. Find the path can be used to remove the subject and its companions from the effect of a maze spell in a single round. This divination is keyed to the recipient, not its companions, and its effect does not predict or allow for the actions of creatures [including guardians]. Focus: A set of divination counters of the sort you favor. [SR:No or Yes (harmless); DC:24, None or Will negates (harmless)]						
*****	<b>Forbiddance</b>	Abjuration	6 rounds	Permanent	Medium (220 ft.)	PH:p.232
[V, S, M, DF] <b>TARGET:</b> 12 60-ft. cubes [S]; <b>EFFECT:</b> Forbiddance seals an area against all planar travel into or within it. This includes all teleportation spells [such as dimension door and teleport], plane shifting, astral travel, ethereal travel, and all summoning spells. Such effects simply fail automatically. In addition, it damages entering creatures whose alignments are different from yours. The effect on those attempting to enter the warded area is based on their alignment relative to yours [see below]. A creature inside the area when the spell is cast takes no damage unless it exits the area and attempts to reenter, at which time it is affected as normal. Alignments identical: No effect. The creature may enter the area freely [although not by planar travel]. Alignments different with respect to either law/chaos or good/evil: The creature takes 6d6 points of damage. A successful Will save halves the damage, and spell resistance applies. Alignments different with respect to both law/chaos and good/evil: The creature takes 12d6 points of damage. A successful Will save halves the damage, and spell resistance applies. At your option, the abjuration can include a password, in which case creatures of alignments different from yours can avoid the damage by speaking the password as they enter the area. You must select this option [and the password] at the time of casting. Dispel magic does not dispel a forbiddance effect unless the dispeller's level is at least as high as your caster level. You can't have multiple overlapping forbiddance effects. In such a case, the more recent effect stops at the boundary of the older effect. Material Component: A sprinkling of holy water and rare incenses worth at least 1,500 gp, plus 1,500 gp per 60-foot cube. If a password is desired, this requires the burning of additional rare incenses worth at least 1,000 gp, plus 1,000 gp per 60-foot cube. [SR:Yes; DC:24, See text]						
*****	<b>Frostburn, Mass</b>	Necromancy [Cold]	1 standard action	Instantaneous	Close (55 ft.)	Fr:p.95
[V,S,DF] <b>TARGET:</b> 12 creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> Deal 3d12+12 damage or heal likewise on cold subtype. [SR:Yes; DC:24, Fort half]						
*****	<b>Gate Seal</b>	Abjuration	1 standard action	Permanent	Close (55 ft.)	FRCS:p.70
[V, S, M] <b>TARGET:</b> One Gate or Portal; <b>EFFECT:</b> Permanently seals a Gate or Portal. [SR:No]						
*****	<b>Geas/Quest</b>	Enchantment (Compulsion) [Language-Dep]	10 minutes	12 days or until discharged [D]	Close (55 ft.)	PH:p.234
[V] <b>TARGET:</b> One living creature; <b>EFFECT:</b> This spell functions similarly to lesser geas, except that it affects a creature of any HD and allows no saving throw. Instead of taking penalties to ability scores [as with lesser geas], the subject takes 3d6 points of damage each day it does not attempt to follow the geas/quest. Additionally, each day it must make a Fortitude saving throw or become sickened. These effects end 24 hours after the creature attempts to resume the geas/ quest. A remove curse spell ends a geas/quest spell only if its caster level is at least two higher than your caster level. Break enchantment does not end a geas/quest, but limited wish, miracle, and wish do. Bards, sorcerers, and wizards usually refer to this spell as geas, while clerics call the same spell quest. [SR:Yes]						
*****	<b>Ghost Trap</b>	Abjuration	1 standard action	1 minute/level [D]	5 ft./level	SC:p.103
[V,S] <b>TARGET:</b> 5 ft./level-radius emanation centered on you; <b>EFFECT:</b> You are surrounded by a field of energy that negates incorporeality. The radius of the field is 5 feet per caster level. All incorporeal creatures in this field become corporeal. Creatures cannot turn ethereal while in this area, and ethereal creatures cannot enter or affect the plane this spell was cast on while in this field. [SR:No]						
*****	<b>Glyph of Warding, Greater</b>	Abjuration [Fire Shugenja]	10 minutes	Permanent until discharged [D]	Touch	PH:p.237
[V, S, M] <b>TARGET:</b> Object touched or up to 60 sq. ft; <b>EFFECT:</b> This spell functions like glyph of warding, except that a greater blast glyph deals up to 10d8 points of damage, and a greater spell glyph can store a spell of 6th level or lower. Material Component: You trace the glyph with incense, which must first be sprinkled with powdered diamond worth at least 400 gp. [SR:No (object) and Yes; see text; DC:24, See text]						
*****	<b>Harm</b>	Necromancy	1 standard action	Instantaneous	Touch	PH:p.239
[V, S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> Harm charges a subject with negative energy that deals 10 points of damage per caster level [to a maximum of 150 points at 15th level]. If the creature successfully saves, harm deals half this amount, but it cannot reduce the target's hit points to less than 1. If used on an undead creature, harm acts like heal. [SR:Yes; DC:24, Will half; see text]						
*****	<b>Heal</b>	Conjuration (Healing) [Water Shugenja]	1 standard action	Instantaneous	Touch	PH:p.239
[V, S] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> Heal enables you to channel positive energy into a creature to wipe away injury and afflictions. It immediately ends any and all of the following adverse conditions affecting the Target: ability damage, blinded, confused, dazed, dizzled, deafened, diseased, exhausted, fatigued, feeble-minded, insanity, nauseated, sickened, stunned, and poisoned. It also cures 10 hit points of damage per level of the caster, to a maximum of 150 points at 15th level. Heal does not remove negative levels, restore permanently drained levels, or restore permanently drained ability score points. If used against an undead creature, heal instead acts like harm. [SR:Yes (harmless); DC:24, Will negates (harmless)]						
*****	<b>Heroes' Feast</b>	Conjuration (Creation) [Creation]	10 minutes	1 hour plus 12 hours; see text	Close (55 ft.)	PH:p.240
[V, S, DF] <b>TARGET:</b> Feast for 12 creatures; <b>EFFECT:</b> You bring forth a great feast, including a magnificent table, chairs, service, and food and drink. The feast takes 1 hour to consume, and the beneficial effects do not set in until this hour is over. Every creature partaking of the feast is cured of all diseases, sickness, and nausea; becomes immune to poison for 12 hours; and gains 1d8 temporary hit points +1 point per two caster levels [maximum +10] after imbibing the nectar-like beverage that is part of the feast. The ambrosial food that is consumed grants each creature that partakes a +1 morale bonus on attack rolls and Will saves and immunity to fear effects for 12 hours. If the feast is interrupted for any reason, the spell is ruined and all effects of the spell are negated. [SR:No]						
*****	<b>Hide the Path</b>	Abjuration	10 minutes	24 hours [D]	Anywhere in the area	SC:p.114
[V,S,F] <b>TARGET:</b> Up to 200 sq.ft./level [S]; <b>EFFECT:</b> Hide the path wards a large, continuous area against divination magic. The ward protects 200 square feet per caster level and can be shaped as you desire. The warded area can be as much as 20 feet high. Find the path won't function in an area warded by hide the path. In addition, any spellcaster attempting to cast a 1st- through 6th-level divination spell in the warded area must make a caster level check [DC 11 + your caster level] or the spell fails. Higher-level divinations function normally. Hide the path has no effect on divination spells cast outside the warded area. Focus: A 6-inch onyx sphere mounted upon an obsidian stand; the entire focus must be worth no less than 1,000 gp. Any creature in physical contact with the focus can cast divination spells without restriction from the hide the path effect. If the focus is destroyed or brought beyond the boundaries of the hide the path spell, the spell is immediately dismissed. [SR:No]						
*****	<b>Ice Flowers</b>	Transmutation [Cold]	1 standard action	Instantaneous	Long (880 ft.)	SC:p.119
[V,S] <b>TARGET:</b> 20-ft.-radius burst; <b>EFFECT:</b> This spell causes moisture in the ground at a point you designate to freeze into a mound of solid ice covered by a layer of soil, which bursts violently through the surface. This flings dangerous ice shards and small stones throughout the area, turning the surface of the ground in the spell's area into dense rubble [DMG 90]. The shards and stones deal 1d6 points of damage per caster level [maximum 15d6]. Half the damage is cold damage. The origin point of the spell must be on the ground. This spell has no effect in desert terrain or on solid stone. [SR:No; DC:24, Reflex half]

<div><div>*****Incarnum Vigor</div><div><b>[V, S (E)] TARGET:</b> One living creature; <b>EFFECT:</b> You infuse the target with incarnum laced with positive energy. He gains fast healing 1. In addition, any spell he casts that heals hit point damage heals an additional amount to each creature affected by that spell equal to your caster level or twice the healing spell's level, whichever is lower. For example, a cleric casting mass cure serious wounds would add either +14 [twice the level of the mass cure serious wounds spell] or the incarnum vigor's caster level, whichever is lower, to the healing provided to each target of the spell. <b>Essentia:</b> Every point of essentia you invest in this spell increases the fast healing granted by 1 point. <b>[SR:</b>Yes; <b>DC:</b>24, Will negates [harmless]]</div></div>	Transmutation [Incarnum]	1 standard action	12 rounds	Close (55 ft.) <div><div>*****Investiture Of The Barbed Devil</div><div><b>[V, S, M] TARGET:</b> One living creature; <b>EFFECT:</b> With brisk arcane gestures that glow with a fiery red light, you imbue a target with the might of a barbed devil, causing long thorns to sprout all over its body. You cause the target of this spell to grow a number of long barbs similar to those found on a barbed devil. While under the effect of the spell, the target does not provoke attacks of opportunity when initiating a grapple. If the subject already has improved grab or the Improved Grapple feat, it instead gains a +4 profane bonus on grapple checks. Whenever the subject successfully makes a grapple check to grab a foe, pin a foe, or deal damage, it impales its foe on its barbs, dealing extra damage based on its size. Size Damage Tiny or smaller 1d8 Small 2d8 Medium 3d8 Large 4d8 Huge 5d8 Gargantuan 6d8 Colossal 7d8 The subject also gains resistance to fire 10. This resistance stacks with the resistance granted by other evil investiture spells [but not with multiple castings of investiture of the barbed devil]. While this spell is in effect, magic weapons with the evil outsider bane special ability have full effect against the subject of the investiture. After the spell's duration expires [or if it is dispelled or ended through some other means], the subject is fatigued for 1 minute. <b>Material Component:</b> A fist-sized chunk of brimstone. <b>[SR:</b>Yes [harmless]; <b>DC:</b>24, Will negates [harmless]]</div></div>	Transmutation [Evil, Investiture]	1 standard action	1 minute/level	Close (55 ft.) You infuse a creature with the raw power of the mighty malebranche, causing it to grow twisted horns of blackened bone from its brow. While under the effect of this spell, the subject deals extra damage whenever it successfully hits with a charge attack, depending on its size. If you make a turning check before the duration expires, each undead creature that you target takes 1d8 points of damage per two caster levels you possess [maximum 10d8] in addition to effects of the turning [if any]. A creature sensitive to bright light [such as a drow, duergar, or kuo-toa] takes penalties as if it had been exposed to full daylight for 1 round if struck by the beam, even if it resists the spell's other effects. In addition to this dazzling effect, lucent lance deals damage based on the level of light available within your square. In bright light, it deals 1d6 points of damage per caster level [maximum 15d6]. In shadowy illumination, it deals 1d4 points of damage per caster level [maximum 15d4]. The attacker's attack roll is used to determine if the reversed projectile strikes the attacker, but the damage is rerolled. If the attacker is also protected by a reverse arrows spell, it is possible for the projectile to bounce between both individuals until one of the spells is discharged from accumulated damage. Once this spell has prevented a total of 10 points of damage per caster level [maximum 100 points], it is discharged. <b>Focus:</b> A piece of shell from a tortoise and a ball of tree sap. <b>[SR:</b>Yes [harmless]; <b>DC:</b>24, None; see text]</div></div>	Conjuration (Healing)	1 minute	Instantaneous	Touch	SC:p.175
<div><div>*****Sarcophagus of Stone</div><div><b>[V,S,M] TARGET:</b> Creature touched?; <b>EFFECT:</b> This spell creates an airtight stone coffin that forms around the target. The stone is 1 inch thick, has hardness 8, and requires 15 points of damage to break through. Decreasing its size does not change the thickness of the walls; the coffin is always just large enough to hold the subject. This coffin is sealed upon formation and completely impervious to air and gas. A creature trapped within a sarcophagus of stone has 1 hour worth of air, and after that time must hold its breath or begin to suffocate [DMG 304]. A creature that has no need to breathe [such as a construct, elemental, or undead] needs not fear suffocation, but it remains trapped within the sarcophagus until it breaks free or is freed. A creature within the coffin can attack the stone with a natural weapon or light melee weapon. The energy is then drawn into the holy symbol, and the corpse is placed in stasis [as the gentle repose spell] for the duration of the spell. <div><div>*****Spiritual Guardian</div><div><b>[V, S, DF] TARGET:</b> A phantasmal knight; <b>EFFECT:</b> The sound of hoofbeats begins in the distance and draws swiftly nearer. As though leaping down from an invisible charger, a translucent knight, clad head to toe in heavy plate, appears by your side. The holy symbol of your deity is emblazoned across his tabard and shield. By casting this spell, you create a translucent knight made of force. It remains within 5 feet of you at all times, constantly matching your speed and.MODE of travel-even if you are mounted or magically accelerated. Any time you are attacked, it moves to parry the attack with its shield or longsword, granting you a +6 deflection bonus to Armor Class. As a standard action in any round, you can command the knight to make a single attack against any creature within 5 feet. It strikes with its longsword, using your base attack bonus and applying your Wisdom.MDifier to the roll. The attack deals 1d8 points of force damage +1 extra point per three caster levels 10. At any point before the spell expires, you can turn the knight loose and order it to fight on its own. It then moves at a speed of 60 feet to attack any foe you designate. It continues to use your base attack bonus and your Wisdom.MDifier for its attack rolls, and it can make as many attacks per round as your base attack bonus allows. You need not concentrate on the knight as long as it is fighting a specific opponent, but commanding it to change foes requires a move action. If its opponent falls, the knight waits for your direction. Once you have turned the knight loose, you lose the deflection bonus to Armor Class that it provided, and you cannot regain it. Furthermore, the remaining duration of the spell converts from minutes per level to rounds per level on a one-to-one basis. <b>[SR:</b>No]</div></div>	Evocation	1 standard action	1 minute/level or 1 round/level; see text	5 ft. <div><div>*****Spirit Walk</div><div><b>[V, S, AF, DF] TARGET:</b> You; <b>EFFECT:</b> By focusing your energy, you are able to separate your spirit from your body, allowing it to travel anywhere on the same plane of existence. Distance is not a factor, but the locale to be visited in your spirit form must be known - a place familiar to you. While in your spirit form, you can see and hear things, just as if you were there. You can also be seen and be heard, though you are unable to actually interact in that location. You cannot cast spells through your spirit form, nor does it allow magically enhanced senses to work through it. If the chosen locale is magically dark, you see nothing. If it is naturally pitch black, you can see up to 10 feet away. Lead sheeting or magical protection [such as antimagic field, mind blank, or nondetection] blocks you from noticing individuals in the area you have traveled to, though you can feel that your senses are being blocked somehow. While your spirit is out of your body, your body is paralyzed and completely helpless. <b>Arcane Focus:</b> A quartz or obsidian figurine.</div></div>	Necromancy	1 hour	1 round/level [D]	Personal	DCS:p.112

You are immune to blindness, extra damage from critical hits, ability score damage, deafness, disease, drowning, poison, stunning, and all spells or attacks that affect your physiology or respiration, because you have no physiology or respiration while this spell is in effect. You gain a +4 enhancement bonus to Strength, but you take a -4 penalty to Dexterity [minimum Dexterity 1]. Your speed is reduced to one-half normal, and your weight increases by a factor of three. to mud, you are slowed for 2d6 rounds with no saving throw. A transmute mud to rock heals you of all your lost hit points. A stone to flesh spell cast on you automatically ends this spell. Arcane Material Component: A small piece of stone that was once part of a stone golem, a greater earth elemental, or a castle's outer wall.					
☐☐☐☐☐ <b>Stone Metamorphosis, Greater</b>	Transmutation [Earth]	1 standard action	Instantaneous	Touch	Und:p.61

☐☐☐☐☐ <b>*Stoneskin</b>	Abjuration [WujenEarth, Earth Shugenja]	1 standard action	120 minutes or until discharged	Touch	PH:p.284
[V, S, M] <b>TARGET:</b> Creature touched; <b>EFFECT:</b> The warded creature gains resistance to blows, cuts, stabs, and slashes. The subject gains damage reduction 10/adamantine. [It ignores the first 10 points of damage each time it takes damage from a weapon, though an adamantine weapon bypasses the reduction.] Once the spell has prevented a total of 10 points of damage per caster level [maximum 150 points], it is discharged. Material Component: Granite and 250 gp worth of diamond dust sprinkled on the target's skin. [SR:Yes (harmless); DC:24, Will negates (harmless)]					
☐☐☐☐☐ <b>Storm of Shards</b>	Evocation [Good]	1 standard action	Instantaneous	0 ft.	BE:p.108
[V, S, Sacrifice] <b>TARGET:</b> 80-ft.-radius spread; <b>EFFECT:</b> Shards of heavenly light rain down from above. Evil creatures within the spell's area that fail a Fortitude save are blinded permanently. The light shards also slice the flesh of evil creatures, dealing 1d6 points of damage per caster level [maximum 20d6]. A successful Reflex save halves the damage, which is of divine origin. Sacrifice: 1d3 points of Strength drain. [SR:Yes; DC:24, Fortitude negates (blinding) and Reflex half (shards)]					
☐☐☐☐☐ <b>Subvert Planar Essence</b>	Transmutation	1 standard action	1 round/level	Medium (220 ft.)	SC:p.211
[V,S,DF] <b>TARGET:</b> 20-ft.-radius emanation centered on a point in space; <b>EFFECT:</b> Outsiders within the emanation of a subvert planar essence spell find their connection disrupted with the planar forces that created them. Outsiders that fail their saves have their damage reduction and spell resistance each reduced by 10. For example, a barbed devil subject to subvert planar essence would have no damage reduction and spell resistance 13, while a pit fiend would have damage reduction 5/good and silver, and spell resistance 22. An outsider attempts a Fortitude save and checks spell resistance when it first enter the spell's area. If it makes the save or the spell fails to overcome its spell resistance, that creature is thereafter unaffected by this casting of subvert planar essence and can enter and exit the spell area without making further saves. Outsiders that fail their saves and have their spell resistance overcome by the spell are affected as long as they remain within the spell's area, and they are automatically affected if they leave and reenter the area. Arcane Material Component: A tuning fork made from cold iron. [SR:Yes; DC:24, Fortitude negates]					
☐☐☐☐☐ <b>Summon Babau Demon</b>	Conjuration (Summoning) [Chaotic, Evil]	1 round	Concentration, up to 1 round/level + 1 roiClose (55 ft.)		SC:p.213
[V,S,DF] <b>TARGET:</b> One summoned babau demon; <b>EFFECT:</b> This spell summons a babau demon [MM 40] from the Infinite Layers of the Abyss. It appears where you designate and acts immediately, on your turn. It understands your speech [regardless of your language], and it follows your commands to the best of its ability. You must concentrate to maintain the spell's effect, but commanding the creature is a free action. A summoned creature cannot summon or otherwise conjure another creature, nor can it use any teleportation or planar travel abilities. [SR:No]					
☐☐☐☐☐ <b>Summon Monster VI</b>	Conjuration (Summoning)	1 round	12 rounds [D]	Close (55 ft.)	PH:p.287
[V, S, F/DF] <b>TARGET:</b> One or more summoned creatures, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like summon monster I, except you can summon one creature from the 6th-level list, 1d3 creatures of the same kind from the 5th-level list, or 1d4+1 creatures of the same kind from a lower-level list. [SR:No]					
☐☐☐☐☐ <b>Sun Scepter</b>	Conjuration (Creation) [Lawful, Light]	1 standard action	12 rounds [D]	0 ft.	LE:p.34
[V, S, DF] <b>TARGET:</b> Scepter of light; <b>EFFECT:</b> Scepter of light functions as a melee weapon with the Axiomatic, Disruption, and Flaming Burst special abilities. [SR:No]					
☐☐☐☐☐ <b>Suppress Glyph</b>	Abjuration	1 standard action	1 minute/level	100 ft.	SC:p.216
[V,S,TARGET: 100-ft.-radius emanation centered on you; <b>EFFECT:</b> You gain an enhanced awareness of magical writing within range. Magical writing such as a glyph of warding, explosive runes, sepia snake sigil, or symbol is covered by a blue nimbus of light [which sheds light equal to a candle]. This effect reveals the location of the writing without triggering it. For every source of magical writing, you can make a dispel check 10 against a DC equal to 11 + the writing's caster level. If you are successful, the magical writing is suppressed for 1 minute per caster level. You and other creatures could then read a book warned by explosive runes, or open a drawer guarded by a glyph of warding, or pass through a doorway protected by a symbol without effect. This spell covers and negates any active or triggered magical writing [such as a quickly scribed symbol of fear or a triggered symbol of death], although creatures that have already succumbed to the effect of the writing are unaffected. Once this spell ends, all magical writing in the area can be triggered normally, and active or triggered writings resume their function if they have any duration left. [SR:Yes [object]; DC:24, Will negates [object]]					
☐☐☐☐☐ <b>Symbol of Fear</b>	Necromancy [Fear, Mind-Affecting]	10 minutes	See text	0 ft.; see text	PH:p.290
[V, S, M] <b>TARGET:</b> One symbol; <b>EFFECT:</b> This spell functions like symbol of death, except that all creatures within 60 feet of the symbol of fear instead become panicked for 1 round per caster level. Note: Magic traps such as symbol of fear are hard to detect and disable. A rogue [only] can use the Search skill to find a symbol of fear and Disable Device to thwart it. The DC in each case is 25 + spell level, or 31 for symbol of fear. Material Component: Mercury and phosphorus, plus powdered diamond and opal with a total value of at least 1,000 gp. [SR:Yes; DC:24, Will negates]					
☐☐☐☐☐ <b>Symbol of Persuasion</b>	Enchantment (Charm) [Mind-Affecting]	10 minutes	See text	0 ft.; see text	PH:p.290
[V, S, M] <b>TARGET:</b> One symbol; <b>EFFECT:</b> This spell functions like symbol of death, except that all creatures within the radius of a symbol of persuasion instead become charmed by the caster [as the charm monster spell] for 1 hour per caster level. Unlike symbol of death, symbol of persuasion has no hit point limit; once triggered, a symbol of persuasion simply remains active for 10 minutes per caster level. Note: Magic traps such as symbol of persuasion are hard to detect and disable. A rogue [only] can use the Search skill to find a symbol of persuasion and Disable Device to thwart it. The DC in each case is 25 + spell level, or 31 for symbol of persuasion. Material Component: Mercury and phosphorus, plus powdered diamond and opal with a total value of at least 5,000 gp. [SR:Yes; DC:24, Will negates]					
☐☐☐☐☐ <b>Symbol of Thirst</b>	Enchantment (Compulsion) [Mind-Affecting]	10 minutes	See text	0 ft; see text	Sa:p.123-124

☐☐☐☐☐ <b>Thousand Needles</b>	Conjuration (Creation) [Evil]	1 standard action	1 minute/level	Medium (220 ft.)	BV:BoVD
[V, S, M] <b>TARGET:</b> one living creature; <b>EFFECT:</b> Subject takes 2d6 damage and -4 penalty on attacks, saves and checks. [SR:Yes; DC:24, Fortitude partial]					
☐☐☐☐☐ <b>Touch of Adamantine</b>	Transmutation	1 standard action	1 minute/level	Touch	BE:p.110
[V, S] <b>TARGET:</b> Weapon touched; <b>EFFECT:</b> This spell grants one weapon the properties of an adamantine weapon. The weapon gains a +1 enhancement bonus on attack rolls [as though it was a masterwork weapon] and bypasses hardness when striking objects or sundering weapons, ignoring hardness less than 20. The affected weapon also has one-third more hit points than normal for the duration of the spell. You can't cast this spell on a natural weapon, such as an unarmed strike. A monk's unarmed strike is considered a weapon, and thus it can be enhanced by this spell. If the weapon is made of another special material [cold iron or silver, for example], it loses the benefits of its original special material for the spell's duration. Touch of adamantine cannot be made permanent with a permanency spell. [SR:Yes (object, harmless); DC:24, Will negates (object, harmless)]					
☐☐☐☐☐ <b>Undeath to Death</b>	Necromancy	1 action	Instantaneous	Medium (220 ft.)	Mag:p.130
[V, S, M/DF] <b>TARGET:</b> Several undead creatures within a 50-ft.-radius burst; <b>EFFECT:</b> Undeath to death snuffs out the animating forces of undead creatures, killing them instantly. The spell slays 1d4 HD worth of undead creatures per caster level [maximum 20d4]. Creatures with the fewest HD are affected first; among creatures with equal HD, those closest to the point of origin of the burst are affected first. Material Component: The powder of a crushed diamond worth at least 500 gp. This spell functions like circle of death, except that it destroys undead creatures as noted above. Material Component: The powder of a crushed diamond worth at least 500 gp. [SR:Yes; DC:24, Will negates]					
☐☐☐☐☐ <b>Valiant Steed</b>	Conjuration (Calling) [Good]	1 hour	Instantaneous; see text	Close (55 ft.)	BE:p.110
[V, S, Sacrifice] <b>TARGET:</b> Calls 1 pegasus or unicorn; <b>EFFECT:</b> The caster calls a special servant of the exalted god Valarian-either a pegasus or unicorn-to her location. The creature serves the caster for up to a year, during which time the caster may dismiss it at any time. It is intelligent, so the caster can assign it complex tasks. Although useful as a mount, it will not undertake a quest or otherwise take on complex burdens beyond the supervision of the caster. If the caster attempts to conjure another creature using this spell, the one called previously returns to its home. Sacrifice: 1d3 points of Strength drain. [SR:No]					
☐☐☐☐☐ <b>Vengeance Halo</b>	Abjuration [Good]	1 standard action	1 minute/level	Close (55 ft.)	BE:p.111
[V, S, DF, Abstinence] <b>TARGET:</b> One good-aligned creature; see text; <b>EFFECT:</b> A luminous ring of holy power appears above the head of a good creature and remains in place until the spell expires or the creature is slain [reduced to -10 hp]. If the latter event occurs, the halo discharges an arc of divine energy that deals 1d6 points of damage per caster level [maximum 20d6] to the target's slayer. The creature subject to the attack can make a Reflex save to reduce the damage by half. Once the vengeance halo unleashes its energy, it disappears and the spell ends. Abstinence Component: You must abstain from alcohol for 1 week prior to casting this spell. [SR:No; DC:24, None or Reflex half; see text]					
☐☐☐☐☐ <b>Vigorous Circle</b>	Conjuration (Healing)	1 standard action	10 rounds + 1 round/level [max 40]	20 ft.	SC:p.229
[V,S] <b>TARGET:</b> One creature/2 levels, no two of which can be more than 30 ft. apart; <b>EFFECT:</b> This spell functions like mass lesser vigor, except as noted here and that it grants fast healing 3. [SR:Yes [harmless]; DC:24, Will negates [harmless]]					
☐☐☐☐☐ <b>Visage of the Deity</b>	Transmutation	1 standard action	1 round/level	Personal	SC:p.230
[V,S,DF] <b>TARGET:</b> You; <b>EFFECT:</b> This spell functions like lesser visage of the deity, except that you take on many qualities of a celestial or fiendish creature, as follows. . You take on a shining, metallic appearance [for good clerics] or a more fearsome appearance [for evil clerics]. . You gain the ability to smite evil [for good clerics] or good [for evil clerics] once a day. Add your Charisma modifier to your attack roll and your character level to your damage roll against a foe of the appropriate alignment . . You gain darkvision out to 60 feet . . You gain resistance to acid 20, cold 20, and electricity 20 [for good clerics] or resistance to cold 20 and fire 20 [for evil clerics]. . You gain damage reduction 10/ magic. . You gain spell resistance 20. Your creature type does not change [you do not become an outsider].					
☐☐☐☐☐ <b>Weight of Sin</b>	Evocation	1 standard action	Instantaneous, then 1 round/level or per	Medium (220 ft.)	CC:p.129
[V, S] <b>TARGET:</b> One creature; <b>EFFECT:</b> You use the raw power of your deity to reach into your target's soul and pull forth its sins, leaving their horror exposed for all to see. You affect the target differently based on how its alignment compares to your own. If the target's alignment is the same as yours, weight of sin has no effect. If the target's alignment differs from yours but contains no directly opposing components [for example, the target is neutral good and you are lawful neutral], the spell deals 1 point of damage per caster level [maximum 15] and has no secondary effect. If the target's alignment has one aspect opposed to yours 0, but not both, the spell deals 1d4 points of damage per caster level [maximum 15d4], and the subject suffers a minor secondary effect [see the table above]. If the target's alignment is diametrically opposed to yours 0, the spell deals 1d6 points of damage per caster level [maximum 15d6], and the subject suffers a MODerate secondary effect [see the table below]. If you cast this spell on the same target in 2 consecutive rounds, any secondary effect the spell has increases by one "step" in severity. That is, if the spell caused a minor effect on the first casting, it now causes a MODerate effect, and if it caused a MODerate effect, it now causes a major effect. Minor and MODerate effects end in 1 round per caster level, but major effects are permanent until dispelled. In all cases, the subject is entitled to a Fortitude save for half damage, and then a Will save to negate the secondary effect, if any. The target is entitled to this Will save even if the spell duplicated by the secondary effect normally does not permit one. [SR:Yes; DC:24, Fortitude partial, then Will partial; see text]					
☐☐☐☐☐ <b>Wind Walk</b>	Transmutation [Air, Air Shugenja]	1 standard action	12 hours [D]; see text	Touch	PH:p.302
[V, S, DF] <b>TARGET:</b> You and 4 touched creatures; <b>EFFECT:</b> You alter the substance of your body to a cloudlike vapor [as the gaseous form spell] and move through the air, possibly at great speed. You can take other creatures with you, each of which acts independently. Normally, a wind walker flies at a speed of 10 feet with perfect maneuverability. If desired by the subject, a magical wind wafts a wind walker along at up to 600 feet per round [60 mph] with poor maneuverability. Wind walkers are not invisible but rather appear misty and translucent. If fully clothed in white, they are 80% likely to be mistaken for clouds, fog, vapors, or the like. A wind walker can regain its physical form as desired and later resume the cloud form. Each change to and from vaporous form takes 5 rounds, which counts toward the duration of the spell [as does any time spent in physical form]. As noted above, you can dismiss the spell, and you can even dismiss it for individual wind walkers and not others. For the last minute of the spell's duration, a wind walker in cloud form automatically descends 60 feet per round [for a total of 600 feet], though it may descend faster if it wishes. This descent serves as a warning that the spell is about to end. [SR:No and Yes (harmless); DC:24, No and Will negates (harmless)]					
☐☐☐☐☐ <b>Word of Recall</b>	Conjuration (Teleportation)	1 standard action	Instantaneous	Unlimited	PH:p.303
[V] <b>TARGET:</b> You and touched objects or other willing creatures; <b>EFFECT:</b> Word of recall teleports you instantly back to your sanctuary when the word is uttered. You must designate the sanctuary when you prepare the spell, and it must be a very familiar place. The actual point of arrival is a designated area no larger than 10 feet by 10 feet. You can be transported any distance within a plane but cannot travel between planes. You can transport, in addition to yourself, any objects you carry, as long as their weight doesn't exceed your maximum load. You may also bring one additional willing Medium or smaller creature [carrying gear or objects up to its maximum load] or its equivalent per three caster levels. A Large creature counts as two Medium creatures, a Huge creature counts as two Large creatures, and so forth. All creatures to be transported must be in contact with one another, and at least one of those creatures must be in contact with you. Exceeding this limit causes the spell to fail. An unwilling creature can't be teleported by word of recall. Likewise, a creature's Will save [or spell resistance] prevents items in its possession from being teleported. Unattended, nonmagical objects receive no saving throw. [SR:No or Yes (harmless, object); DC:24, None or Will negates (harmless, object)]					
☐☐☐☐☐ <b>Zealot Pact</b>	Evocation	10 minutes	Permanent until triggered, then 1 round/Touch		SC:p.244
[V,S,DF,XP] <b>TARGET:</b> Willing living creature touched; <b>EFFECT:</b> Once this spell is cast, the zealot pact remains dormant until the subject successfully hits a foe whose alignment is exactly opposite that of your deity. The subject's subsequent melee attacks gain a +4 bonus and deal double damage. Once the spell is active, the subject must attack foes of opposite alignment every round if able to do so, or the spell effect ends. The subject knows which creatures within 60 feet are of opposite alignment. If you create a zealot pact with a neutral deity [such as Obad-Hai], choose one alignment from among the following that triggers the zealot pact: lawful good, lawful evil, chaotic evil, or -chaotic good. A creature can be subject to only one zealot pact at a time. Casting zealot pact on a subject that already has an untriggered zealot pact voids the earlier pact. XP Cost: 500 XP.
